SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval of the following information collection:

Title: Financial Subsidiaries and Operating Subsidiaries—12 CFR 5.

OMB Number: 1557-0215.

Form Number: None.

Abstract: This submission covers an existing regulation and involves no change to the regulation or to the information collections embodied in the regulation. The OCC requests only that OMB renew its approval of the information collections in the current regulation.

The regulatory requirements regarding this information collection are located as follows:

12 CFR 5.24(d)(2)(ii)(G)—Conversion: An institution must identify all subsidiaries that will be retained following a conversion and provide information and analysis of the subsidiaries' activities that would be required if the converting bank or savings association were a national bank

establishing each subsidiary pursuant to 12 CFR 5.34 or 5.39. The OCC will use the information to determine whether to grant the financial institution's request to convert to a national charter.

12 CFR 5.33(e)(3)(i) and (ii)—Business combinations: A national bank must identify any subsidiary to be acquired in a business combination and state the activities of each subsidiary. A national bank proposing to acquire, through a business combination, a subsidiary of a depository institution other than a national bank must provide the same information and analysis of the subsidiary's activities that would be required if the applicant were establishing the subsidiary pursuant to 12 CFR 5.34 or 5.39.

The OCC needs this information regarding a subsidiary to be acquired to determine whether to approve the business combination. The OCC will use this information to confirm that the proposed activity is permissible for a national bank operating subsidiary and to ensure that a bank proposing to conduct activities through a financial subsidiary satisfies relevant statutory criteria.

12 CFR 5.34—Operating subsidiaries: A national bank must file a notice or application to acquire or establish an operating subsidiary, or to commence a new activity in an existing operating subsidiary. The application or notice provides the OCC with needed information regarding the activities and location(s) of the operating subsidiaries. The OCC will review the information to determine whether proposed activities are legally permissible, to ensure that the proposal is consistent with safe and sound banking practices and OCC policy, and that it does not endanger the safety and soundness of the parent national bank.

12 CFR 5.35(f)(1) and (2)—Bank service companies: Under 12 CFR 5.35(f)(1), a national bank that intends to make an investment in a bank service company, or to perform new activities in an existing bank service company, must submit a notice to and receive prior approval from the OCC.

Under 12 CFR 5.35(f)(2), a national bank that is well capitalized and well managed may invest in a bank service company, or perform a new activity in an existing bank service company, by providing the appropriate OCC district office written notice within 10 days after the investment, if the bank service company engages only in the activities listed in 12 CFR 5.34(e)(5)(v). The OCC will review after-the-fact notices to confirm the permissibility of the national bank's investment in the bank service company.

12 CFR 5.36(e)—Other equity investments—Non-controlling investments: A national bank may make a non-controlling investment, directly or through its operating subsidiary, in an enterprise that engages in the activities described in 12 CFR 5.36(e)(2) by filing a written notice. The OCC will use the information provided in the notice to confirm that the national bank is well capitalized and well managed, and that the bank meets the requirements applicable to non-controlling investments.

12 CFR 5.39—Financial subsidiaries: A national must file a notice prior to acquiring a financial subsidiary or engaging in activities authorized pursuant to section 5136A(a)(2)(A)(i) of the Revised Statutes (12 U.S.C. 24a) through a financial subsidiary. A national bank that intends, directly or indirectly, to acquire control of, or hold an interest in, a financial subsidiary, or to commence a new activity in an existing financial subsidiary, must obtain OCC approval through the procedures set forth in 12 CFR 5.39(i)(1) and (2). The OCC will review this information to ensure that a proposed interest acquisition satisfies applicable statutory criteria.

Type of Review: Extension, without change, of a currently approved collection.

Affected Public: Businesses or other for-profit.

Estimated Number of Respondents: 607.

Estimated Total Annual Responses: 607.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 607 burden hours.

Comments: The OCC has a continuing interest in the public's opinion regarding collections of information. All comments will become a matter of public record. The OCC received no comments in response to its initial **Federal Register** notice (69 FR 4203; January 28, 2004) regarding renewal of this information collection.

Nevertheless, members of the public still are invited to submit comments regarding any aspect of this collection of information. Comments are invited specifically on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;

(b) The accuracy of the agency's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
