

and revision of such fishery management plans under circumstances (a) which will enable the States, the fishing industry, consumers, environmental organizations, and other interested persons to participate in the development of such plans, and (b) which take into account the social and economic needs of fishermen and dependent communities. Section 302(j) of the Act also requires that Council members disclose their financial interest in any Council fishery. These interests include harvesting, processing, or marketing activity that is being, or will be, undertaken within any fishery over which the Council concerned has jurisdiction.

The Act further provides that a member shall not vote on a Council decision that would have a significant and predictable effect on a financial interest if there is a close causal link between the Council decision and an expected and substantially disproportionate benefit to the financial interest of the affected individual relative to the financial interest of other participants in the same gear type or sector of the fishery. However, an affected individual who is declared ineligible to vote on a Council action may participate in Council deliberations relating to the decision after notifying the Council of his/her recusal and identifying the financial interest that would be affected.

II. Method of Collection

Respondents submit paper forms. With the exception of the Tribal Government nominees, Council nominees for appointment must provide and file a financial interest form as prescribed by the Secretary prior to the date of appointment. Seated Council members appointed by the Secretary, including the Tribal Government appointees, must file a financial interest form within 45 days of taking office and must file an update of their statements within 30 days of the time any such financial interest is acquired or substantially changed.

III. Data

OMB Number: 0648-0192.

Form Number: NOAA Form 88-195.

Type of Review: Regular submission.

Affected Public: Individuals or households.

Estimated Number of Respondents: 185.

Estimated Time Per Response: 35 min.

Estimated Total Annual Burden Hours: 108.

Estimated Total Annual Cost to Public: \$124.00.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 2, 2004.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 090704A]

Proposed Information Collection; Comment Request; Emergency Beacon Registrations

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before November 15, 2004.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Lou Rubin, 5200 Auth Road, Suitland, MD 20746 (phone 301-457-5678 ext. 112).

SUPPLEMENTARY INFORMATION:

I. Abstract

An international system exists to use satellites to detect and locate ships, aircraft, or individuals in distress if they are equipped with an emergency radio beacon. Persons purchasing a digital distress beacon, operating with a U.S. country code and in the frequency range of 406.010 to 406.100 MHz, must register it with NOAA. The data provided by registration can assist in identifying who is in trouble and in suppressing false alarms.

II. Method of Collection

The respondents complete a paper form (also available on a website) and mail or fax the form to NOAA. On-line registration is also available thereby eliminating paperwork previously required.

III. Data

OMB Number: 0648-0295.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit institutions, and state, local, or tribal government.

Estimated Number of Respondents: 20,000.

Estimated Time Per Response: 15 minutes.

Estimated Total Annual Burden Hours: 5,000.

Estimated Total Annual Cost to Public: \$8,000.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB

approval of this information collection; they also will become a matter of public record.

Dated: September 2, 2004.

BILLING CODE 3510-HR-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 073004A]

Endangered Species; File No. 1462

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permit.

SUMMARY: Notice is hereby given that Inwater Research Group, Inc., 4160 NE Hyline Dr., Jensen Beach, FL, has been issued a permit to take loggerhead (*Caretta caretta*), green (*Chelonia mydas*), hawksbill (*Eretmochelys imbricata*), and Kemp's ridley (*Lepidochelys kempii*) sea turtles for purposes of scientific research.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)713-0376; and Southeast Region, NMFS, 9721 Executive Center Drive North, St. Petersburg, FL 33702-2432; phone (727)570-5301; fax (727)570-5320.

FOR FURTHER INFORMATION CONTACT: Patrick Opay or Ruth Johnson, (301)713-2289.

SUPPLEMENTARY INFORMATION: On May 18, 2004, notice was published in the **Federal Register** (69 FR 28122) that a request for a scientific research permit to take loggerhead, green, hawksbill and Kemp's ridley sea turtles had been submitted by the above-named organization. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Researchers will capture sea turtles using a large mesh tangle net. Animals will be measured, flipper and passive

integrated transponder (PIT) tagged, weighed, blood sampled, photographed and released. Dietary samples will also be extracted from a subset of green sea turtles using a sampling technique called gastric lavage. This research will provide size frequency, disease rate, relative abundance and feeding ecology data on marine turtles utilizing the Lake Worth and the Indian River Lagoon Systems of Florida. Information collected from this study will benefit state and federal managers in the conservation of these marine turtle species. None of the activities are expected to result in mortality. The permit is valid for five years.

Issuance of this permit, as required by the ESA, was based on a finding that such permit: (1) was applied for in good faith, (2) will not operate to the disadvantage of the endangered and threatened species which are the subject of this permit, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: September 8, 2004.

Stephen L. Leathery,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Trademark Law Treaty Implementation Act (Pub. L. 105-330, 302, 112 Stat. 3071 (1998)) required the United States Patent and Trademark Office (USPTO) to study issues surrounding the protection of the official insignia of federally- and state-recognized Native American tribes under trademark law. The USPTO conducted the study and presented a report to the Chairman of the Committee on the Judiciary of the Senate and to the Chairman of the Committee on the Judiciary of the House of Representatives on November 30, 1999. One of the recommendations made in the report was that the USPTO create, maintain, and update an accurate and comprehensive database containing the official insignia of all federally- and state-recognized Native American tribes. In accordance with this recommendation, the Senate Committee on Appropriations directed the USPTO to create this database.

The database of official tribal insignias assists trademark attorneys in their examination of applications for trademark registration. Additionally, the database provides evidence of what a federally- or state-recognized Native American tribe considers to be its official insignia. The database serves as a reference for examining attorneys when determining the registrability of a mark that may be similar to the official insignia of a Native American tribe. The insignia database is also available to the public on the USPTO Web site.

Tribes are not required to request that their official insignia be included in the database. The entry of an official insignia into the database does not confer any rights to the tribe that submitted the insignia, and entry is not the legal equivalent of registering the insignia as a trademark under 15 U.S.C. 1051 *et seq.* The inclusion of an official tribal insignia in the database does not create any legal presumption of validity or priority, does not carry any of the benefits of Federal trademark registration, and is not a determination as to whether a particular insignia would be refused registration as a
