

companies, individuals, private multifamily residential buildings, and state and local governments. Due to the significant growth in construction activity during the past few years and in order to facilitate the publication of construction spending data in more detail by new types of construction, we plan to increase the number of respondents/projects.

The Census Bureau is the preeminent collector and provider of timely, relevant and quality data about the people and economy of the United States. Economic data are the Census Bureau's primary program commitment during nondecennial census years. The Form C-700, Private Construction Projects collects construction put in place data for nonresidential projects owned by private companies or individuals. The Form C-700(R), Multifamily Residential Projects collects construction put in place data for private multifamily residential buildings. Form C-700(SL), State and Local Government Projects, collects construction put in place data for state and local government projects.

The Census Bureau uses the information from these surveys to publish the value of construction put in place series. Published estimates are used by a variety of private business and trade associations to estimate the demand for building materials and to schedule production, distribution, and sales efforts. They also provide various governmental agencies with a tool to evaluate economic policy and to measure progress towards established goals. For example, Bureau of Economic Analysis staff use data to develop the construction components of gross private domestic investment in the gross domestic product. The Federal Reserve Board and the Department of Treasury use the value in place data to predict the gross domestic product, which is presented to the Board of Governors and has an impact on monetary policy.

II. Method of Collection

An independent systematic sample of projects is selected each month according to predetermined sampling rates. Once a project is selected it remains in the sample until completion of the project. Preprinted forms are mailed monthly to respondents to fill in current month data and any revisions to previous months. Some respondents are later called by a Census interviewer and report the data over the phone. Having the information available from a database at the time of the interview greatly helps reduce the time respondents spend on the phone. Interviews are scheduled at the

convenience of the respondent, further reducing their burden.

Notice of Final Rescission of Antidumping Duty New Shipper Review: Freshwater Crawfish Tail Meat from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: On September 5, 2003, the Department published a preliminary intent to rescind the new shipper review of Zhoushan Huading Seafood Co., Ltd. (Zhoushan Huading) under the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China (68 FR 52745). The review covers one sale of the subject merchandise entered into the United States during the period September 1, 2001 through August 31, 2002.

Based on our analysis of the record, including factual information obtained since the preliminary notice of intent to rescind, the Department has determined that Zhoushan Huading's new shipper sale is not *bona fide* and, as a result, we are rescinding this new shipper review. See "Rescission of New Shipper Review" section below.

EFFECTIVE DATE: December 5, 2003.

FOR FURTHER INFORMATION CONTACT:

Douglas Kirby or Thomas Gilgunn, Office of AD/CVD Enforcement VII, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington

D.C. 20230; telephone: (202) 482-3782 or (202) 482-4236, respectively.

SUPPLEMENTARY INFORMATION:

Background

We published the preliminary notice of intent to rescind this new shipper review on September 5, 2003. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Preliminary Notice of Intent to Rescind New Shipper Administrative Review*, 68 FR 52745 (Preliminary Notice). In the *Preliminary Notice*, the Department found that the sale made by Zhoushan Huading in this new shipper review was not *bona fide* based on the following: 1) the price and quantity for Zhoushan Huading's sale of crawfish tail meat were atypical vis-a-vis other exports from the PRC of the subject merchandise into the United States during the period of review; 2) there were conflicting accounts as to who purchased the crawfish tail meat and who paid Zhoushan Huading for the shipment; 3) there remained uncertainty in regard to the commercial reasonableness of the sale; 4) there were inconsistencies in the terms of sale; and, 5) the Department was unable to establish that the importing parties were actual commercial entities. See also *Memorandum to Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, Group III: Freshwater Crawfish Tail Meat from the People's Republic of China: Analysis of Zhoushan Huading's New Shipper Transaction*, dated August 28, 2003 (*Zhoushan Huading Memo*). A public version of this memorandum is on file in the Central Records Unit, room B-099 of the main Commerce Building.

On September 2, 2003, the Department issued a fourth supplemental questionnaire to Zhoushan Huading, and on September 3, 2003, issued supplemental questionnaires to both the reported buyer and the importer of record in order to clarify the terms of sale and payment documentation for the new shipper sale under review. On September 12, 2003, Zhoushan Huading, the reported buyer, and the importer of record submitted their responses to the Department's supplemental questionnaires. Their responses are discussed in the "Analysis of the *Bona Fides* of the New Shipper Sale" section below.

Comments

On October 6, 2003, petitioners¹ submitted comments. On October 14,

¹ The Crawfish Processors Alliance, its members (together with the Louisiana Department of Agriculture and Forestry and Bob Odom,

2003, Zhoushan Huading submitted rebuttal comments. The parties raised only one issue in their briefs: "Whether The New Shipper Review of Zhoushan Huading Should Be Rescinded for Lack of a *Bona Fide* Sale." All arguments raised in the case and rebuttal briefs filed by parties to this new shipper review are addressed in the *Issues and Decision Memorandum for the Final Rescission of the New Shipper Review of Freshwater Crawfish Tail Meat from the People's Republic of China for Zhoushan Huading Seafood Co., Ltd.*, dated November 25, 2003 (*Decision Memo*), which is hereby adopted by this notice. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendation in this public memorandum, which is on file in the Central Records Unit, room B-099 of the main Commerce Building. In addition, a complete version of the *Decision Memo* can be accessed directly on the internet at <http://ia.ita.doc.gov>. The paper copy and electronic version of the *Decision Memo* are identical in content.

Analysis of the *Bona Fides* of the New Shipper Sale

The Department has not acquired nor received any additional information that would alter our preliminary determination that the extremely high price and the unusually low quantity of
