#### **CFR PART 150**

# Toledo Express Airport, Toledo, OH

**AGENCY:** Federal Aviation Administration, DOT **ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its findings on the proposed amendment to the noise compatibility program submitted by the Toledo-Lucas County Port Authority for the Toledo Express Airport under the provisions of 49 U.S.C. (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act") and 14 CFR Part 150. These findings are made in recognition of the description of Federal and nonfederal responsibilities in Senate Report No. 96-52 (1980). On January 24, 2003 the FAA determined that the noise exposure maps submitted by the Toledo-Lucas County Port Authority under part 150 were in compliance with applicable requirements. On July 1, 2004, the FAA approved the Toledo Express Airport amendment to the noise compatibility program. All of the recommendations of the program were approved. No program elements relating to new or revised flight procedures for noise abatement were proposed by the airport operator.

**DATES:** The effective date of the FAA's approval of the Toledo Express Airport noise compatibility program is July 1, 2004

FOR FURTHER INFORMATION CONTACT: Ms. Katherin S. Jones, Community Planner, Detroit Airport District Office, 11677 S. Wayne Road, Ste. 107, Romulus, MI 48174. (734) 229–2958. Documents reflecting this FAA action may be reviewed at this same location.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA has given its overall approval to the noise compatibility program for Toledo Express Airport, effective July 1, 2004.

Under section 47504 of the Act, an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulations (FAR) Part 150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval or disapproval of FAR Part 150 program recommendations is measured according to the standards expressed in Part 150 and the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of FAR Part 150;

b. Program measures are reasonably consistent with achieving the goals of reducing existing non-compatible and users around the airport and preventing the introduction of additional non-compatible land uses:

- c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into ares preempted by the Federal Government; and
- d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the

efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

Specific limitations with respect to FAA's approval of an airport noise compatibility program are delineated in FAR Part 150, § 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, state, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measurers covered by the program are eligible for grant-in-aid funding from the FAA. Where federal funding is sought, requests for projects grants must be submitted to the FAA Airports District Office in Romulus, MI.

Toledo-Lucas County Port Authority submitted to the FAA on January 21, 2003 the noise exposure maps, descriptions, and other documentation produced during the noise compatibility planning study conducted from 1999 through 2004. The Toledo Express Airport noise exposure maps were determined by FAA to be in compliance with applicable requirements on January 24, 2003. Notice of this determination was published in the **Federal Register** on February 14, 2003, FR Doc. 03–3600).

The Toledo Express Airport study contains a proposed amendment to the noise compatibility program comprised of actions designed for phased implementation by airport management and adjacent jurisdictions from 2004 to the year 2007. It was requested that the FAA evaluate and approve this material as a noise compatibility program as described in section 47504 of the Act. The FAA began its review of the program on January 14, 2004 and was required by a provision of the Act to approve or disapprove the program within 180 days (other than the use of new or modified flight procedures for noise control). Failure to approve or disapprove such program within the 180-day period shall be deemed to be an approval of such program.

The submitted program contained one proposed action for noise mitigation on and/or off the airport, as applicable). The FAA completed its review and determined that the procedural and substantive requirements of the Act and

FAR Part 150 have been satisfied. The overall program, therefore, was approved by the FAA effective July 1, 2004.

Outright approval was granted for all of the specific program elements. The approved measure was to Acquire the Swanton Township School.

These determinations are set forth in detail in a Record of Approval signed by the Associate Administrator for Airports on July 1, 2004. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal, are available for review at the FAA office listed above and at the administrative offices of the Toledo-Lucas County Port Authority. The Record of Approval also will be available on-line at http://www.faa.gov/arp/environmental/14cfr150/index14.cfm.

Issued in Romulas, MI, July 2, 2004.

# RTCA Special Committee 201: Aeronautical Operational Control (AOC) Message Hazard Mitigation (AMHM)

**AGENCY:** Federal Aviation Administration (FAA), DOT. **ACTION:** Notice of RTCA Special Committee 201 meeting.

SUMMARY: The FAA is issuing this notice to advise the public of a meeting of RTCA Special Committee 201: Aeronautical Operational Control (AOC) Message Hazard Mitigation (AMHM).

