### Bureau of Land Management

[NV-930-1430-ET; NVN-78993, 4-08807]

### Notice of Proposed Withdrawal and Opportunity for Public Meeting; Nevada

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The Department of Veterans Affairs (VA) has asked the Secretary of the Interior to transfer jurisdiction of 154.70 acres of public land within Clark County, Nevada, to the Department of Veterans Affairs for a period of 20 years the land to be dedicated to the use of the VA for a medical center.

**DATES:** Comments and requests for a public meeting must be received by December 27, 2004.

**ADDRESSES:** Comments and meeting requests should be submitted in writing to the Bureau of Land Management (BLM), Nevada State Director, P.O. Box 12000, Reno, Nevada 89520-0006.

**FOR FURTHER INFORMATION CONTACT:** Dennis Samuelson, Bureau of Land Management, Nevada State Office, 775-861-6532.

**SUPPLEMENTARY INFORMATION:** The Department of Veterans Affairs has filed an application to withdraw, reserve and transfer jurisdiction over the following described land from the Department of the Interior (Interior) to the VA:

#### Mount Diablo Meridian

T. 19 S., R. 62 E.,  
Sec. 19, lots 2 and 3, SE $\frac{1}{4}$ NW $\frac{1}{4}$  and  
NE $\frac{1}{4}$ SW $\frac{1}{4}$ .

The area described contains 154.70 acres in Clark County.

The above-described public land also is located within the city limits of the City of North Las Vegas, Nevada. The purpose of the proposed withdrawal, reservation and transfer of jurisdiction

(hereinafter the “withdrawal”) is to allow the VA to construct, operate and maintain a medical center, including a hospital, an outpatient clinic and a nursing home for the care of veterans of the United States armed forces. The term of the proposed withdrawal would be for 20 years and, in the future, the withdrawal could be renewed for the like terms if, when a renewal is requested, it is determined by Interior that the same need for the land as a VA medical center continues to exist.

Currently the above-described public land is subject to a protective withdrawal established pursuant to section 4 (c) of Pub. L. 105–263, as amended. Consequently, there is no need to segregate the above-described land from the operation of the general land laws while BLM processes the VA withdrawal application; and, therefore, this notice does not specify a segregation period.

All persons who wish to submit written comments, including suggestions, or objections in connection with the proposed withdrawal may submit their views by mail in writing to the BLM, Nevada State Director at the address listed above by December 27, 2004. Letters must be post-marked within the 90-day period.

The application and case file for the proposed withdrawal and relevant comments, including names and street addresses of respondents, will be available for public review at the Nevada State Office, 1340 Financial Boulevard, Reno, Nevada, during regular business hours, 7:30 a.m. to 4:30 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal should submit a written request to the Nevada State Director by December 27, 2004. If the authorized officer determines that a public meeting will be held, a notice of the time and place will be published in

the **Federal Register** at least 30 days before the scheduled date of the meeting.

This proposed withdrawal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which will not significantly conflict with the proposed use may be allowed with the approval of the BLM authorized officer.

(Authority: 43 U.S.C. 1714(b)(1))

Cheryl Blundon, Rules Processing Team at (703) 787–1600. You may also contact Cheryl Blundon to obtain a copy, at no cost, of Form MMS–144.

#### SUPPLEMENTARY INFORMATION:

*Title:* Form MMS–144, Rig Movement Notification Report.

*OMB Control Number:* 1010–0150.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation’s energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. Section 1332(6) of the Act requires that “operations in the [O]uter Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstruction to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health.”

This ICR concerns the regulations in 30 CFR 250 subparts D, E, and F, specifically Sections 403(c), 502, and 602, on the movement of drilling, completion, and workover rigs and related equipment on and off an offshore platform or from well to well on the same offshore platform. The requirement for operators to notify MMS of rig movements is only specifically stated in § 250.403(c). Since MMS is mandated to perform timely inspections on rigs and platforms, we must have accurate information with regard to their location on the OCS. We use this information in scheduling inspections with regard to priority and cost effectiveness.

However, because of the increased volume of activity in the Gulf of Mexico Region (GOMR), it is now standard MMS procedure to require this notification as a condition of approval
