

**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

**44 CFR Part 65**

[Docket No. FEMA-B-7438]

**Changes in Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

**ACTION:** Interim rule.

**SUMMARY:** This interim rule lists communities where modification of the Base (1-percent-annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified Base Flood Elevations for new buildings and their contents.

**DATES:** These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps in effect prior to this determination for each listed community.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Division Director for the Emergency Preparedness and Response Directorate reconsider the changes. The modified elevations may be changed during the 90-day period.

**ADDRESSES:** The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Doug Bellomo, P.E. Hazard

Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2903.

**SUPPLEMENTARY INFORMATION:** The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by the other Federal, State, or regional entities.

The changes in are in accordance with 44 CFR 65.4.

*National Environmental Policy Act.* This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No

environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Mitigation Division Director for the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

*Regulatory Classification.* This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

### 48 CFR Part 1817

RIN 2700-AC78

#### Interagency Acquisition Approvals

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the NASA Federal Acquisition Regulation Supplement (NFS) by establishing a five-year limitation on interagency acquisitions. Individual orders or successive non-competitive orders for the same requirement with the same servicing agency that will exceed five years require approval of a deviation. This final rule also requires determinations and findings (D&Fs) for interagency acquisitions to identify the period of performance and whether the acquisition is for a non-competitive follow-on for the same requirement with the same servicing agency. These changes result from NASA's agreement with OMB on an action plan regarding the President's Management Agenda Competitive Sourcing element. These changes will establish greater consistency in the approval requirements for contracts, grants, cooperative agreements, and interagency acquisitions with anticipated periods of performance exceeding five years.

**EFFECTIVE DATE:** October 6, 2003.

**FOR FURTHER INFORMATION CONTACT:** Joseph Le Cren, NASA Headquarters, Office of Procurement, Program Operations Division (Code HS), Washington, DC 20546-0001, (202) 358-0431, e-mail: [jlecren@hq.nasa.gov](mailto:jlecren@hq.nasa.gov).

**SUPPLEMENTARY INFORMATION:**

#### A. Background

OMB and NASA entered into an agreement on an action plan regarding the President's Management Agenda Competitive Sourcing element. That agreement called for NASA to put in place plans for reviews and recompetitions of contracts, interagency acquisitions, and partnerships identified in inventories submitted to OMB in September 2002. In developing NASA's

plan for reviews and recompetitions, existing guidance pertaining to interagency acquisitions was reviewed and areas requiring revision or coverage were identified.

Contracts (inclusive of options), grants, and cooperative agreements that are planned to exceed five years, generally require the prior approval of the Assistant Administrator for Procurement. However, there are no limits for interagency acquisitions. This final rule establishes a similar requirement for interagency acquisitions, as well as the information to be provided for a deviation from the rule.

The FAR specifies information that is to be included in the D&Fs for interagency acquisitions. However, there is no requirement for the period of performance to be identified. This final rule establishes such a requirement in order to restrict the use of long-term acquisitions (greater than five years) that preclude the opportunity for competition. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This final rule is not a major rule under 5 U.S.C. 804.

#### B. Regulatory Flexibility Act

This final rule does not constitute a significant revision within the meaning of FAR 1.501 and Pub. L. 98-577, and publication for public comment is not required. However, NASA will consider comments from small entities concerning the affected NFS Part 1817 in accordance with 5 U.S.C. 610.

#### C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this final rule does not impose any recordkeeping or information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

**Tom Luedtke,**

*Assistant Administrator for Procurement.*

■ Accordingly, 48 CFR Part 1817 is amended as follows:

■ 1. The authority citation for 48 CFR Part 1817 continues to read as follows:

**Authority:** 42 U.S.C. 2473(c)(1).

#### PART 1817—SPECIAL CONTRACTING METHODS

■ 2. Amend section 1817.7201 by redesignating the existing text as

paragraph (a) and adding paragraphs (b) and (c) to read as follows:

#### 1817.7201 Policy.

\* \* \* \* \*

(b) Individual orders or successive non-competitive interagency orders for the same requirement with the same servicing agency shall not exceed five years.

(c) Requests for deviation from the five year limitation in paragraph (b) of this section shall require the approval of the Center Director if the estimated value of the order is \$5 million or less, or the Assistant Administrator for Procurement (Code HS) if the estimated value of the order exceeds \$5 million. Requests for deviation shall address:

- (1) Why more than five years is required;
- (2) Why the work must be performed by the same servicing agency; and
- (3) How long beyond the current order the requirement is expected to continue.

■ 3. Amend section 1817.7202 by redesignating existing paragraphs (c) and (d) as (d) and (e) respectively, and adding a new paragraph (c) to read as follows:

#### 1817.7202 Determinations and findings requirements.

\* \* \* \* \*

(c) In addition to the requirements in FAR 17.503, the D&F must identify the period of performance and whether the acquisition is a non-competitive follow-on for the same services from the same servicing agency. (*See* 1817.7201(b).)
