

Facts Available

Because Dongil and Hanbo failed to respond to the Department's October 22, 2003, questionnaire and May 11, 2004, letter, the Department preliminarily found that the application of total AFA was warranted. We received no comments from interested parties regarding our preliminary application of total AFA. Therefore, for these final results, we are continuing to apply total AFA exactly as described in the *Preliminary Results*.

Final Results of Review

As a result of our review, we continue to determine the following weighted-average dumping margins exist for the period September 1, 2002, through August 31, 2003:

Manufacturer/exporter	Weighted-average margin (percentage)
Dongil Industries Co., Ltd	102.28
Hanbo Iron & Steel Co., Ltd	102.28

Cash Deposit Rates

The following cash deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of rebar from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended (the Act): (1) The cash deposit for Dongil and Hanbo will be the rate established in the final results of this review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent review period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LFTV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 22.89 percent, the "all others" rate made effective by the LFTV investigation. *See Notice of Final Determination of Sales at Less Than Fair Value: Steel Concrete Reinforcing Bars From the Republic of Korea*, 66 FR 33526 (June 22, 2001). These required cash deposit rates shall remain in effect until publication of the

final results of the next administrative review.

Duty Assessments

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. According to 19 CFR 351.212(b)(1), the Department normally will calculate an assessment rate for each importer of subject merchandise covered by the review by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise for normal customs duty purposes. In the instant review, for the respondents receiving dumping rates based upon AFA, the Department will instruct CBP to liquidate entries according to the AFA *ad valorem* rate. For any shipments by an exporter not identified in this review but entered under the cash deposit rates for DSM, INI Steel, KISCO, and Kosteel, the respondents for which this review is being rescinded, the Department will instruct CBP to assess antidumping duties on any such entries during the POR at the "all others" rate of 22.89 percent. The Department will issue appropriate appraisal instructions directly to CBP within fifteen days of publication of the final results of review.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

Administrative Protective Duties

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing this notice in accordance with sections 751(a)(1) and 777(I)(1) of the Act and 19 CFR 351.213(d).

Notice of Amended Preliminary Antidumping Duty Determination of Sales at Less Than Fair Value and Amendment to the Scope: Wooden Bedroom Furniture From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 9, 2004.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita or Robert Bolling, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4243 or 482-3434, respectively.

SUPPLEMENTARY INFORMATION:**Significant Ministerial Error**

Pursuant to 19 CFR 351.224(g)(1) and (g)(2), the Department of Commerce ("Department") is amending the amended preliminary determination of sales at less than fair value in the antidumping duty investigation of wooden bedroom furniture from the People's Republic of China ("PRC") to reflect the correction of significant ministerial errors that it made with respect to the following Section A respondents: Billy Wood Industrial (Dong Guan) Co., Ltd. ("Billy Wood Industrial"), Great Union Industrial (Dong Guan) Co., Ltd. ("Great Union Industrial"), and Time Faith Limited ("Time Faith") (collectively, "Billy Wood"); Changshu HTC Import & Export Co., Ltd. ("HTC"); Dongguan Liaobushangdun Huada Furniture Factory and Great Rich (HK) Enterprise Company Limited ("Huada"); Zhanjiang Sunwin Arts & Crafts Co., Ltd. ("Sunwin"). Additionally, we are correcting the weighted-average rate assigned to certain Section A respondents that were granted a separate rate from 10.92 to 12.91 percent.

A ministerial error is defined as an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other

similar type of unintentional error which the Secretary considers ministerial. See 19 CFR 351.224(f). A significant ministerial error is defined as an error, the correction of which, singly or in combination with other errors, would result in (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original (erroneous) preliminary determination or (2) a difference between a weighted-average dumping margin of zero or *de minimis* and a weighted-average dumping margin of greater than *de minimis* or vice versa. See 19 CFR 351.224(g). We are publishing this amendment to the preliminary determination pursuant to 19 CFR 351.224(e).

Ministerial-Error Allegation

On August 5, 2004, the Department published an amended preliminary determination in this investigation.¹ The Department received a timely allegation of ministerial errors concerning the calculation of the weighted-average rate assigned to certain Section A respondents from petitioners.² In addition, Billy Wood, Huada, and Sunwin submitted timely allegations of ministerial error claiming that the Department overlooked evidence in their March 1, 2004, Section A responses that they were wholly foreign-owned enterprises and therefore qualified for separate rates. In addition, we have addressed HTC's June 29, 2004 allegation of ministerial errors, which we overlooked in the *Amended Preliminary Determination*. The Department has reviewed these allegations and agrees that some of the errors which the parties alleged are ministerial errors within the meaning of 19 CFR 351.224(f).³ In addition, we have amended the all-others rate applicable to all Section A companies that we have

determined are qualified for a separate rate.⁴ Scope

International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the International Trade Commission ("ITC") of our amended preliminary determination. If our final determination is affirmative, the ITC will determine before the later of 120

days after the date of the preliminary determination or 45 days after our final determination whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports, or sales (or the likelihood of sales) for importation, of the subject merchandise.

This determination is issued and published in accordance with sections

733(f) and 777(I)(1) of the Act and 19 CFR 351.224(e).

DEPARTMENT OF COMMERCE

International Trade Administration

[C-351-829]

Certain Hot-Rolled Flat-Rolled Carbon-Quality Steel Products from Brazil; Extension of Final Results of Expedited Sunset Review of the Suspended Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit for Final Results of Expedited Sunset Review of the Suspended Countervailing Duty Investigation: Certain Hot-Rolled Flat-Rolled Carbon-Quality Steel Products from Brazil.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for its final results in the expedited sunset review of the suspended countervailing duty ("CVD") investigation on certain hot-rolled flat-rolled carbon-quality steel products ("hot-rolled steel") from Brazil. Based on adequate responses from the domestic interested parties and inadequate responses from respondent interested parties (in this case, no response), the Department is conducting expedited sunset review to determine whether revocation of the suspended CVD investigation would lead to the continuation or recurrence of a countervailing subsidy. As a result of this extension, the Department intends to issue final results of this sunset review on or about October 15, 2004.

EFFECTIVE DATE: September 9, 2004.

FOR FURTHER INFORMATION CONTACT: Hilary E. Sadler, Esq., Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340.

Extension of Final Results

In accordance with section 751(c)(5)(C)(ii) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat sunset reviews as extraordinarily complicated if the issues

are complex in order to extend the period of time under section 751(c)(5)(B) of the Act for making a sunset determination. As discussed below, the Department has determined that these issues are extraordinarily complicated. On May 1, 2004, the Department initiated sunset review of the suspended CVD investigation on hot-rolled steel from Brazil. See *Initiation of Five-Year (Sunset) Reviews*, 69 FR 24118 (May 1, 2004). The Department, in this proceeding, determined that it would conduct an expedited sunset review of this suspended CVD investigation based on responses from the domestic interested parties and no responses from the respondent interested parties to the notice of initiation. The Department's final results of this review was scheduled for August 31, 2004; however, the Department needs additional time for its analysis to analyze the issues raised by the parties. Because of the complex issues in these proceedings, the Department will extend the deadline for issuance of the final results. Thus, the Department intends to issue the final results on or about October 15, 2004 in accordance with sections 751(c)(5)(B) and (C)(ii) of the Act.

Dated: August 31, 2004.

Acting Assistant Secretary for Import Administration.
