

a period not to exceed six months after the date of this declaration.

The Federal Emergency Management Agency (FEMA) hereby gives notice that pursuant to the authority vested in the Under Secretary for Emergency Preparedness and Response, Department of Homeland Security, under Executive Order 12148, as amended, Peter Martinasco, of FEMA is appointed to act as the Federal Coordinating Officer for this declared disaster.

I do hereby determine the following areas of the State of Louisiana to have been affected adversely by this declared major disaster:

Acadia, Iberville, Lafayette, Livingston, Pointe Coupee, St. Landry, St. Martin, and West Baton Rouge Parishes for Individual Assistance.

Acadia, Iberville, Lafayette, Livingston, Pointe Coupee, St. Landry, St. Martin, and West Baton Rouge Parishes in the State of Louisiana are eligible to apply for assistance under the Hazard Mitigation Grant Program.

(The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund Program; 97.032, Crisis Counseling; 97.033, Disaster Legal Services Program; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance; 97.048, Individual and Household Housing; 97.049, Individual and Household Disaster Housing Operations; 97.050 Individual and Household Program-Other Needs, 97.036, Public Assistance Grants; 97.039, Hazard Mitigation Grant Program.)

Michael D. Brown,

Under Secretary, Emergency Preparedness and Response, Department of Homeland Security.

BILLING CODE 9110-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[FEMA-1515-DR]

North Dakota; Amendment No. 1 to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster declaration for the State of North Dakota (FEMA-1515-DR), dated May 5, 2004, and related determinations.

EFFECTIVE DATE: June 9, 2004.

FOR FURTHER INFORMATION CONTACT:

Magda Ruiz, Recovery Division, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-2705.

SUPPLEMENTARY INFORMATION: The notice of a major disaster declaration for the State of North Dakota is hereby amended to include the following areas among those areas determined to have been adversely affected by the catastrophe declared a major disaster by the President in his declaration of May 5, 2004:

Bottineau, Burke, Mountrail, Renville, Towner, and Ward Counties for Public Assistance. All counties and the Tribal Reservations of the Three Affiliated Tribes, Spirit Lake Tribe, Standing Rock Sioux Tribe (that portion of the reservation that lies within the State of North Dakota), and the Turtle Mountain Band of the Chippewa in the State of North Dakota are eligible to apply for assistance under the Hazard Mitigation Grant Program.

(The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund Program; 97.032, Crisis Counseling; 97.033, Disaster Legal Services Program; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance; 97.048, Individual and Household Housing; 97.049, Individual and Household Disaster Housing Operations; 97.050, Individual and Household Program-Other Needs, 97.036, Public Assistance Grants; 97.039, Hazard Mitigation Grant Program.)

Michael D. Brown,

Under Secretary, Emergency Preparedness and Response, Department of Homeland Security.

BILLING CODE 9110-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket No. FEMA-REP-10-WA-1]

Washington Emergency Preparedness and Response Plans for the Columbia Generating Station

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Finding and Determination.

SUMMARY: FEMA gives notice of approval of the State of Washington and local Radiological Emergency Preparedness and Response Plans

specific to the Columbia Generating Station site.

DATES: This certification and approval are effective as of April 28, 2004.

FOR FURTHER INFORMATION CONTACT:

Regional Director, FEMA Region X, 130 228th Street, SW., Bothell, WA 98021-9796. Please refer to Docket No. FEMA-REP-10-WA-1.

SUPPLEMENTARY INFORMATION:

In accordance with the Federal Emergency Management Agency (FEMA) regulations, 44 CFR part 350, the State of Washington originally submitted the Emergency Response and Preparedness Plans specific to the Columbia Generating Station site, located in Benton County, Washington, to the Regional Director of FEMA Region X for review and approval on June 12, 2002. During the review of the site-specific offsite Radiological Emergency Preparedness and Response Plans, the FEMA Region X Regional Assistance Committee identified several planning issues which required correction prior to a recommendation of formal plan approval under 44 CFR part 350. During the FEMA Headquarters review process, several issues were identified which were referred back to FEMA Region X for clarification. Subsequently, on January 23, 2004, the FEMA Region X Director forwarded his evaluation of the offsite Radiological Emergency Preparedness and Response Plans and a recommendation for formal approval, in accordance with Section 350.11 of FEMA's regulations. Included in this evaluation was a review of the Columbia Generating Station's offsite radiological emergency preparedness exercise conducted September 17-18, 2003, in accordance with 44 CFR 350.9 of FEMA regulations, and a report of the Public Meeting conducted on September 15, 2000, in accordance with 44 CFR 350.10 of FEMA's regulations.

Based on the evaluation and recommendation for approval by the FEMA Region X Director and the review by the headquarters staff, in accordance with 44 CFR 350.12 of FEMA's regulations, I find and determine that the State of Washington and local Radiological Emergency Preparedness and Response Plans specific to the Columbia Generating Station site are adequate to protect the health and safety of the public living in the vicinity of the site by providing reasonable assurance that appropriate protective measures can be taken offsite in the event of a radiological emergency and that the plans are capable of being implemented.

On June 17, 1994, FEMA previously approved the prompt alert and notification system installed and

operational around the Columbia Generating Station, in accordance with the criteria of NUREG-0654/FEMA-REP-1, Rev. 1, Appendix 3, and FEMA-REP-10, "Guide for The Evaluation of Alert and Notification Systems for Nuclear Power Plants." FEMA will continue to review the status of the offsite Radiological Emergency Response and Preparedness Plans specific to the Columbia Generating Station site in accordance with 44 CFR 350.13 of FEMA's regulations.

