Issuance of Permit for Incidental Take of Threatened Species at Eagle's Nest Open Space, Larimer County, Colorado

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permit for incidental take of endangered species.

SUMMARY: On February 27, 2004, a notice was published in the **Federal Register** (Vol. 69 No. 39 FR 9365), that an application had been filed with the U.S. Fish and Wildlife Service (Service) by the Larimer County Parks and Open Lands Department for a permit to incidentally take, under section 10(a)(1)(B) of the Endangered Species Act of 1973 (16 U.S.C. 1539), as amended, Preble's meadow jumping mouse (*Zapus hudsonius preblei*), pursuant to the terms of the "Environmental Assessment/Habitat Conservation Plan for Issuance of an Endangered Species Section 10(a)(1)(B) Permit for the Incidental Take of the Preble's Meadow Jumping Mouse (*Zapus hudsonius preblei*) at Eagle's Nest Open Space in Larimer County, Colorado."

DATES: Notice is hereby given that on August 5, 2004, as authorized by the provisions of the Endangered Species Act, the Service issued a permit (TE-083409-0) to the above named party subject to certain conditions set forth therein. The permit was granted only after the Service determined that it was applied for in good faith, that granting the permit would not be to the disadvantage of the threatened species, and that it would be consistent with the purposes and policy set forth in the Endangered Species Act, as amended.

ADDRESSES: Additional information on this permit action may be requested by contacting the Colorado Field Office,

755 Parfet Street, Suite 361, Lakewood, Colorado 80215.

Dated: August 18, 2004.

John A. Blankenship,

Regional Director, Denver, Colorado.

Minerals Management Service

Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of revision and extension of an information collection (1010-0043).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork

requirements in the regulations under “30 CFR 250, Subpart F, Oil and Gas Well-Workover Operations.” This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

DATES: Submit written comments by September 29, 2004.

ADDRESSES: You may submit comments either by fax (202) 395-6566 or email (*OIRA_DOCKET@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0043). Mail or hand carry a copy of your comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. If you wish to e-mail your comments to MMS, the address is: *rules.comments@mms.gov*. Reference Information Collection 1010-0043 in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Arlene Bajusz, Rules Processing Team, (703) 787-1600. You may also contact Arlene Bajusz to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION: *Title:* 30 CFR 250, subpart F, Oil and Gas Well-Workover Operations.

OMB Control Number: 1010-0043.

Abstract: The Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1331 *et seq.*), as amended, requires the Secretary of the Interior (Secretary) to preserve, protect, and develop sulphur resources on the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resources development with protection of the human, marine, and coastal environments; ensure the public a fair and equitable return on the

resources offshore; and preserve and maintain free enterprise competition.

Section 5(a) of the OCS Lands Act requires the Secretary to prescribe rules and regulations “to provide for the prevention of waste, and conservation of the natural resources of the Outer Continental Shelf, and the protection of correlative rights therein” and to include provisions “for the prompt and efficient exploration and development of a lease area.” These authorities and responsibilities are among those delegated to MMS under which we issue regulations to ensure that operations in the OCS will meet statutory requirements; provide for safety and protection of the environment; and result in diligent exploration, development, and production of OCS leases. This information collection request addresses the regulations at 30 CFR 250, subpart F, Oil and Gas Well-Workover Operations and the associated supplementary notices to lessees and operators intended to provide clarification, description, or explanation of these regulations.

MMS District Supervisors use the information collected to analyze and evaluate planned well-workover operations to ensure that operations result in personnel safety and protection of the environment. They use this evaluation in making decisions to approve, disapprove, or to require modification to the proposed well-workover operations. For example, MMS uses the information to:

- Review log entries of crew meetings to verify that safety procedures have been properly reviewed.
- Review well-workover procedures relating to hydrogen sulfide (H₂S) to ensure the safety of the crew in the event of encountering H₂S.
- Review well-workover diagrams and procedures to ensure the safety of well-workover operations.

- Verify that the crown block safety device is operating and can be expected to function and avoid accidents.

- Verify that the proposed operation of the annular preventer is technically correct and will provide adequate protection for personnel, property, and natural resources.

- Verify the reasons for postponing blowout preventer (BOP) tests, verify the state of readiness of the equipment and to ascertain that the equipment meets safety standards and requirements, ensure that BOP tests have been conducted in the manner and frequency to promote personnel safety and protect natural resources. Specific testing information must be recorded to verify that the proper test procedures were followed.

- Assure that the well-workover operations are conducted on well casing that is structurally competent.

Responses are mandatory. No questions of a “sensitive” nature are asked. MMS will protect proprietary information according to 30 CFR 250.196 (Data and information to be made available to the public) and 30 CFR part 252 (OCS Oil and Gas Information Program).

Frequency: The frequency varies by section, but is primarily monthly or on occasion.

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas or sulphur lessees and operators.

Estimated Reporting and Recordkeeping “Hour” Burden: The estimated annual “hour” burden for this information collection is a total of 19,459 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

| Citation 30 CFR 250 subpart F | Reporting or recordkeeping requirement | Hour burden | Average No. annual responses | Annual burden hours |

Estimated Reporting and Recordkeeping “Non-Hour Cost”

Burden: We have identified no “non-hour cost” burdens.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *”. Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on December 24, 2003, we published a **Federal Register**

notice (68 FR 74645) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by September 29, 2004.

Public Comment Policy: MMS’s practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however, anonymous comments will not be considered. All submissions from

organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.
