

EPA has established a public docket for this ICR under Docket ID No. OAR-2003-0070, which is available for public viewing at the Air and Radiation Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Air and Radiation Docket and Information Center is (202) 566-1742. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's Federal Register notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: The SunWise School Program.

Abstract: The goal of the SunWise School Program is to teach children and their care givers how to protect themselves from overexposure to the sun. The SunWise School Program recognizes the challenge of measuring the progress and evaluating the effectiveness of an environmental and public health education program where the ultimate goal is to reduce risk and improve public health. Therefore, the

continual and careful evaluation of program effectiveness through a variety of means, including data from pre- and post-intervention surveys, tracking and monitoring of classroom activities and school policies, and advisory board meetings, is necessary to monitor progress and refine the program. Surveys to be developed and administered include: (1) Student survey to identify current sun safety knowledge and behaviors among students; and (2) Teacher questionnaire for measuring their receptivity to the educational component of the Program. The data will be analyzed and results will indicate the Program's effect on participants' sun-protection attitudes and behaviors. In addition, educators are asked to fill out a registration form to receive a tool kit. Responses to the collection of information are voluntary. All responses to the collection of information remain anonymous and confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 10 minutes per response for the registration and 20 minutes per response for the two surveys. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Entities potentially affected by this action are elementary and middle school students and teachers.

Estimated Number of Respondents: 5,500.

Frequency of Response: Annually for teachers; semi-annually for students.

Estimated Total Annual Hour Burden: 1,833.

Estimated Total Annual Cost: \$59,583, which includes \$0 capital/startup and O&M costs and \$59,583 labor costs.

Changes in the Estimates: There is an increase in the number of teachers who we predict will register for the program annually (from 1,000 to 3,000).

Dated: September 30, 2003.

Acting Director, Collection Strategies Division.

Expert Peer Review of Natural Gas Supply Curves and Associated Assumptions as Used in the Integrated Planning Model (IPM); Notification of Panel Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA announces an expert peer review panel meeting on the natural gas supply curves and associated assumptions developed for EPA by ICF Consulting, Inc. for use in EPA applications of ICF's Integrated Planning Model (IPM). In accordance with provisions in EPA's Peer Review Handbook (EPA 100-B-00-001), the meeting is being conducted by a third party EPA contractor, Perrin Quarles Associates, Inc. The meeting of the peer review panel is open to the public. The public may submit written comments for review by EPA up to two weeks after the date of the meeting, and EPA will consider those comments in conjunction with the input from the peer review panel. Time permitting, there may be a limited opportunity for oral comments from the public before the panel at the end of the first day's session. General information about the IPM, the natural gas supply curves and associated assumptions, and the use of IPM by EPA can be found at <http://www.epa.gov/airmarkets/epa-ipm/>.

DATES: The peer review will be held in two sessions. The first, on October 23, 2003, will begin at 9 a.m. and conclude no later than 6 p.m. (eastern time), and the second, on October 24, 2003, will begin at 9 a.m. and conclude no later than 2 p.m. (eastern time).

ADDRESSES: The peer review will be held at the Phoenix Park Hotel, 520

North Capitol St., NW., Washington, DC. Written comments can be sent by mail to Mr. Brian Menard, Perrin Quarles Associates, Inc., 675 Peter Jefferson Parkway, Suite 200, Charlottesville, VA 22911 or by email to bpm@pqa.com.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to address the peer review panel during the public input period at the end of the first day's session should contact Mr. Brian Menard, Perrin Quarles Associates, Inc., at telephone: (434) 979-3700, or via e-mail at: bpm@pqa.com prior to the meeting. Written comments (preferably via email) should be sent to Mr. Menard within two weeks after the meeting. EPA will consider any comments received in that timeframe. Questions about the IPM and EPA's use of the IPM should be directed to Mr. Elliot Lieberman, EPA, at telephone/voice mail: (202) 564-9136, or via e-mail at: Lieberman.Elliot@epa.gov.

Dated: October 14, 2003.

Crimson Resource Management—Administrative Complaint Consent Agreement and Final Order—Notice of Proposed Administrative Consent Agreement and Final Order Pursuant to Section 311(b)(6) of the Clean Water Act

AGENCY: Environmental Protection Agency.

ACTION: Notice, request for public comments.

SUMMARY: In accordance with section 311(b)(6)(C) of the Clean Water Act, ("CWA"), 33 U.S.C. 1321(b)(6)(C), notice is hereby given of a proposed Complaint, Consent Agreement and Final Order ("CCA/FO," Region 9 Docket No. OPA 9-2003-0003), which resolves penalties for alleged violations of sections 311(b)(3) and 311(j) of the CWA. The respondent to the CCA/FO is Crimson Resource Management Corp. Through the proposed CCA/FO, Crimson Resource Management Corp. will pay \$30,000 to the Oil Spill Liability Trust Fund as a penalty for alleged violations involving the discharge of oil into waters of the United States, and the failure to prepare

and maintain a Spill Prevention, Control and Countermeasure plan. The penalty included in this CCA/FO was calculated in accordance with the Agency's guidance document, Civil Penalty Policy for Section 311(b)(3) and section 311(j) of the Clean Water Act, dated August 21, 1998. For forty (40) days following the date of publication of this Notice, the Agency will receive written comments relating to the proposed CCA/FO. Any person who comments on the proposed CCA/FO shall be given notice of any hearing held and a reasonable opportunity to be heard and to present evidence. If no hearing is held regarding comments received, any person commenting on this proposed CCA/FO may, within 40 days after the issuance of the final order, petition the Agency to set aside the CCA/FO, as provided by section 311(b)(6)(C)(iii) of the CWA, 33 U.S.C. 1321(b)(6)(C)(iii).

DATES: Comments must be submitted on or before December 1, 2003.

ADDRESSES: The proposed CCA/FO may be obtained from Laurie Williams, telephone (415) 972-3867. Comments regarding the proposed CCA/FO should be addressed to Danielle Carr (ORC-1) at 75 Hawthorne Street, San Francisco, California 94105, and should reference Crimson Resource Management Corp. and Region 9 Docket No. OPA 9-2003-0007.

FOR FURTHER INFORMATION CONTACT: Laurie Williams (ORC-3), Office of Regional Counsel, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105, (415) 972-3867.

Dated: September 26, 2003.
