Title: Tribal Child Support Direct Funding Regulation—Final.

OMB No.: 0970-0218.

Description: This final rule contains reporting requirements as proposed at 45 CFR part 309. As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)), the Administration for Children and Families submitted the requirements to the Office of Management and Budget (OMB) for its review.

Part 309 contains a regulatory requirement that, in order to receive funding for an independent Tribal IV-D program, a Tribe or Tribal organization must submit an application containing Standard Forms 424 and 424A and a plan describing how the Tribe or Tribal organization meets or plans to meet the objectives of section

455(f) of the Act, including establishing paternity, establishing, modifying, and enforcing support orders, and locating noncustodial parents. Tribes and Tribal organizations must respond if they wish to operate a Federally funded program. In addition, any Tribe or Tribal organization participating in the program would be required to submit Standard Form 269A and form OCSE 34A and to submit statistical and narrative reports regarding its Tribal IV-D program.

Respondents: The potential respondents to these information collection requirements are approximately 10 Federally recognized Tribes and Tribal organizations, during year 1; 65 additional Federally recognized Tribes and Tribal organizations during Year 2; and 75 additional Federally recognized Tribes and Tribal organizations during Year 3; for a three-year total of 150 grantees. Title: Refugee State-of-Origin Report.
OMB No.: 0970-0043.

Description: The information collection of the ORR-11 (Refugee State-of-Origin-Report) is designed to satisfy the statutory requirements of the Immigration and Nationality Act (the Act). Section 412(a)(3) of the Act requires the Office of Refugee Resettlement (ORR) to compile and maintain data on the secondary migration of refugees within the United States (U.S.) after arrival.

In order to meet this legislative requirement, ORR requires each State to submit an annual count of the number of refugees who were initially resettled in another State. The State does this by counting the number of refugees with Social Security numbers indicating residence in another State at the time of arrival in the U.S. (The first three digits of the Social Security number indicate the State of residence of the applicant.)

Data submitted by the States are compiled and analyzed by the ORR statistician, who then prepares a summary report which is included in ORR's Annual Report to Congress. The primary use of data is to quantify and analyze refugee secondary migration among the 50 States. ORR uses these data to adjust its refugee arrival totals in order to calculate the ORR social services allocation.

Respondents: State, Local or Tribal.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
ORR-11	50	1	4.333	217
