

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 17, 2003. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Particulate matter, Reporting and recordkeeping requirements.

Dated: July 25, 2003.

Bharat Mathur,

Acting Regional Administrator, Region 5.

■ Title 40 of the Code of Federal Regulations, chapter I, part 52, is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

■ 2. Section 52.2570 is amended by adding paragraph (c)(109) to read as follows:

§ 52.2570 Identification of plan.

* * * * *

(c) * * *

(109) On October 7, 2002, the Wisconsin Department of Natural Resources submitted a State Implementation Plan (SIP) revision for the control of emissions of particulate matter (PM) in the state of Wisconsin. This revision will allow certain state designated nonattainment areas for total suspended particulates (TSP) to be redesignated to attainment while retaining the emission limits and control requirements which helped lower PM concentrations in those areas. Specifically, EPA is approving into the PM SIP certain provisions to chapter NR 415, Wisconsin Administrative Code, and repealing sections NR 415.04(5), NR 415.05(5) and NR 415.06(5).

(i) *Incorporation by reference.* The following sections of the Wisconsin Administrative Code are incorporated by reference.

(A) NR 415.035 as created and published in the (Wisconsin) Register,

October 2001, No. 550, effective November 1, 2001.

(B) NR 415.04(2)(intro.), NR 415.04(3)(intro.), NR 415.04(3)(a), NR 415.04(4)(intro.), NR 415.04(4)(b), NR 415.05(3)(intro.), NR 415.06(3)(intro.), NR 415.06(4), and NR 415.075(3)(intro.) as amended and published in the (Wisconsin) Register, October 2001, No. 550, effective November 1, 2001.

[Region 2 Docket No. NJ56-250w, FRL-7559-3]

Approval and Promulgation of Implementation Plans; Reasonably Available Control Technology for Oxides of Nitrogen for Specific Sources in the State of New Jersey; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to receipt of an adverse comment, EPA is withdrawing the direct final rule which approved revisions to the New Jersey State Implementation Plan for ozone. The direct final rule was published on August 11, 2003 (68 FR 47477), approving eight (8) source-specific reasonably available control technology (RACT) determinations for controlling oxides of nitrogen (NO_x). As stated in the direct final rule, if adverse comments were received by September 10, 2003, a timely withdrawal would be published in the **Federal Register**. EPA subsequently received an adverse comment. EPA will address the comments in a subsequent final action based upon the proposed action also published on August 11, 2003 (68 FR 47532). EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 68 FR 47477 is withdrawn on September 16, 2003.

FOR FURTHER INFORMATION CONTACT: Anthony (Ted) Gardella, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007-1866, (212) 637-3892 or at Gardella.Anthony@epa.gov.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[NC 105-200331a; FRL-7559-5]

Approval and Promulgation of Implementation Plans, North Carolina: Approval of Miscellaneous Revisions to Regulations Within the Forsyth County Local Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving revisions to the Forsyth County Environmental Affairs Department Local Implementation Plan (LIP), submitted to EPA through the North Carolina Department of Environment and Natural Resources. These revisions to the Forsyth County LIP submitted March 28, 2003, include: amending or adding regulations relating to indirect heat exchangers, cotton ginning operations, bulk gasoline terminals, gasoline truck tanks and vapor collection systems and activities exempt from permit requirements and other miscellaneous rules within, the Air Pollution Control Requirements subchapter. The purpose of these revisions is to make the revised regulations consistent with the requirements of the Clean Air Act.

DATES: This direct final rule is effective November 17, 2003 without further notice, unless EPA receives adverse comment by October 16, 2003. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Comments may be submitted by mail to: Rosymar De La Torre Colón, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street,

SW., Atlanta, Georgia 30303–8960. Comments may also be submitted electronically, or through hand delivery/courier. Please follow the detailed instructions described in sections I.B.1.i. through iii. of the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: Rosymar De La Torre Colón, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. The telephone number is (404) 562–8965. Ms. De La Torre Colón can also be reached via electronic mail at delatorre.rosymar@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. How Can I Get Copies of This Document and Other Related Information?

