SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-49797; File No. SR-Amex-2004-41]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the American Stock Exchange LLC To Implement a Quote Assist Feature in Options on a Pilot Program Basis

June 3, 2004.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 28, 2004, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Amex Rule 950(g) to implement a quote-assist feature on a pilot program basis until April 30, 2005. The text of the proposed rule change appears below. New text is in *italics*.

Rule 950

(a) through (f) No change.

(g) The provisions of Rule 156, together with the following additional provision, shall apply to Exchange option transactions:

A broker who has been given a spread order, or a straddle order or a combination order shall not be held

responsible for an execution based upon transaction prices that are established at the opening or close of trading.

* * * Commentary

.01 *The specialist shall maintain and keep active the limit order quote assist feature. The Exchange will establish the time frame within which the quote assist feature will display eligible customer limit orders, which in no event will be longer than 30 seconds. Use of the quote assist feature will be on a pilot program basis until April 30, 2005, or until all option classes have begun trading on the Exchange's new trading system known as ANTE, whichever occurs first.*

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange currently requires all option specialists to execute or display customer limit orders that improve the bid or offer by price or size immediately upon receipt, unless an exception to the requirement applies. The Exchange currently looks to Amex Rule 156 regarding the representation of orders and Article V, Section 4(h) of the Amex Constitution regarding conduct inconsistent with just and equitable principles of trade for its authority to enforce this requirement and will continue to do so until its proposal pending with the Commission to adopt a specific limit order display rule is approved.³ That pending proposed rule change amends Amex Rule 958A by adding a new paragraph (e), which would require specialists to either execute or display customer limit orders immediately upon receipt, unless one of the exceptions set forth in the proposed rule applies.⁴ The pending proposed

⁴ *Id.*

rule change defines “immediately upon receipt” to mean “as soon as practicable which shall mean, under normal market conditions, no later than 30 seconds after receipt.”⁵

To assist specialists in complying with their current and future regulatory obligations as described above, the Exchange proposes to provide specialists with an automated quote assist feature as part of the Amex Options Display Book (also referred to as “AODB”) on a pilot program basis until April 30, 2005. The quote assist feature would automatically display eligible limit orders within a configurable time that can be set only on a floor-wide basis by the Exchange. While all customer limit orders are expected to be displayed immediately, the quote assist feature can be set to automatically display limit orders at or close to the end of the 30-second time frame or within any other shorter time frame established by the Exchange. In the event there are instances where the specialist has not yet addressed the order within the applicable 30-second period, the quote assist feature would automatically display the eligible customer limit order in the limit order book at or close to the end of that period. The quote assist feature would help to ensure that eligible customer limit orders are displayed within the required time period then in effect. Proposed commentary to Amex Rule 950(g) would require specialists to maintain and keep active the limit order quote assist feature. The Exchange will establish the time frame within which the quote assist feature will display eligible customer limit orders, which time frame will not exceed the customer limit order display requirement then in effect.

The quote assist feature is proposed to be used on a pilot program basis until April 30, 2005. Thus, use of the quote assist feature will expire either (i) on April 30, 2005 or (ii) when all option classes have begun trading on the Exchange’s new trading system known as the ANTE System,⁶ whichever occurs first.

Unlike the quote assist feature proposed for the ANTE System, the specialist would not have the ability to deactivate the quote assist feature under the instant proposal. The Exchange would have the ability to deactivate the quote assist feature in AODB only on a floor-wide basis. Should the Exchange wish to deactivate the quote assist

feature for a particular trading day, it would be required to do so after the close of trading on the previous trading day.⁷

The Exchange notes that the proposed quote assist feature would not relieve the specialists of their obligation to display customer limit orders immediately. To the extent that a specialist excessively relies on the quote assist feature to display eligible limit orders without attempting to address the orders immediately, the specialist could be violating his due diligence obligation. However, brief or intermittent reliance on the quote assist feature by a specialist during an unexpected surge in trading activity in an option class would not violate the specialist’s obligation if used when the specialist is not physically able to address all the eligible limit orders within 30 seconds. Upon effectiveness of this rule filing, the Exchange will issue a regulatory notice discussing the issue of excessive reliance on the quote assist feature.

The Exchange would continue to conduct surveillance to ensure that specialists comply with their obligation to execute or book all eligible limit orders within the time period prescribed by Exchange rules or policy. The Exchange commits to conduct surveillance designed to detect whether specialists as a matter of course rely on the quote-assist feature to display all eligible limit orders. A practice of excessive reliance upon the quote assist feature would be reviewed by Member Firm Regulation as a possible due diligence violation. The Exchange commits to run its limit order display exception report at various display intervals in an attempt to detect a pattern suggestive of undue reliance on the quote assist feature. The Exchange commits to report to the Commission every three months the statistical data it uses to determine whether there has been impermissible reliance on the quote assist feature by specialists.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁸ in general and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular in that it is designed to prevent fraudulent and manipulative acts and practices and to

promote just and equitable principles of trade.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4¹¹ thereunder because it does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate; and the Exchange has given the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Under Rule 19b-4(f)(6)(iii) of the Act,¹² the proposal does not become operative for 30 days after the date of its filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, and the Exchange is required to give the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing. The Exchange requested that the Commission accelerate the 30-day operative date to May 31, 2004, so that it might implement the proposed rule change on that date to assist and facilitate specialists’ compliance with their regulatory obligation and ensure that eligible customer limit orders are displayed in the disseminated quotations immediately. states that the implementation of the proposed quote-assist feature in the AODB will be completed on or about May 31, 2004. The Exchange contends that this proposed rule is substantially similar to comparable rules the Commission approved for the Chicago Board Options Exchange, Inc. ("CBOE"), and the New York Stock Exchange, Inc., ("NYSE"), which were published for public notice and comment.¹³ As a result, the Exchange believes that the proposed rule change does not raise any new regulatory issues. The Commission, consistent with the protection of investors and the public interest, has determined to accelerate the 30-day operative date to June 3, 2004,¹⁴ and, therefore, the proposal is effective and operative on that date.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

[Release No. 34-49800; File No. SR-Amex-2004-37]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change and Amendment No. 1 Thereto by the American Stock Exchange LLC Relating to a Change in the Options Transaction Fee Reductions for Non-Member Broker-Dealers in Connection With Cabinet and Spread Trades

June 3, 2004.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 19, 2004, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. On May 28, 2004, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit

comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to lower the amount of the reductions of options transaction fees that are available to non-member broker-dealers in connection with equity options and QQQ options contracts executed as part of an accommodation or cabinet trade ("Cabinet Trades") and reversals and conversions, dividend spreads, box spreads and butterfly spreads ("Spread Trades").

The text of the proposed rule change, as amended, is available at the Amex, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Amex states that it currently imposes charges for transactions in equity and QQQ options executed on the Exchange by non-member broker-dealers. Amex states that the current charges for non-member broker-dealers in equity options are \$0.26 per contract side, consisting of an options transaction fee of \$0.19, an options comparison fee of \$0.04 and an options floor brokerage fee of \$0.03.

Amex represents that, in connection with the recent proposal to reduce options transaction fees for specialists and registered options traders ("ROTs"), it also proposed to lower the amount of the reductions of options transaction fees for specialists, ROTs and member broker-dealers (*i.e.*, firms) in connection with Cabinet Trades and Spread Trades.⁴ Amex states that, for the purpose of uniformity, this proposed rule change seeks to similarly lower the amount of the reductions of options
