ACTION: Notice.

SUMMARY: The United States Trade Representative (USTR) has determined that Sierra Leone has adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents in connection with shipments of textile and apparel articles and has implemented and follows, or is making substantial progress toward implementing and following, the customs procedures required by the African Growth and Opportunity Act (AGOA). Therefore, imports of eligible products from Sierra Leone qualify for the textile and apparel benefits provided under the AGOA.

DATES: Effective April 5, 2004.

FOR FURTHER INFORMATION CONTACT:

William Jackson, Director for African Affairs, Office of the United States Trade Representative, (202) 395–9514.

SUPPLEMENTARY INFORMATION: The AGOA (Title I of the Trade and Development Act of 2000, Pub. L. No. 106-200) provides preferential tariff treatment for imports of certain textile and apparel products of beneficiary sub-Saharan African countries. The textile and apparel trade benefits under the AGOĀ are available to imports of eligible products from countries that the President designates as "beneficiary sub-Saharan African countries," provided that these countries: (1) Have adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents; and (2) have implemented and follow, or are making substantial progress toward implementing and following, certain customs procedures that assist U.S. Customs and Border Protection in verifying the origin of the products.

In Proclamation 7350 (Oct. 2, 2000). the President designated Sierra Leone as a "beneficiary sub-Saharan African country." Proclamation 7350 delegated to the USTR the authority to determine whether designated countries have met the two requirements described above. The President directed the USTR to announce any such determinations in the Federal Register and to implement them through modifications of the Harmonized Tariff Schedule of the United States (HTS). Based on actions that Sierra Leone has taken, I have determined that Sierra Leone has satisfied these two requirements.

Accordingly, pursuant to the authority vested in the USTR by Proclamation 7350, U.S. note 7(a) to subchapter II of chapter 98 of the HTS and U.S. note 1 to subchapter XIX of

chapter 98 of the HTS are each modified by inserting "Sierra Leone" in alphabetical sequence in the list of countries. The foregoing modifications to the HTS are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the date of publication of this notice. Importers claiming preferential tariff treatment under the AGOA for entries of textile and apparel articles should ensure that those entries meet the applicable visa requirements. See Visa Requirements Under the African Growth and Opportunity Act, 66 FR 7837 (2001).

The interim environmental review is available at http://www.ustr.gov/environment/environmental.shtml. Copies of the review will also be sent to interested

members of the public by mail upon request.

SUPPLEMENTARY INFORMATION: The Trade Act of 2002 provides that the President shall conduct environmental reviews of [certain] trade agreements consistent with Executive Order 13141-Environmental Review of Trade Agreements (64 FR 63,169, Nov. 18, 1999) and its implementing guidelines (65 FR 79,442, Dec. 19, 2000) and report on such reviews to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate. The Order and guidelines are available at http:// www.ustr.gov/environment/ environmental.shtml. USTR, through the TPSC, will perform an environmental review of the agreement pursuant to the authority delegated by the President in Executive Order 13277 (67 FR 70305).

The purpose of environmental reviews is to ensure that policymakers and the public are informed about reasonably foreseeable environmental impacts of trade agreements (both positive and negative), to identify complementarities between trade and environmental objectives, and to help shape appropriate responses if environmental impacts are identified. Reviews are intended to be one tool, among others, for integrating environmental information and analysis into the fluid, dynamic process of trade negotiations. USTR and the Council on Environmental Quality jointly oversee implementation of the Order and Guidelines. USTR, through the Trade Policy Staff Committee (TPSC), is responsible for conducting the individual reviews.

Advance Notice of Potential Expansion of Coverage of WTO Government Procurement Agreement

AGENCY: Office of the United States Trade Representative.

ACTION: Advance Notice of Potential Expansion of Coverage of WTO Government Procurement Agreement.

FOR FURTHER INFORMATION CONTACT: Jean Heilman Grier, Senior Procurement Negotiator, Office of the United States Trade Representative, (202) 395–9476.

Background

Currently, there are 28 Parties to the WTO Government Procurement Agreement (GPA). They are: Austria, Belgium, Canada, Denmark, European Communities, Finland, France, Germany, Greece, Hong Kong China, Iceland, Ireland, Israel, Italy, Japan, Korea, Liechtenstein, Luxembourg, Netherlands, Netherlands with respect to Aruba, Norway, Portugal, Singapore, Spain, Sweden, Switzerland, United Kingdom, and the United States. Suppliers from each of those countries are able to participate, on a reciprocal basis, in the government procurement of the other countries, subject to the terms and conditions set out in the GPA. The

terms include a list of the entities from each country that are subject to GPA rules.

On May 1, 2004, 10 countries will join the European Communities (EC). They are: the Czech Republic, Republic of Estonia, Republic of Cyprus, Republic of Latvia, Republic of Lithuania, Republic of Hungary, Republic of Malta, Republic of Poland, Republic of Slovenia and Slovak Republic ("new EC Member States"). The EC has notified the other GPA Parties of its intention that the GPA will be binding on the new EC Member States as of May 1, 2004. The EC is consulting with the other GPA Parties with regard to the lists of the entities of the new EC Member States that would be subject to the GPA rules.

Future Action

When the WTO Committee approves the application of the GPA to the 10 new EC Member States, U.S. suppliers will be able to participate in the government procurement of those countries. Similarly, based upon a determination that the U.S. Trade Representative will make under the Trade Agreements Act of 1979, as amended, suppliers from the new EC Member States will be eligible to participate in U.S. government procurement under the same terms and conditions as suppliers from the countries that are currently covered by the GPA. That determination will be published in the Federal Register prior to May 1, 2004.
