

required data, this Notice of Intent to Suspend is being issued.

B. Boric Acid and its Sodium Salts

On February 16, 1994, the Agency issued the Phase 5 Reregistration Eligibility Document Data Call-In Notice pursuant to sections 4(g)(2)(B) and 3(c)(2)(B) of FIFRA which required the registrants of products containing boric acid and its sodium salts used as an active ingredient to develop and submit certain data. These data/information were determined to be necessary to satisfy reregistration requirements of section 4(g). Failure to comply with the requirements of a Phase 5 Reregistration Eligibility Document Data Call-In Notice is a basis for suspension under section 3(c)(2)(B) of FIFRA.

Care-Flex One-Year Guarantee Company received the Boric Acid and Its Sodium Salts Reregistration Eligibility Document (RED) on March 11, 1994, as evidenced by a U.S. Postal Service green card. The Agency has not received either the 90-day response or the 8-month response to the Boric Acid and Its Sodium Salts RED for the product EPA Registration Number 66680-1. The 90-day response was due on June 11, 1994, and the 8-month response was due on November 11, 1994. The Agency has sent two follow-up letters to the registrant dated April 22, 2002 and August 19, 2002, respectively, and those letters were received by the registrant on April 27, 2002, and August 23, 2002, respectively, as evidenced by the U.S. Postal Service green cards. To date, the registrant has not responded.

Because Care-Flex One-Year Guarantee Company has not submitted the required DCI/RED responses and data, the Agency is issuing this Notice of Intent to Suspend.

C. Methyl Nonyl Ketone

On February 28, 1996, the Agency issued the Phase 5 Reregistration Eligibility Document Data Call-In Notice pursuant to sections 4(g)(2)(B) and 3(c)(2)(B) of FIFRA which required the registrants of products containing Methyl Nonyl Ketone used as an active ingredient to develop and submit certain data. These data/information were determined to be necessary to satisfy reregistration requirements of section 4(g). Failure to comply with the requirements of a Phase 5 Reregistration Eligibility Document Data Call-In Notice is a basis for suspension under section 3(c)(2)(B) of FIFRA.

Voluntary Purchasing Group received the Methyl Nonyl Ketone Reregistration Eligibility Document Data Call-In Notice (RED) on March 9, 1996, as evidenced by a U.S. Postal Service Domestic return receipt card. The 90-day response was received on June 26, 1996.

The Agency completed its review of the product chemistry data on February 28, 2002. The data requirements for Guideline 63-17 (Storage Stability) and Guideline 63-20 (Corrosion Characteristics) were not satisfied. The interim report submitted by Voluntary Purchasing Group by letter dated February 18, 2002 related to an unacceptable study and the data requirements remain unsatisfied. In an Agency letter dated March 6, 2002 to

Michael Jackson (consultant for Voluntary Purchasing Group) a time extension was granted since a new study had been reportedly initiated in December 2001, according to information provided to the Agency by Mr. Jackson. The new deadline for submission of the storage stability and corrosion characteristics data was January 2003. Subsequently, the Agency sent a letter dated January 15, 2003, as no data addressing these two outstanding requirements had been received as of that date. That letter, which was received by Mr. Jackson on January 21, 2003 (as evidenced by a U.S. Postal Service domestic return receipt card), informed him and his client that a Notice of Intent to Suspend would be initiated if the outstanding data were not received by January 31, 2003.

To date, the Agency has not received the required data. Because the required data have not been received, the Agency is issuing this Notice of Intent to Suspend.

VII. What is the Agency's Authority for Taking this Action?

The Agency's authority for taking this action is section 6(f)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. 136 *et seq.*

Dinocap; Availability of Reregistration Eligibility Decision Document for Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces availability and starts a 30-day public comment period on the Reregistration Eligibility Decision (RED) document for the pesticide active ingredient dinocap, which consists of a voluntary cancellation of all United States (U.S.) product registrations. The registrant for dinocap, Dow AgroSciences, LLC, has indicated their intention to retain the existing tolerances for apples and grapes for import purposes. EPA finds that there is a reasonable certainty that no harm will result from dinocap use on apples and grapes imported into the U.S.

DATES: Comments, identified by docket identification (ID) number OPP-2003-0268, must be received on or before October 17, 2003.

