

- Education services—limitation to “only privately funded services”: the EC’s limitation is now extended also to Austria.

c. *Space Transport*

- The commitment included in the schedule of Austria is withdrawn.

(2) MFN Exemptions

In its communication of July 10, 2003 the EC also proposed a consolidated list of GATS Article II MFN exemptions for the EC 15 that in essence would extend the coverage of the EC’s existing MFN exemptions to Austria, Sweden and Finland. According to the EC’s notification, the only modifications or withdrawals of specific commitments are those listed in the Annex attached to the notification, which does not refer to the EC’s MFN exemptions. The United States therefore believes that the EC’s MFN exemptions are not within the scope of its GATS Article V notification and has requested that the EC provide clarification of the procedural and legal basis for any changes in its MFN exemption list.

(3) Applicable GATS Requirements

Article V of the GATS provides that the GATS does not prevent a WTO Member from being a party to an economic integration agreement liberalizing trade in services provided that, *inter alia*, the agreement has substantial sectoral coverage and provides for the absence or elimination of substantially all discrimination between the parties in the sectors covered by such an agreement. Paragraph 5 of Article V provides that if such an agreement is later enlarged or significantly modified, and a WTO Member intends to modify or withdraw a specific GATS commitment as a result, it must provide 90 days advance notice of such modification and follow the applicable procedures set out in GATS Article XXI. Paragraph 2 of Article XXI provides that WTO Members who believe they may be affected by the proposed modification of commitments can request negotiations with the modifying Member with the purpose of reaching an agreement on compensation for the proposed modification.

While Article XXI covers modification and withdrawal of specific GATS commitments, it does not address modifications to a WTO Member’s MFN exemptions pursuant to GATS Article II. The GATS Annex on MFN exemptions provides that any modifications to a WTO Member’s MFN exemptions, after entry into force of the Agreement Establishing the WTO (“WTO Agreement”), require a Member to seek a waiver pursuant to Article IX of the

WTO Agreement. The EC’s communication of July 10, 2003 did not address the issue of whether it intends to seek a waiver for its proposed consolidated list of MFN exemptions.

(4) Accessing the Schedules of Specific Commitments and Lists of MFN Exemptions

The EC’s proposed consolidated schedule of specific commitments and consolidated list of MFN exemptions for the EC 15 are restricted WTO documents. The public therefore is advised to examine the existing GATS schedules of specific commitments and lists of MFN exemptions of the EC, Austria, Finland and Sweden to determine whether changes implied through consolidation of the schedules and lists would impact U.S. commercial interests. The existing schedules and lists are accessible through the WTO’s Services Database Web site, <http://tsdb.wto.org/wto/WTOHomepublic.htm>. From that site, click on “Pre-defined Reports” and then “All Sectors in Each Country.”

2. Requirements for Submissions

To ensure prompt and full consideration of responses, USTR strongly recommends that interested persons submit comments by electronic mail to the following e-mail address: FR0091@ustr.gov. Persons making submissions by e-mail should use the following subject line: “Services Accession Austria, Finland and Sweden.” Documents should be submitted in WordPerfect, MSWord, or text (.TXT) files. Supporting documentation submitted as spreadsheets is acceptable in Quattro Pro or Excel format. For any document containing business confidential information submitted electronically, the file name of the business confidential version should begin with the characters “BC-”, and the file name of the public version should begin with the character “P-”. The “P-” or “BC-” should be followed by the name of the submitted information. Persons who make submissions by e-mail should not provide separate cover letters; information that might appear in a cover letter should be included in the submission itself. To the extent possible, any attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Written submissions will be placed in a file open to public inspection pursuant to 15 CFR 2003.5, except confidential business information exempt from public inspection in accordance with 15 CFR 2003.6 must be

clearly marked “Business Confidential” at the top of each page, including any cover letter or cover page, and must be accompanied by a non-confidential summary of the confidential information. All public documents and non-confidential summaries will be available for public inspection in the USTR Reading Room in Room 3 of the Annex of the Office of the USTR, 1724 F Street, NW., Washington, DC 20508. An appointment to review the file may be made by calling (202) 395-6186. The USTR Reading Room is generally open to the public from 10 a.m.–12 noon and 1–4 p.m., Monday through Friday. Appointments must be scheduled at least 48 hours in advance.

Notice of Intent and Request for Comment

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of Intent (NOI) to prepare a Programmatic Environmental Impact Statement for licensing launches of horizontally launched vehicles and reentries of reentry vehicles.

SUMMARY: The FAA is publishing this notice to announce its intent to prepare a Programmatic Environmental Impact Statement (PEIS) in accordance with the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality implementing regulations. This NOI also serves as an official request for comments in preparation of the PEIS. This PEIS will assess environmental impacts associated with the proposed action, reasonable alternatives including those identified during scoping, the no action alternative, and cumulative impacts. This PEIS will support decisions made to meet the FAA's responsibility to license commercial launches and reentries and launch and reentry site operations consistent with public health and safety, safety of property, and the national security and foreign policy interests of the United States. Issuing a launch or reentry license is considered a Federal action and is therefore subject to NEPA review.

Proposed Action and Possible Alternatives: The proposed action for this PEIS is to license the launch and landing of horizontally launched vehicles and the reentry of reentry vehicles. Reentry vehicles are defined as vehicles designed to return from Earth orbit or outer space to Earth; or reusable launch vehicles designed to return substantially intact from Earth orbit or outer space to Earth. A launch is defined as to place or try to place a launch vehicle or reentry vehicle and any payload from Earth (A) in a
