## MERIT SYSTEMS PROTECTION BOARD

### 5 CFR Parts 1201, 1203, 1208, 1209

#### Interim Regulatory Changes for Implementation of e-Appeal and e-Filing

**AGENCY:** Merit Systems Protection Board.

**ACTION:** Interim rule with request for comments.

**SUMMARY:** The Merit Systems Protection Board (MSPB or the Board) is amending its rules of practice and procedure to provide parties to Board proceedings the option of transacting business electronically, as required by the Government Paperwork Elimination Act. The interim regulations allow appellants to initiate an appeal by using e-Appeal, an interactive application available from the Board's Web site (<http://www.mspb.gov/e-appeal.html>). Parties to appeals and other Board proceedings may engage in electronic case filing on an ongoing basis by making an election to file and receive pleadings and Board documents via electronic mail.

**DATES:** Effective date October 20, 2003. Written comments should be submitted on or before December 20, 2003.

**ADDRESSES:** Submit comments to the Office of the Clerk of the Board, Merit Systems Protection Board, 1615 M St., NW, Washington, DC 20419. Comments may be submitted by regular mail to this address, by facsimile to (202) 653-7130, or by e-mail to [mspb@mspb.gov](mailto:mspb@mspb.gov).

**FOR FURTHER INFORMATION CONTACT:** Timothy L. Korb, Merit Systems Protection Board, 1615 M Street, NW, Washington, DC 20419; (202) 653-7200; fax: (202) 653-7130; or e-mail: [mspb@mspb.gov](mailto:mspb@mspb.gov).

**SUPPLEMENTARY INFORMATION:**

#### What the Law Requires

Section 1704 of the Government Paperwork Elimination Act, Pub. L. No. 105-277, 112 Stat. 2681-750 (1998), mandated that Federal Executive agencies provide, by October 21, 2003, "(1) for the option of the electronic maintenance, submission, or disclosure of information, when practicable as a substitute for paper; and (2) for the use and acceptance of electronic signatures, when practicable." As defined in § 1710 of the Act, an electronic signature means "a method of signing an electronic message that—(A) identifies and authenticates a particular person as the source of the electronic message; and (B) indicates such person's approval of the information contained in the electronic message." 112 Stat. at 2681-751.

The MSPB for some time has been accepting and processing requests submitted by electronic mail (e-mail) under the Freedom of Information and Privacy Acts. The Board has also experimented on a limited basis with accepting pleadings filed as electronic attachments to e-mail in the appeals that come before it. These interim regulations represent the Board's first agency-wide use of electronic filing in case adjudication.

The Board recently announced that it had forwarded to the Office of Management and Budget a proposed information collection: e-Appeal, a new electronic application for filing an appeal with the Board; and MSPB Form 185, a revised MSPB paper Appeal Form. 68 FR 44971 (July 31, 2003). This interim rule makes e-Appeal and Form 185 effective in Board proceedings. It also introduces filing by electronic mail.

Participation in electronic filing (e-Filing) is voluntary. An individual may still initiate a Board appeal by filing a paper appeal by any of the conventional means. Similarly, no party is obligated to participate in e-Filing during the course of a Board proceeding.

#### Future Plans for E-Filing

Part of the reason for issuing an interim rule is that the electronic case filing procedures we now institute are themselves interim in nature. Our long-term goal is to conduct all e-Filing through the Internet, including both the pleadings filed by the parties with the Board, and the notices, orders, and decisions issued by the Board to the

parties. In the future, e-Filing will include automatic notice of filing, and parties will be able to view and download pleadings and Board documents from our Web site. At the present time, however, the only part of e-Filing that is Web-enabled is the initiation of an appeal through e-Appeal.

#### Commencing a Board Proceeding via e-Appeal

e-Appeal is an interactive Web application that allows appellants or their representatives to create and submit appeals using an interview format. The application includes Help and Question and Answer links appropriate to each section of the interview.

As part of the e-Appeal process, an individual creates a unique user ID and password, which constitutes his or her electronic signature. The filer can print a copy of the appeal either at the time of filing or afterward. The Board will send an electronic confirmation that it has received and is processing the appeal.