DATES: The meeting will be held on August 3–5, 2004, beginning at 9 a.m.

ADDRESSES: The meeting will be held at Boeing, Building 40–82, Meet at 40–86 Building, Everett, Washington.

FOR FURTHER INFORMATION CONTACT: (1) RTCA Secretariat, 1828 L. Street, NW., Suite 805, Washington, DC 20036–5133; telephone (202) 833–9339; fax (202) 833–9434; Web site http://www.rtca.org. SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., appendix 2), notice is hereby given for a Special Committee 201 meeting. The agenda will include:

- August 3:
- Öpening Session (Welcome, Introductory and Administrative Remarks, Review Agenda,

- Background)
- Review of phonecon discussions and conclusions
- Review/Resolve FRAC comments
- Vote to recommend draft be forwarded to PMC for adoption
- Closing Session (Other Business, Date and Place of Next Meeting, Closing Remarks, Adjourn)

**Note:** This agenda will be followed as appropriate over the course of 3 days.

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the FOR FURTHER INFORMATION CONTACT section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on June 23, 2004

# Change Notice for RTCA Program Management Committee

AGENCY: Federal Aviation Administration (FAA), DOT.

2004 starting at 9 a.m.

**ACTION:** Notice of RTCA Program Management Committee meeting.

**SUMMARY:** The FAA is issuing this notice to advise the public of a meeting of the RTCA Program Management Committee. **DATES:** The meeting will be held July 29,

ADDRESSES: The meeting will be held at RTCA, Inc., 1828 L Street, NW., Suite 805, Washington, DC, 20036.

# FOR FURTHER INFORMATION CONTACT:

RTCA Secretariat, 1828 L Street, NW., Suite 850, Washington, DC, 20036; telephone (202) 833–9339; fax (202) 833–9434; Web site http://www.rtca.org.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., Appendix 2), notice is hereby given for a Program Management Committee meeting. The revised agenda will include:

- July 29:
- Open Session (Welcome and Introductory Remarks, Review/Approve Summary of Previous Meeting)

- Publication Consideration/ Approval:
- Final Draft, Interchange Standards for Terrain, Obstacle, and Aerodrome Mapping Data, RTCA Paper No. 107–04/ PMC–326, prepared by SC–193.
- Final Draft, Revised DO–282-Minimum Operational Performance Standards for Universal Access Transceiver (UAT) Automatic Dependent Survelliance-Boardcast (ADS–B), RTCA Paper No. 081–04/ PMC–324, prepared by SC–186
- Final Draft, Assessment of Radio Frequency Interference Relevant to the GNSS L5/E5A Frequency Band, RTCA Paper No. 110–04/PMC–327, prepared by SC–159
- Final Draft, Minimum Operational Performance Standards for Nickel-Cadmium and Lead Acid Batteries, RTCA Paper No. 109–04/PMC–327, prepared by SC–197
- Final Draft Revised DO-257, Interoperability Requirements for ATS Applications Using ARING 622 Data Communications, RTCA Paper No. 112– 04/PMC-329, prepared by SC-189
- Final Draft Revised DO–280, Interoperability Requirements for ATN baseline 1 (INTEROP ATN B1), RTCA Paper No. 113–04/PMC–330, prepared by SC–189.
  - Discussion:
- Special Committee 159, Global Positioning (GPS)
- Consider Proposal to Develop a Ground-Based Regional Augmentation System (GRAS) MOPS
- Reveiw/Approve Revised Terms of Reference
- Unmanned Aircraft-Discussion New Committee Request
- Special Committee Chairman's Report
  - · Action Item Review:
- Possible New SC–189 Activity-Interoperability Requirements for Mixed Data Communications
  - Review/Status
  - Requirements Focus Group
  - Review/Status
- Closing Session (Other Business, Document Production, Data and Place of Next Meeting, Adjourn)

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the FOR FURTHER INFORMATION CONTACT section. Members of the public may present a written statement to the committee at any time.