1. The Regional Office has established an official public rulemaking file available for inspection at the Regional Office. EPA has established an official public rulemaking file for this action under NC 105. The official public file consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public rulemaking file does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public rulemaking file is the collection of materials that is available for public viewing at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 9 to 3:30, excluding Federal holidays.

2. Copies of the State submittal and EPA's technical support document are also available for public inspection during normal business hours, by appointment at the State Air Agency. North Carolina Department of Environment and Natural Resources, 512 North Salisbury Street, Raleigh, North Carolina 27604. Forsyth County Environmental Affairs Department, 537 North Spruce Street, Winston-Salem, North Carolina 27101.

3. **Electronic Access.** You may access this **Federal Register** document electronically through the *Regulation.gov* Web site located at <http://www.regulations.gov> where you can find, review, and submit comments on Federal rules that have been published in the **Federal Register**, the Government's legal newspaper, and are open for comment.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at the EPA Regional Office, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in the official public rulemaking file. The entire printed comment, including the copyrighted material, will be available at the Regional Office for public inspection.

B. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate rulemaking identification number by including the text "Public comment on proposed rulemaking NC 105 in the subject line on the first page of your comment." Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

1. **Electronically.** If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that

is placed in the official public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. **E-mail.** Comments may be sent by electronic mail (e-mail) to delatorre.rosymar@epa.gov, please including the text "Public comment on proposed rulemaking NC 105 in the subject line." EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly without going through *Regulations.gov*, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket.

ii. **Regulation.gov.** Your use of *Regulation.gov* is an alternative method of submitting electronic comments to EPA. Go directly to *Regulations.gov* at <http://www.regulations.gov>, then select Environmental Protection Agency at the top of the page and use the go button. The list of current EPA actions available for comment will be listed. Please follow the online instructions for submitting comments. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

iii. **Disk or CD ROM.** You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Section 2, directly below. These electronic submissions will be accepted in WordPerfect, Word or ASCII file format. Avoid the use of special characters and any form of encryption.

2. **By Mail.** Send your comments to: Rosymar De La Torre Colón, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. Please include the text "Public comment on proposed rulemaking NC 105 in the subject line on the first page of your comment."

3. **By Hand Delivery or Courier.** Deliver your comments to: Rosymar De La Torre Colón; Regulatory Development Section; Air Planning Branch; Air, Pesticides and Toxics Management Division 12th floor; U.S. Environmental Protection Agency Region 4; 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. Such deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are

Monday through Friday, 9 to 3:30 excluding Federal holidays.

C. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically to EPA. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the official public regional rulemaking file. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public file and available for public inspection without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.
8. To ensure proper receipt by EPA, identify the appropriate regional file/rulemaking identification number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

II. Background

On March 28, 2003, the Forsyth County Environmental Affairs

Department, through the North Carolina Department of Environment and Natural Resources, submitted revisions to the Forsyth county LIP. These revisions include the amending of regulations relating to ozone, indirect heat exchangers, cotton ginning operations, bulk gasoline terminals, gasoline truck tanks and vapor collection systems and activities exempt from permit requirements and other miscellaneous rules within, the Forsyth County LIP. A detailed analysis of each of the major revisions submitted is listed below.

III. Analysis of Forsyth County's Submittal

Subchapter 3D—Air Pollution Control Requirements

Section .0500 Emission Control Standards

.0504 Particulates From Wood Burning Indirect Heat Exchangers

This rule was recodified to reference a new paragraph (f).

.0542 Control of Particulate Emissions From Cotton Ginning Operations

Added language that allows for establishing control requirements for particulate emissions operations. This applies to all new, existing and modified facilities. Monitoring is required to insure all operating devices are functioning properly. Alternate control measures were established along with recordkeeping guidelines.