#### Election To Participate in E-Filing by E-Mail

Under the interim rule, electronic filing after the commencement of a Board proceeding will be limited to filing and receiving documents via e-mail. To participate, a party must file an election with the Board which lists the e-mail address from which pleadings will be filed, and to which pleadings and Board documents may be sent. An election to engage in e-Filing, which may itself be filed by e-mail, constitutes consent to accept electronic service of pleadings and Board documents. Such an election also permits a party to file pleadings electronically, but a party who has elected e-Filing may still opt to file any pleading by conventional means. An election to engage in e-Filing may be terminated at any point in a Board proceeding.

Sending a pleading from the designated e-mail address constitutes an electronic signature. Parties can submit a declaration made under penalty of perjury (equivalent to an affidavit) electronically, as described in paragraph (n) of new § 1201.5.

A party who has elected to engage in e-Filing files a pleading by sending an e-mail to the appropriate Board office. If the other party has also elected e-Filing,

service of that party is accomplished by including the party in the address portion of the e-mail. If the other party has not elected e-Filing, service is by conventional means. The Board will confirm receipt of e-mailed pleadings by sending a return e-mail.

Especially where both parties elect to participate, e-Filing should permit faster case processing because the Board and the parties will receive filings the same day they are submitted. This is particularly important for pleadings filed with the Clerk of the Board in Washington, D.C., because mailed pleadings are first sent to Ohio for irradiation. Where only one party elects to engage in e-Filing, the Board will set deadlines so that the party filing and receiving documents by conventional means will have adequate time to prepare and file a response.

#### Electronic Formats Allowed

Our interim rule allows electronic pleadings to be filed in "any widely-used electronic format." We believe that e-Filing should require as little specialized equipment, software, and expertise as possible. Ideally, all a person should require is a personal computer equipped with a word-processing application, a Web browser, and access to e-mail and the Internet. Keeping technical requirements to a minimum is important in Board proceedings because a significant proportion of the parties appearing before us are representing themselves, or are represented by non-attorneys. To require specialized equipment and software, or significant computer expertise, would preclude many parties from participating in e-Filing. If the Board or receiving party has difficulty viewing or printing an electronic pleading, the regulations require informal attempts to resolve the problem. If such efforts are unsuccessful, the filing party must serve the pleading by conventional means.

The Board expects that the primary pleading in most e-Filings will consist of an electronic attachment to the e-mail such as a word-processing file. However, we will allow the submission of very brief pleadings, one or two paragraphs, in the body of the e-mail message. The reason for this restriction is a concern that the formatting of the pleading may be adversely affected, making it difficult to read. We ask that parties identify the nature of the pleading and the appeal to which it is related in the Subject portion of the e-mail, e.g., Appellant's Prehearing Submission in Doe v. Agency, XX-0752-03-XXXX-I-1.

#### Hybrid Filings

Only a small proportion of the contents of an MSPB case file typically originate as electronic files created for the Board proceeding. Most are paper documents that could only be converted to electronic format by scanning. For that reason, pleadings that include both an electronic file created for the Board proceeding and one or more paper documents will be common. Such "hybrid" filings are allowed under the interim rule. When a pleading contains both an electronic component and a non-electronic component, the party files the electronic component by e-mail, and the non-electronic component by conventional means. Such a pleading is considered filed and served when all components have been filed and served. We note, however, that an e-Appeal is filed when submitted electronically, regardless of when requested attachments are filed. The reason is that our regulations do not require that an appeal include any documentation; they require information only. See 5 CFR 1201.24(a).

#### Large Image Files Limitation

When paper documents have been converted to electronic format by scanning, they consume much more disk space than do electronic text files, such as word-processing files. Because transmitting and downloading image files can consume a great deal of time and resources, our regulations provide that documents that can only be converted to electronic format by scanning must be filed by traditional means when the paper document exceeds 25 pages.

