Public Notice for a Change in Aeronautical Use of Airport Property at Sullivan County International Airport, Monticello, NY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Request for public comment.

SUMMARY: The FAA is requesting public comment on Lancaster Airport, Inc.'s (airport owner) notice of the proposed release of approximately 5 acres of airport property located on the west side of County Road 183 opposite the airport entrance road, to allow for the development of a Bus Garage facility, considered non-aviation development.

This parcel was part of a larger tract, which was purchased by the County for aeronautical use with 50% federal participation. Documents reflecting the sponsor's request are available, by appointment only, for inspection at the Airport manager's office and the FAA Airports District Office.

FAA's action is to release the land from a deed provision requiring aeronautical use of the property. It has been determined that it has no aeronautical use for the parcel now or in the foreseeable future, according to the Sullivan County International Airport Layout Plan.

Since the county remains the owner of the property, no revenue is involved. The airport will benefit from a bus stop at the airport.

Any comments the agency receives will be considered as a part of the discussion.