Section .0900 Volatile Organic Compounds

.0927 Bulk Gasoline Terminals

This rule was revised to add paragraph (m) stating: The owner or operator of a bulk gasoline terminal shall have on file a copy of the certification test conducted according to Rule .0932 of this Section for each gasoline tank truck loaded at the terminal.

.0932 Gasoline Trucks, Tanks and Vapor Collection Systems

This rule was added to detail recordkeeping processes for certification test conducted and defining bulk gasoline terminals.

Subchapter 3Q

Section .0100 General Provisions

.0102 Activities Exempted From Permit Requirements

This rule was amended to provide a list of specific activities that are exempt from permit requirements including generators and self-propelled vehicles.

IV. Final Action

EPA is approving the aforementioned changes to the SIP.

The EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should adverse comments be filed. This rule will be effective November 17, 2003 without further notice unless the Agency receives adverse comments by October 16, 2003.

If the EPA receives such comments, then EPA will publish a document withdrawing the final rule and informing the public that the rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. The EPA will not institute a second comment period. Parties interested in commenting should do so at this time. If no such comments are received, the public is advised that this rule will be effective on November 17, 2003 and no further action will be taken on the proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

V. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small

governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be

inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 17, 2003. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time

within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Particulate matter, Reporting and recordkeeping requirements, and Volatile organic compounds.

Dated: August 28, 2003.

A. Stanley Meiburg,

Acting, Regional Administrator, Region 4.

■ Chapter I, title 40, *Code of Federal Regulations*, is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart II—North Carolina

■ 2. Section 52.1770(c) Table 2 is amended:

■ a. Under Subchapter 3D by revising entries for ".0504", ".0927" and ".0932".

■ b. Under Subchapter 3D by adding in numerical order a new entry for ".0542".

■ c. Under Subchapter 3Q by revising entry for ".0102".

The revisions and addition read as follows:

§ 52.1170 Identification of plan.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52****[CA–271–0412a; FRL–7551–8]****Revisions to the California State Implementation Plan, Monterey Bay Unified and San Joaquin Valley Unified Air Pollution Control Districts****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Direct final rule.

SUMMARY: EPA is taking direct final action to approve revisions to the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) and the Monterey Bay Unified Air Pollution Control District (MBUAPCD) portions of the California State Implementation Plan (SIP). These revisions concern volatile organic compounds (VOC) emissions from organic solvents, animal reduction, leather processing, and industries coating glass products. We are approving and rescinding local rules that regulate these emissions sources under authority of the Clean Air Act as amended in 1990 (CAA or the Act)).

DATES: This rule is effective on November 17, 2003 without further

notice, unless EPA receives adverse comments by October 16, 2003. If we receive such comment, we will publish a timely withdrawal in the **Federal Register** to notify the public that this rule will not take effect.

ADDRESSES: Mail comments to Andy Steckel, Rulemaking Office Chief (AIR–4), U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901 or email to steckel.andrew@epa.gov.

You can inspect copies of the submitted SIP revisions and EPA's technical support documents (TSDs) at our Region IX office during normal business hours. You may also see copies of the submitted SIP revisions at the following locations:

Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, Room B–102, 1301 Constitution Avenue, NW., (Mail Code 6102T), Washington, DC 20460.

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 1001 “I” Street, Sacramento, CA 95814.

Monterey Bay Unified Air Pollution Control District, 24580 Silver Cloud Ct., Monterey, CA 93940–6536.

San Joaquin Valley Air Pollution Control District, 1990 E. Gettysburg, Fresno, CA 93726.

A copy of the rules may also be available via the Internet at [http://](http://www.arb.ca.gov/drdb/drdbtxt.htm)

www.arb.ca.gov/drdb/drdbtxt.htm.

Please be advised that this is not an EPA Web site and may not contain the same version of the rules that were submitted to EPA.

FOR FURTHER INFORMATION CONTACT: Cynthia G. Allen, EPA Region IX, (415) 947–4120.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to EPA.