ADDRESSES: Comments may be submitted electronically, by mail or through hand delivery/courier. Follow the detailed instructions as provided in Unit I.C. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Carmen Rodia, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0001; telephone number: (703) 306-0327; fax number: (703) 308-8041; e-mail address: rodia.carmen@epa.gov.

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest to persons who are or may be required to conduct testing of chemical substances under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) or the Federal Food, Drug, and Cosmetic Act (FFDCA); environmental, human health, and agricultural advocates; pesticides users; and members of the public interested in the use of pesticides. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket ID number OPP-2003-0268. The official public docket consists of the documents specifically referenced in this action, any public comments received and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Room 119, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA, 22202-4501. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal

holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>. To access RED documents and RED fact sheets electronically, go directly to the Office of Pesticide Program's Home Page at <http://cfpub.epa.gov/oppref/rereg/status.cfm?show=rereg>.

An electronic version of the official public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket and to access those documents in the public docket that are available electronically. Once in the system, select search, then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA Dockets. EPA's policy is that copyrighted material will not be placed in EPA Dockets but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA Dockets. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA Dockets. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA Dockets.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA Dockets as EPA receives them and without change, unless the comment contains copyrighted material, CBI or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA Dockets. The entire printed comment, including the copyrighted

material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA Dockets. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA Dockets. Where practical, physical objects will be photographed, and the photograph will be placed in EPA Dockets along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or if additional information is needed regarding the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA Dockets. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA Dockets to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and

then key in docket ID number OPP-2003-0268. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID number OPP-2003-0268. In contrast to EPA Dockets, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA Dockets, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA Dockets.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0001, Attention: Docket ID number OPP-2003-0268.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Room 119, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA 22202-4501, Attention: Docket ID number OPP-2003-0268. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.B.1.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA Dockets or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA Dockets. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA Dockets without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the notice or collection activity.
7. Make sure to submit your comments by the deadline in this document.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date and **Federal Register** citation.

II. Background

A. What Action is the Agency Taking?

The Agency has issued a RED for the pesticide active ingredient dinocap. Under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended in 1988, EPA is conducting an accelerated reregistration program to reevaluate existing pesticides to make sure they meet current scientific and regulatory standards. The RED for dinocap consists of a voluntary cancellation of all products registered in the U.S. Because the registrant, Dow AgroSciences, LLC, has expressed interest in retaining existing tolerances for apples and grapes for import purposes, the RED presents only a dietary risk assessment for those uses and specifically addresses the data requirements for support of the import

tolerances. The RED also provides background information on the pesticide registration, reregistration and tolerance reassessment, an overview of the uses and health effects associated with dinocap and a summary of what data are required to support the tolerances on apples and grapes imported into the U.S., in the absence of a U.S. registration.

The reregistration program is being conducted under congressionally mandated time frames, and EPA recognizes both the need to make timely reregistration decisions and to involve the public. Therefore, EPA is issuing this RED for dinocap as a final document with a 30-day public comment period that is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the RED. If any comment significantly affects this RED, EPA will amend the RED by publishing the amendment in the **Federal Register**.

B. What Is the Agency's Authority for Taking This Action?

The legal authority for this RED falls under FIFRA, as amended in 1988 and 1996. Section 4(g)(2)(A) of FIFRA directs that, after submission of all data concerning a pesticide active ingredient, "the Administrator shall determine whether pesticides containing such active ingredient are eligible for reregistration," before calling in product-specific data on individual end-use products, and either reregistering products or taking "other appropriate regulatory action."

Molinate; Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide,

Fungicide, and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests from Syngenta Crop Protection, Inc. and Helm Agro US, Inc. to voluntarily cancel the registrations for all of their products containing *S*-ethyl hexahydro-1H-azepine-1-carbothioate (molinate). At the close of the comment period, EPA intends to issue an order granting these cancellation requests, unless the Agency receives substantive comments within the comment period that would merit its further review of these requests, or the requests have been withdrawn.

DATES: Comments must be received by October 17, 2003. Unless the Agency receives substantive comments within the comment period that would merit its further review of these requests, or the requests have been withdrawn by October 17, 2003, EPA intends to issue an order canceling these registrations at the close of the comment period.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2003-0184. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the