Dated: June 14, 2004.

Michael D. Brown,

Under Secretary, Emergency Preparedness & Response, Department of Homeland Security.

BILLING CODE 9110-21-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability, Draft Restoration Plan and Environmental Assessment

AGENCY: U.S. Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service), on behalf of the Department of the Interior (DOI) and the State of Vermont, announces the release for public review of the draft Restoration Plan and Environmental Assessment (RP/EA) for the Burgess Brothers, Inc. and Tansitor Electronics, Inc. Superfund Sites. The RP/EA describes the Trustees' proposal to restore natural resources injured as a result of the release of hazardous substances from the Sites.

DATES: Written comments must be submitted on or before June 30, 2004.

ADDRESSES: Requests for copies of the RP/EA may be made to: U.S. Fish and Wildlife Service, New England Field Office, 70 Commercial Street, Suite 300, Concord, New Hampshire 03301.

Written comments or materials regarding the RP/EA should be sent to the same address.

FOR FURTHER INFORMATION CONTACT:

Kenneth Munney or Molly B. Sperduto, Environmental Contaminants Program, U.S. Fish and Wildlife Service, 70 Commercial Street, Suite 300, Concord, New Hampshire 03301.

Interested parties may also call 603-223-2541 for further information.

SUPPLEMENTARY INFORMATION: The Burgess Brothers, Inc. and the Tansitor Electronics Inc. Superfund Sites are located in the Hoosic River drainage in Bennington and Woodford, Vermont.

Hazardous waste products from the manufacture of batteries, primarily lead sludge, and other refuse were deposited at the Burgess Site until 1976.

Contamination, erosion and remedial activities resulted in the permanent destruction of approximately 0.6 acres of palustrine emergent and forested wetland habitat. In 1999, the United States of America and the State of Vermont settled claims for natural resource damages associated with the Burgess Site under the authority of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980.

At the Tansitor Site, approximately 1,100 feet of stream were contaminated with silver and other metals due to waste disposal activities. In 1998, the United States of America and the State of Vermont settled claims for natural resource damages associated with the Tansitor Site.

Settlement proceeds from the two Superfund Sites will be used to compensate for loss of natural resources under trusteeship of the DOI and the State of Vermont. A combined restoration initiative is proposed to allow for a larger, more effective and meaningful resource restoration.

The RP/EA is being released in accordance with the CERCLA of 1980 as amended, commonly known as Superfund, (42 U.S.C. 9601 *et seq.*), the Natural Resource Damage Assessment Regulations found at 43 CFR, part 11, and the National Environmental Policy Act (NEPA). It is intended to describe the Trustees' proposals to restore natural resources injured at the Sites and evaluate the potential impacts of each.

The RP/EA describes a number of habitat restoration and protection alternatives and discusses the environmental consequences of each. Restoration efforts which have the greatest potential to restore wetlands and streams and the services those resources provide to wildlife are preferred. Based on an evaluation of the various restoration alternatives, the restoration of degraded wetland and upland habitat at an inactive gravel pit is proposed. This alternative maximizes the benefit to wildlife, restoring approximately 2 acres of wetlands and associated downstream habitat and at least 7 acres of upland grassland habitat.

Interested members of the public are invited to review and comment on the RP/EA. Copies of the RP/EA are available for review at the Service's New England Field Office in Concord, New Hampshire (70 Commercial Street, Suite 300, Concord, New Hampshire). Additionally, the RP/EA will be

available for review at the Service's Web site (<http://northeast.fws.gov/nh/neforevi.html>) and at the Bennington Free Library. Written comments will be considered and addressed in the final RP/EA at the conclusion of the restoration planning process.

Author: The primary author of this notice is Molly Sperduto, U.S. Fish and Wildlife Service, New England Field Office, 70 Commercial Street, Suite 300, Concord, New Hampshire 03301.

Authority: The authority for this action is the CERCLA of 1980 as amended, commonly known as Superfund, (42 U.S.C. 9601 *et seq.*), and the Natural Resource Damage Assessment Regulations found at 43 CFR, part 11.

Dated: May 28, 2004.

Marvin E. Moriarty,

Regional Director, Region 5, U.S. Fish and Wildlife Service, U.S. Department of the Interior.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Final Determination Against Federal Acknowledgement of the Golden Hill Paugussett Tribe

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of final determination.

SUMMARY: Pursuant to 25 CFR 83.10(m), notice is hereby given that the Principal Deputy Assistant Secretary—Indian Affairs (PD AS-IA) declines to acknowledge a group known as the Golden Hill Paugussett Tribe (GHP), c/o Mr. Aurelius H. Piper, Jr., Suite 236, 1440 Whalley Avenue, New Haven, Connecticut 06515, as an Indian tribe within the meaning of Federal law. This notice is based on a final determination that the petitioning group does not satisfy all seven of the criteria set forth in part 83 of title 25 of the Code of Federal Regulations (25 CFR part 83), specifically criteria 83.7(a), (b), (c), and (e), and therefore does not meet the requirements for a government-to-government relationship with the United States.

DATES: This determination is final and will become effective 90 days from publication of this notice, pursuant to 25 CFR 83.10(l)(4), unless a request for reconsideration is filed pursuant to 25 CFR 83.11.

FOR FURTHER INFORMATION CONTACT: R. Lee Fleming, Director, Office of Federal Acknowledgment, (202) 513-7650.
