

III. Finding of No Significant Impact

The staff has prepared the EA (summarized above) in support of the proposed license amendment to release the facility for unrestricted use. The NRC staff has evaluated the Experiment Station's request, and the results of the surveys and the assessment, and has concluded that the completed action complies with Subpart E of 10 CFR Part 20. The staff has found that the environmental impacts from the proposed action are bounded by the impacts evaluated by the "Generic Environmental Impact Statement in Support of Rulemaking on Radiological Criteria for License Termination of NRC-Licensed Facilities" (NUREG-1496). On the basis of the EA, the NRC has concluded that the environmental impacts from the proposed action are expected to be insignificant and has determined not to prepare an environmental impact statement for the proposed action.

IV. Further Information

The EA and the documents related to this proposed action, including the application for the license amendment and supporting documentation, are available for inspection at NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm/adams.html> (ADAMS Accession Nos. BILLING CODE 7590-01-P

POSTAL RATE COMMISSION

[Docket No. C2004-1; Order No. 1399]

Periodicals Rate Complaint

AGENCY: Postal Rate Commission.

ACTION: Notice and order on new complaint docket.

SUMMARY: This document announces the Commission's intention to hold hearings on a formal complaint filed by several major Periodicals mailers. The complaint concerns the alleged inconsistency of certain Periodicals rates with several provisions of the Postal Reorganization Act, given several developments affecting the viability of the longstanding rate structure. The Commission also announces several related procedural steps.

DATES: 1. Deadline for filing direct testimony: April 26, 2004.

2. Deadline for filing notices of intervention: May 21, 2004.

ADDRESSES: File all documents referred to in this order electronically via the Commission's Filing Online system at <http://www.prc.gov>.

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, 202-789-6818.

SUPPLEMENTARY INFORMATION: *Summary.* Five mailers who make extensive use of Outside County Periodicals rates have lodged a formal complaint with the Commission pursuant to section 3662 of the 1970 Postal Reorganization Act (the Act or the PRA).¹ They assert that the Complaint "concerns fundamental reform of the Periodicals rate structure" in the interest of achieving greater conformity with statutory rate making provisions. Complaint at 4. Complainants contend that the need for such reform is clear, as is the path that should be taken to achieve it. They seek hearings on their allegations regarding the inefficacy of the rate structure and other relief consistent with their claims, including the potential adoption of an alternative rate schedule.

The Commission accepts the Complaint under section 3662, over the Postal Service's objection, and announces its intention to hold hearings under section 3624 to determine whether the allegations in the Complaint are valid.² If the Commission finds that to be the case, it will issue a recommended decision on classification changes under section 3623. This decision will not include a rate recommendation.

I. The Time Warner Inc. et al. Complaint

The Complaint includes information addressing applicable Rule 83 provisions, such as identification of the Complainants; a statement of the grounds for the complaint and the

¹ Complaint of Time Warner Inc., Condé Nast Publications, a Division of Advance Magazine Publishers Inc., Newsweek, Inc., The Reader's Digest Association, Inc. and TV Guide Magazine Group, Inc. Concerning Periodicals Rates, January 12, 2004 (Complaint). These mailers are also collectively referred to in this order as Complainants.

² The American Postal Workers Union, AFL-CIO (APWU), in a February 13, 2004 letter addressed to the Secretary of the Commission, expressed its opposition to the Complaint. Reasons include the Complaint's reliance on Docket No. R2001-1 rate case assumptions; concern that the proposal is a "radical departure" from the current methodology; the possibility of establishing a poor precedent; the absence of an allegation that current Periodicals rates are illegal; and the alleged inappropriateness of the Commission's interference in the discussion process. The rules of practice do not specifically authorize the APWU's filing at this point in the absence of a motion, but the Commission accepts it and has considered the points it raises in reaching its conclusions.