■ 1. The authority citation for part 1201 continues to read as follows:

**Authority:** 5 U.S.C. 1204 and 7701, unless otherwise noted.

■ 2. Section 1201.4 is amended by revising paragraphs (i), (k), and (l) and by adding new paragraphs (m), (n), and (o) to read as follows:

#### § 1201.4 General definitions.

\* \* \* \* \*

(i) *Service*. The process of furnishing a copy of any pleading to Board officials, other parties, or both, either by mail, by facsimile, by commercial or personal delivery, or by electronic mail, provided the requirements of § 1201.5 of this part have been met.

\* \* \* \* \*

(k) *Certificate of Service*. A document certifying that a party has served copies of pleadings on the other parties. If a pleading is served by electronic mail, the address portion of the electronic mail message serves as a certificate of service.

(l) *Date of filing*. A document that is filed with a Board office by personal delivery is considered filed on the date on which the Board office receives it. The date of filing by facsimile is the date of the facsimile. The date of filing by mail is determined by the postmark date; if no legible postmark date appears on the mailing, the submission is presumed to have been mailed five days (excluding days on which the Board is closed for business) before its receipt. The date of filing by commercial delivery is the date the document was delivered to the commercial delivery service. The date of filing by electronic mail is the date on which the electronic mail is sent.

(m) *Internet filing option*. The option that an appellant may exercise to commence an appeal proceeding before the Board by filing through the electronic application (e-Appeal) available at the Board's Web site (<http://www.mspb.gov/e-appeal.html>).

(n) *Electronic mail filing and service*. The process of filing certain pleadings with the Board and serving certain pleadings on other parties using electronic mail.

(o) *Electronic signature*. The term "electronic signature" means a method that identifies and authenticates a particular person as the source of the electronic message and indicates such person's approval of the information contained in the electronic message.

■ 3. Subpart A of part 1201 is amended by adding a new § 1201.5 to read as follows:

**§ 1201.5 Electronic mail and Internet filing procedures.**

(a) *Scope.* This section sets forth the rules applicable to the filing and service of pleadings by electronic mail and the Board's Internet filing option for matters within the Board's original jurisdiction (as explained in § 1201.2 of this subpart) and matters within the Board's appellate jurisdiction (as explained in § 1201.3 of this subpart). The electronic submission of a pleading commencing an appeal proceeding before the Board in a matter identified in § 1201.3 of this subpart must be filed using the Board's Internet filing option available at the Board's Web site (<http://www.mspb.gov/e-appeal.html>). Except for matters identified in paragraph (b) of this section, pleadings relating to the adjudication of a matter identified in either § 1201.2 or § 1201.3 of this subpart may be filed using electronic mail, provided the requirements of this section are satisfied.

(b) *Matters not covered.* Matters that may not be filed by electronic mail or the Internet filing option are:

- (1) A request to hear a case as a class appeal and any opposition thereto (§ 1201.27 of this subpart),
- (2) Service of subpoenas (§ 1201.83 of this subpart),
- (3) The initial filing in a Special Counsel complaint seeking disciplinary action (§ 1201.122 of subpart D),
- (4) The initial filing in a Special Counsel complaint seeking corrective action (§ 1201.128 of subpart D),

- (7) The initial filing in a case involving a proposal to remove a career appointee from the Senior Executive Service (§ 1201.143 of subpart D), and
- (8) Filings with the Special Panel (§ 1201.173 of subpart E).

(c) *Internet filing option.* The electronic filing of an appeal is only allowed by using the Board's Internet filing option (e-Appeal) available at the Board's Web site (<http://www.mspb.gov/e-appeal.html>). The Internet filing option allows an appellant to contest various types of agency actions and decisions and to raise various types of defenses and claims. The Internet filing option also includes the option of designating a representative and provides for an electronic signature. Detailed instructions explaining how to use the Board's Internet filing option are available at the Board's Web site.

(d) *Filing electronic mail pleadings with the Board.* With the exception of pleadings commencing an appeal before the Board and the exceptions noted in paragraphs (b)(1) through (b)(8) of this section, a party may make any filing regarding a matter covered by this section by electronic mail if the party has completed the authorization under paragraph (f) of this section. All electronic mail filings should be addressed to the appropriate regional or field office or to the Clerk of the Board for matters pending at Headquarters. Electronic mail addresses to be used when filing with the Board will be specified in acknowledgement orders.

