

(OMB), Congress and the Public," the Department of Housing and Urban Development (HUD) is issuing a public notice of its intent to conduct a computer matching program with the Internal Revenue Service (IRS). This notice supersedes a similar notice published in the **Federal Register** on June 21, 2001 (66 FR 33265). Under the terms of the agreement IRS agrees to disclose to HUD taxpayer mailing addresses as authorized by the Commissioner or her delegate pursuant to Section 6103(m)(2) of the Internal Revenue Code (IRC) for use in locating individuals to collect or compromise federal claims in accordance with 31 United States Code (U.S.C.) 3711, 3717 and 3718. This program is called the Taxpayer Address Request Program (TAR). It was established by the IRS to facilitate the retrieval of taxpayer mailing addresses from the individual Master File on a volume basis. The volume of addresses and the method in which the IRS maintains the information make computer matching the most feasible method of extracting the data for disclosure to other agencies. Using the TAR computer matching program, current addresses can be obtained from the IRS within a one-week period, thereby avoiding the expenditure of substantial federal resources in the manual execution of a matching process or investigations by a large workforce to ascertain the current address of individuals against whom the agency has a claim or indebtedness.

DATES: Effective Date: Computer matching is expected to begin on April 19, 2004 unless comments are received which will result in a contrary determination, or 40 days from the date a computer matching agreement is signed, whichever is later.

Comments Due Date: April 19, 2004.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410-0500. Communications should refer to the above docket number and title. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

For Privacy Act Information and for Further Information from Recipient Agency Contact: Jeanette Smith, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410, telephone number (202) 708-2374 or FAX (202)

708-3135. (These are not toll-free numbers.)

For Further Information from Source Agency Contact: M.R. Taylor, Internal Revenue Service, Office of Governmental Liaison, CL: GLD: GL Room 16111R, 1111 Constitution Avenue, NW., Washington, DC 20224, telephone number (202) 622-5145 or Fax (202) 622-3041. (These are not toll-free numbers.)

Reporting: In accordance with Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, as amended, and Office of Management and Budget (OMB), Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public;" copies of this notice and report are being provided to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Office of Management and Budget.

Authority: The matching program will be conducted under the authority of Section 6103 (m)(2) of the Internal Revenue Code and 31 United States Code 3711, 3717 and 3718.

Objectives To Be Met By the Matching Program: HUD expects that this computer matching program will enable it to quickly and effectively identify and locate individual debtors, and to obtain current mailing addresses of defaulted debtors.

Records To Be Matched: HUD will utilize its system of records entitled, Accounting Records, HUD/Dept-2. HUD will submit approximately 1,500 records annually of individuals with outstanding federal debts for matching purposes. These records are extracted from the Privacy Act system of records, HUD/Dept-2, Accounting Records, maintained in the following programs and automated systems: (1) Title I—Debt Management Collection Systems; (2) Section 312—Loan Mortgage System; and (3) Departmental Claims—Delinquent Debt Control System. The IRS will extract taxpayer address information from Privacy Act System of Records: Individual Master File, Treas/IRS 24.030, maintained at the Martinsburg Computing Center, Martinsburg, WV. This file contains approximately 20 million records of taxpayers who have filed U.S. Individual Income Tax returns.

Notice Procedures: The IRS provides direct notice to taxpayers in the instructions to Form 1040, 1040A, and 1040EZ that information provided on U.S. Individual Income Tax Returns may be given to other federal agencies, as provided by law. HUD agrees to

ensure that each applicant, at the time of application, receives written notice that the information provided on the application is subject to verification through computer matching with other federal agencies for the purpose of locating delinquent debtors. Direct notice consists of appropriate language printed on its application forms or a separate handout provided to the individual.

Categories of Records/Individuals Involved: The debtor records include these data elements: SSN, claim number, program code, and indication of indebtedness. Categories of records include: records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures.

Period of the Match: Matching will begin at least 40 days from the date copies of the signed (by both Data Integrity Boards) computer matching agreement are sent to both Houses of Congress or at least 30 days from the date this notice is published in the **Federal Register**, whichever is later, providing no comments are received which will result in a contrary determination. The matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.

Dated: March 10, 2004.

Assistant Secretary—Water and Science; Central Utah Project Completion Act; Notice of Intent To Prepare a Draft Environmental Assessment for the Execution of a Lease of Power Privilege Contract and the Construction, Operation, and Maintenance of a Non-Federal Hydroelectric Generation Facility on Jordanelle Dam, Bonneville Unit, Central Utah Project

AGENCY: Office of the Assistant Secretary—Water and Science, Interior.

