

Operation and Maintenance

Operation and Maintenance of all systems at the Site will be performed by Beazer under the direction of EPA.

Five-Year Review

No five-year review is required since no remedy has been selected under CERCLA section 121. Future response actions at the Site are expected to be taken pursuant to RCRA authority.

Community Involvement

Public participation activities have been satisfied as required in CERCLA section 113(k), 42 U.S.C. 9613(k), and CERCLA section 117, 42 U.S.C. 9617. Documents in the deletion docket which EPA relied on for recommendation of the deletion of the Site from the NPL are available to the public in the information repositories.

V. Deletion Action

The EPA, with concurrence of the State of West Virginia, has determined that all appropriate responses under CERCLA have been completed, and that no further response actions under CERCLA are necessary and that the Site meets the criteria for deleting RCRA Sites from the NPL. (60 FR 14641 dated March 20, 1995).

Because EPA considers this action to be noncontroversial and routine, EPA is taking it without prior publication of a notice of intent to delete. This action will be effective January 16, 2004 unless EPA receives adverse comments by December 17, 2003 on this notice or the parallel notice of intent to delete published in the "Proposed Rules" section of today's **Federal Register**. If adverse comments are received within the 30-day public comment period, EPA will publish a timely withdrawal of this direct final notice of deletion before the effective date of the deletion and it will not take effect. Alternatively, EPA will, as appropriate prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA–P–7628]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Map(s) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Division Director of the Emergency Preparedness and Response Directorate reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Doug Bellomo, P.E., Hazard Identification Section, Emergency Preparedness and Response Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–2903.

SUPPLEMENTARY INFORMATION:

The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Mitigation Division Director of the Emergency Preparedness and

Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 65 is amended to read as follows:

**DEPARTMENT OF HOMELAND
 SECURITY**

**Federal Emergency Management
 Agency**

44 CFR Part 65

**Changes in Flood Elevation
 Determinations**

AGENCY: Federal Emergency
 Management Agency, Emergency
 Preparedness and Response Directorate,
 Department of Homeland Security.

ACTION: Final rule.

SUMMARY: Modified Base (1% annual-
 chance) Flood Elevations (BFEs) are
 finalized for the communities listed
 below. These modified elevations will
 be used to calculate flood insurance
 premium rates for new buildings and
 their contents.

EFFECTIVE DATES: The effective dates for
 these modified BFEs are indicated on
 the table below and revise the Flood
 Insurance Rate Maps ((FIRMs) in effect
 for the listed communities prior to this
 date.

ADDRESSES: The modified BFEs for each
 community are available for inspection
 at the office of the Chief Executive
 Officer of each community. The
 respective addresses are listed in the
 table below.

FOR FURTHER INFORMATION CONTACT:
 Doug Bellomo, P.E., Hazard
 Identification Section, Emergency
 Preparedness and Response Directorate,
 Federal Emergency Management
 Agency, 500 C Street, SW., Washington,
 DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: The
 Federal Emergency Management Agency
 makes the final determinations listed

below for the modified BFEs for each
 community listed. These modified
 elevations have been published in
 newspapers of local circulation and
 ninety (90) days have elapsed since that
 publication. The Mitigation Division
 Director of the Emergency Preparedness
 and Response Directorate has resolved
 any appeals resulting from this
 notification.

The modified BFEs are not listed for
 each community in this notice.
 However, this rule includes the address
 of the Chief Executive Officer of the
 community where the modified BFE
 determinations are available for
 inspection.

The modifications are made pursuant
 to Section 206 of the Flood Disaster
 Protection Act of 1973, 42 U.S.C. 4105,
 and are in accordance with the National
 Flood Insurance Act of 1968, 42 U.S.C.
 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently
 effective community number is shown
 and must be used for all new policies
 and renewals.

The modified BFEs are the basis for
 the floodplain management measures
 that the community is required to either
 adopt or to show evidence of being
 already in effect in order to qualify or
 to remain qualified for participation in
 the National Flood Insurance Program
 (NFIP).

These modified BFEs, together with
 the floodplain management criteria
 required by 44 CFR 60.3, are the
 minimum that are required. They
 should not be construed to mean that
 the community must change any
 existing ordinances that are more
 stringent in their floodplain
 management requirements. The
 community may at any time enact
 stricter requirements of its own, or
 pursuant to policies established by other
 Federal, State, or regional entities.

These modified BFEs are used to meet
 the floodplain management
 requirements of the NFIP and are also
 used to calculate the appropriate flood
 insurance premium rates for new
 buildings built after these elevations are
 made final, and for the contents in these
 buildings.

The changes in BFEs are in
 accordance with 44 CFR 65.4.

National Environmental Policy Act.
 This rule is categorically excluded from
 the requirements of 44 CFR part 10,
 Environmental Consideration. No
 environmental impact assessment has
 been prepared.

Regulatory Flexibility Act. The
 Mitigation Division Director of the
 Emergency Preparedness and Response
 Directorate certifies that this rule is
 exempt from the requirements of the
 Regulatory Flexibility Act because
 modified base flood elevations are
 required by the Flood Disaster
 Protection Act of 1973, 42 U.S.C. 4105,
 and are required to maintain community
 eligibility in the NFIP. No regulatory
 flexibility analysis has been prepared.

Regulatory Classification. This final
 rule is not a significant regulatory action
 under the criteria of Section 3(f) of
 Executive Order 12866 of September 30,
 1993, Regulatory Planning and Review,
 58 FR 51735.

Executive Order 12612, Federalism.
 This rule involves no policies that have
 federalism implications under Executive
 Order 12612, Federalism, dated October
 26, 1987.

*Executive Order 12778, Civil Justice
 Reform.* This rule meets the applicable
 standards of Section 2(b)(2) of Executive
 Order 12778.
