Aviation Rulemaking Advisory Committee Meeting on Transport Airplane and Engine Issues

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of public meeting.

SUMMARY: This notice announces a public meeting of the FAA's Aviation Rulemaking Advisory Committee (ARAC) to discuss transport airplane and engine (TAE) issues.

DATES: The meeting is scheduled for May 14, 2004, from 11 a.m. to 1:30 p.m.

ADDRESSES: Federal Aviation Administration, 800 Independence Ave., SW., Room 810, Washington, DC 20591.

FOR FURTHER INFORMATION CONTACT:

Alicia K. Douglas, Office of Rulemaking, ARM-204, FAA, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267-9681; facsimile (202) 267-5075; or e-mail at alicia.k.douglas@faa.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463; 5 U.S.C. app. III), notice is given of an ad hoc ARAC meeting to be held May 14, 2004, at the Federal Aviation Administration, 800 Independence Ave., Room 810, Washington, DC. The meeting/teleconference is being held to approve the Avionics Systems Harmonization Working Group (AVSHWG) report and draft associated advisory circular that addresses section 25.1322 pertaining to flight deck alerting systems. The TAE expected to vote on the AVSHWG report and associated draft advisory circular, but did not because of concerns associated with the lack of display color guidance contained in the draft advisory circular, at the February 2004 TAE meeting. At that time, however, TAE members agreed to accept the report and draft advisory circular but to hold the vote at a future date, after the AVSHWG addressed the concerns. This ad hoc TAE meeting is necessary because the AVSHWG report is directly linked to a

safety enhancement recommended by the Commercial Aviation Safety Team (CAST).

The agenda will include:

- Opening remarks.
- Avionics HWG Report and Draft Advisory Circular, AC 25.1322, and Approval.

Attendance is open to the public, but will be limited to the availability of meeting room space and telephone lines. The public may participate by teleconference by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT** after May 4. The public must make arrangements by May 7 to present oral statements at the meeting. Written statements may be presented to the committee at any time by providing 25 copies to the Assistant Executive Director for Transport Airplane and Engine issues or by providing copies at the meeting. Copies of the documents to be voted upon may be made available by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT**.

If you are in need of assistance or require a reasonable accommodation for the meeting or meeting documents, please contact the person listed under the heading **FOR FURTHER INFORMATION CONTACT**. Sign and oral interpretation, as well as a listening device, can be made available if requested 10 calendar days before the meeting.

Issued in Washington, DC, on April 20, 2004.

Ida M. Klepper,

Acting Executive Director, Aviation Rulemaking Advisory Committee.

Supplemental Draft Environmental Impact Statement (SDEIS): Pulaski County, AR

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent to prepare a SDEIS.

SUMMARY: The FHWA is issuing this notice to advise the public that a Supplemental Draft Environmental Impact Statement (SDEIS) will be prepared for a proposed highway project in Pulaski County, Arkansas.

FOR FURTHER INFORMATION CONTACT:

Randal J. Looney, Environmental Specialist, Federal Highway Administration, Arkansas Division, 700 West Capitol Avenue, Room 3130, Little Rock, Arkansas, 72201-3298, Telephone: (501) 324-6430.

SUPPLEMENTARY INFORMATION:

Background

The FHWA, in cooperation with the Arkansas Highway and Transportation Department, will prepare a Supplemental Draft Environmental

Impact Statement (SDEIS) on a proposal to construct the North Belt Freeway, a four-lane, divided fully controlled access facility located on new alignment in northern Pulaski County, Arkansas. In 1994, a Final Environmental Impact Statement (FEIS) and a Record of Decision (ROD) identified a selected alignment. However, a portion of this alignment was not compatible with the City of Sherwood's Master Street Plan, and the project was not included in the Transportation Improvement Program (TIP) developed by Metroplan, the responsible Metropolitan Planning Organization (MPO).

A preliminary reevaluation of the project alignments completed in 2003 attempted to establish if the local community and MPO could support the originally selected project alternative (1A). The public involvement process associated with this reevaluation indicated public opposition for the originally selected alignment alternative.

The proposed project will primarily serve central Arkansas including Little Rock, North Little Rock, Sherwood, Jacksonville, and northern Pulaski County. Due to the length of time since the project's original Draft (EIS) (13 years) and the changes that have occurred within the study corridor, the entire length of the proposed project will be included in the SDEIS. The SDEIS will function as a reassessment for the proposed freeway project in order to satisfy Federal Highway Administration requirements.

In addition to documenting the engineering and environmental aspects of the new alignment alternative, updating the three previously studied alignment alternatives, and considering other feasible alternatives, the SDEIS will provide a comparative analysis of all feasible alternatives with the primary goal of the identification of a preferred alternative for the entire freeway project from Highway 67 to the I-40/I-430 interchange. This SDEIS evaluation will give consideration to Metroplan's Regional Plans and the City of Sherwood's Land Use Plans and Master Street Plans.

To ensure that the full range of issues related to this proposed action and all significant issues are identified, comments and suggestions are invited from all interested parties regarding the proposed North Belt Freeway. Comments or questions concerning this proposed action should be directed to the FHWA Arkansas Division at the address provided above. **FOR FURTHER INFORMATION CONTACT.**