ACTION: Notice of intent to prepare a draft Environmental Assessment (EA) for the execution of a Lease of Power Privilege contract and the construction, operation, and maintenance of a non-federal hydroelectric generation facility on Jordanelle Dam, Wasatch County, Utah, pursuant to the lease.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended; Public Law 102-575, Central Utah Project Completion Act (CUPCA), as amended; and the July 2, 1999, **Federal Register** Notice (FR Doc. 99-16852) the Department of the Interior is initiating a NEPA process with public involvement for the execution of a Lease of Power Privilege contract and the construction, operation, and maintenance of a non-federal hydroelectric generation facility on Jordanelle Dam, of the Bonneville Unit, Central Utah Project and associated power transmission lines and facilities. Through a competitive selection process the joint application of the Central Utah Water Conservancy District (District) and Heber Light and Power (HL&P) was chosen as the potential lessee to develop hydropower at Jordanelle Dam. Construction and generation of power will be accomplished by the non-federal partnership of the District and HL&P through a Lease of Power Privilege. A lease contract will be executed among the District, HL&P, and the Department, which will describe the development, operation, and maintenance of a hydroelectric generation facility at Jordanelle Dam, consistent with the purposes and operations of the Bonneville Unit. Development of a hydroelectric facility will not change the operation of Jordanelle Dam and Reservoir.

DATES: Public meeting(s) will be announced in local newspapers. The purpose of the meeting(s) will be to provide information and request public input.

FOR FURTHER INFORMATION CONTACT: Additional information on matters related to this **Federal Register** notice can be obtained from Mr. Reed R. Murray, Deputy Program Director, CUP Completion Act Office, Department of the Interior, 302 East 1860 South, Provo UT 84606-6154, (801) 379-1237, rmurray@uc.usbr.gov. Written comments may be submitted to this same address.

SUPPLEMENTARY INFORMATION: The Central Utah Project's Bonneville Unit, located in northern Utah, was authorized for construction, including hydroelectric power, by the Colorado River Storage Project (CRSP) Act of April 11, 1956 (ch. 203, 70 Stat. 105)(CRSPA). The construction and operation of a hydroelectric generating facility below Jordanelle Dam was contemplated in the 1979 Municipal and Industrial System (M&I) Final Environmental Impact Statement (EIS). The 1987 Final Supplement to the M&I

Final EIS deferred construction of a powerplant at Jordanelle awaiting non-Federal participation. The potential to produce hydropower was incorporated in the construction of Jordanelle Dam. The proposed Draft Environmental Assessment will rely on and update the 1987 Final Supplement to the M&I Final EIS regarding construction of a powerplant at Jordanelle Dam. The operation of Jordanelle Dam and Reservoir will remain the same as described in the 1987 Final Supplement to the Final EIS.

The Central Utah Project Completion Act (CUPCA), comprised of Titles II-VI of the Act of October 30, 1992 (106 Stat. 4600, Pub. L. 102-575) authorized the construction of other features of the Bonneville Unit. Section 208 of the CUPCA provides that power generation facilities associated with the CUP be developed and operated in accordance with the CRSPA, which explicitly embodies all Reclamation law except as otherwise provided in the CRSPA. In accordance with a **Federal Register** notice published July 2, 1999 (Volume 64, Number 127, Pages 36030-36032), Interior, in consultation with the Western Area Power Administration, selected the joint proposal of the District/HL&P to develop non-federal hydroelectric power at Jordanelle Dam through a lease of power privilege. A lease of power privilege is an alternative to federal hydroelectric power development. A lease of power privilege grants a non-federal entity the right to utilize, consistent with CUP purposes, water power head and storage at and/or operationally in conjunction with the CUP, for non-federal electric power generation and sale by the entity. The general authority for lease of power privilege under Reclamation law includes, among others, the Town Sites and Power Development Act of 1906 (43 U.S.C. 522) and the Reclamation Project Act of 1939 (43 U.S.C. 485h(c)) (1939 Act). The intent to hold public negotiations for the lease of power privilege contract was announced in the **Federal Register** on October 25, 2000 (Volume 65, Number 207, Pages 63879-63880). Negotiations on the lease contract began on November 12, 2000, and are still underway. Power developed by the Jordanelle hydroelectric generation facility will be purchased by Heber Light and Power and sold to their customers.

Dated: February 2, 2004.

SUPPLEMENTARY INFORMATION:

Background

On March 16, 1934, Congress passed and President Franklin Roosevelt signed the Migratory Bird Hunting Stamp Act. Popularly known as the Duck Stamp Act, it required all waterfowl hunters 16 years or older to buy a stamp annually. The revenue generated was originally earmarked for the Department of Agriculture, but 5 years later was transferred to the Department of the Interior and the U.S. Fish and Wildlife Service to buy or lease waterfowl sanctuaries.

In the years since its enactment, the Federal Duck Stamp Program has become one of the most popular and successful conservation programs ever initiated. Today, some 1.6 million stamps are sold each year, and as of 2002, Federal Duck Stamps have generated more than \$600 million for