(e) *Electronic mail service by the Board and parties.* The Board may serve upon any party a document regarding a matter covered by this section by electronic mail provided that the party being served has authorized electronic mail service and acceptance of electronic mail service in accordance with paragraph (f) of this section. A party may serve upon any party a pleading or document regarding a matter covered by this section by electronic mail provided that both the sending and receiving parties have authorized electronic mail service and acceptance of electronic mail service in accordance with paragraph (f) of this section.

(f) *Election to engage in electronic mail filing.* (1) A party may elect to engage in electronic mail filing during a Board proceeding by filing with the judge or Board, and serving upon the other parties, a written statement of such election that includes the electronic mail address at which the party agrees to receive service. An election to engage in electronic mail filing constitutes consent to accept electronic service of pleadings and Board issuances at the electronic mail address specified. Such an election may be filed by any means provided in paragraph (i) of § 1201.4 of this part, including electronic mail.

(2) All electronic mail filings must be sent from the electronic mail address specified in the election.

(3) A pleading or Board issuance served electronically on a party who has made an election under this section is deemed received on the date of electronic submission.

(4) A party who elects to engage in electronic mail filing may file any pleading, or portion of a pleading as described in paragraph (k) of this section, by non-electronic means.

(5) A party may rescind an election to engage in electronic mail filing at any time by filing notice of the rescission with the judge or, if applicable, the

Clerk and serving notice of the rescission on the other parties.

(g) *Board acknowledgement of electronic filing.* The Board will acknowledge receipt of a pleading filed by electronic mail by sending an electronic mail confirmation of receipt.

(h) *Failed electronic mail service.* If an attempt to serve a pleading or document upon the Board or a party by electronic mail is unsuccessful, the sending party must attempt to resolve the problem. If electronic service cannot be accomplished within a reasonable period, the sending party must serve a copy of the pleading by one of the other means authorized in, and as provided by, § 1201.26(b)(2) of subpart B.

(i) *Requirements relating to electronic mail.* Parties should include the title of the pleading, the Board docket number, and the case title, e.g. Doe v. Agency, in the subject heading of any electronic mail served upon the Board or another party. Pleadings up to two paragraphs in length may be included in the body of an electronic mail. Pleadings exceeding two paragraphs in length must be served as an attachment, or attachments, to an electronic mail.

(j) *Attachments to electronic mail pleadings.* (1) Electronic mail attachments may be in any widely-used electronic format.

(2) If a recipient is unable to view, open, or print an electronic mail attachment sent with a pleading, the recipient shall be responsible for informing the sender of the problem as soon as practicable and identifying all attachments that could not be viewed, opened, or printed. In response to such a report, the sending party shall attempt to resolve the problem as soon as practicable. In the event that problems relating to the transmission of the document cannot be resolved, the sending party shall have three calendar days to send a paper copy of all identified attachments to the complaining party.

(3) Electronic mail documents and all attachments must be formatted so that they will print on standard 8½ inch by 11 inch paper.

(4) Documents that can only be converted to electronic format by scanning may not be filed electronically if the length of the paper document exceeds 25 pages.

(k) *Hybrid pleadings containing both electronic files and paper documents.* A party who has elected electronic mail filing under this section may file a hybrid pleading in which part of the pleading is submitted electronically, and part of the pleading consists of one or more paper documents filed by non-electronic means. When a hybrid

pleading is submitted, the electronic mail submission shall inform the Board and the other party of the portions of the pleading being submitted by non-electronic means. A hybrid pleading is deemed filed and served when all parts of the pleading have been filed and served.

(l) *Certificates of Service for e-mail pleadings filed or served by electronic mail.* If a pleading is served by electronic mail, the address portion of the electronic-mail message shall serve as the certificate of service.

(m) *Use of electronic filing and service subject to control by the Judge and the Clerk of the Board.* In the event that the Board or the parties encounter repeated or unexplained difficulties filing, serving, or receiving electronic mail pleadings, documents, or attachments, the judge or the Clerk of the Board may order a party to cease filing and serving pleadings by electronic mail and may cease the Board's use of electronic mail to serve documents. In such instances, filing and service shall be undertaken in accordance with § 1201.26 of subpart B. The authority to order the cessation of the use of electronic mail may be for a particular submission, a particular time frame, or for the duration of the pendency of a case.

(n) *Requirements relating to documents requiring a signature.* An electronic document filed by a party who has elected to engage in electronic mail filing pursuant to this section shall be deemed to be signed for purposes of any regulation in part 1201, 1203, 1208, or 1209 of this title that requires a signature. An electronically filed document shall constitute a declaration made under penalty of perjury if it contains the statement required by 28 U.S.C. 1746, as set forth in Appendix IV of this part.

(o) *Authority of a judge or the Clerk of the Board to require signed submissions.* A judge or the Clerk of the Board may require that any document filed electronically be submitted in non-electronic form and bear the written signature of the submitter. A party receiving such an order from a judge or the Clerk of the Board shall, within 5 calendar days, serve on the judge or Clerk of the Board by regular mail, by facsimile, or by commercial or personal delivery a signed non-electronic copy of the document.

■ 4. Section 1201.22 is amended by revising paragraph (d) and by adding new paragraphs (e) and (f) to read as follows:

Electronic appeals must be filed using the Board's Internet filing option. All appeals must contain the following:

\* \* \* \* \*

(9) The signature of the appellant or, if the appellant has a representative, of the representative. If using the Internet filing option, the appellant or the appellant's representative must complete the electronic signature portion of the Board's Internet filing option in accordance with instructions at the Board's Web site, as set forth in § 1201.5 of this part.

\* \* \* \* \*

(c) *Use of Board form or Internet filing option.* An appellant may comply with paragraph (a) of this section, and with § 1201.31 of this part, by completing MSPB Form 185, or by completing all requests for information marked as required in the Internet filing option. Documents and pleadings must be served upon each party and each representative. A certificate of service stating how and when service was made must accompany each pleading. The parties must notify the appropriate Board office and one another, in writing, of any changes in the names, or addresses on the service list.

A motion for an extension must be accompanied by an affidavit or sworn statement under 28 U.S.C. 1746. (See appendix IV to part 1201.) The affidavit or sworn statement must include a specific and detailed description of the circumstances alleged to constitute good cause, and it should be accompanied by any available documentation or other evidence supporting the matters asserted.

(f) *Late filings.* Any petition for review, cross petition for review, or response that is filed late must be accompanied by a motion that shows good cause for the untimely filing, unless the Board has specifically granted an extension of time under paragraph (e) of this section, or unless a motion for extension is pending before the Board. The motion must be accompanied by an affidavit or sworn statement under 28 U.S.C. 1746. (See appendix IV to part 1201.) The affidavit or sworn statement must include:

\* \* \* \* \*

[Docket No. NM81; Special Conditions No. 25-ANM-84A]

**Special Conditions: Extended Range Operation of Boeing Model 777 Series Airplanes**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Amended special conditions.

**SUMMARY:** These special conditions amend Special Conditions No. 25-ANM-84, applicable to Boeing Model 777 series airplanes. They revise the extended range operations with two-engine airplanes (referred to as "ETOPS") test requirements defined in the original special conditions. The revisions include changing the airplane demonstration test requirement from a required 1000 flight cycles to a demonstration of capability in ETOPS flight conditions, and allowing more than one airplane to be used for the airplane demonstration test. In addition, this revision adds post-test inspection requirements for both the engine demonstration test and the airplane demonstration test articles.

**SUPPLEMENTARY INFORMATION:**

**Background**

Because of concerns over engine and airplane reliability, for many years 14 CFR 121.161 has generally prohibited operations of two-engine airplanes on routes including segments that are more than one hour flight time from a suitable airport. This regulation contains an exception that allows such operations when specifically authorized by the Administrator. These extended range operations with two-engine airplanes are referred to as ETOPS. Advisory Circular (AC) 120-42A describes a method for obtaining ETOPS authorization if an operator can demonstrate sufficient engine and airplane reliability. This method is based on a combination of various design features and operational and maintenance procedures. The AC states that eligibility for 120-minute ETOPS
