North American Free Trade Agreement—Transitional Adjustment Assistance Program: General Administration Letter Interpreting Federal Law

The Employment and Training Administration interprets Federal law requirements pertaining to the North American Free Trade Agreement—Transitional Adjustment Assistance (NAFTA—TAA). These interpretations are issued in General Administration Letters (GALs) to the State Workforce Agencies. Several GALs were inadvertently omitted from publication in the **Federal Register** by a previous Administration. In order to correct these omissions, the GALs described below are published in the **Federal Register** in order to inform the public.

GAL 7-94, Change 1, Change 2, and Change 3 to amend operating instructions issued in GAL 7-94 that address applicant processing procedures

for workers certified as eligible to apply for benefits under both subchapters A (the regular TAA program), and D (the NAFTA—TAA program), of Chapter II, Title II of the Trade Act of 1974, as amended.

GAL 7-94, Change 1

Changes to the TAA program operating instructions in GAL 7-94, Change 1 focus on revising operating instructions to the States pertaining to nonduplication of assistance, allowing workers eligible for both NAFTA-TAA and regular TAA programs to make a one-time change in program participation in cases where certification for a second Trade program occurs after the worker has begun to receive benefits under the other Trade program. States are also encouraged to implement applicant tracking and reporting procedures that will ensure States' compliance and allow the States to evaluate Trade program effectiveness.

GAL 7-94, Change 2

Changes to the TAA program operating instructions in GAL 7-94, Change 2 focus on amended operating instructions to the State Agencies in regard to making individual eligibility determinations for Trade Readjustment Allowance (TRA) benefits under the NAFTA—TAA program. These new instructions implement the United States District Court for the District of Columbia preliminary approval, pending a hearing for class members, of a settlement of *Baker v. Reich* between the Department of Labor and the United Auto Workers Union (UAW).

GAL 7-94, Change 3

This GAL provides for States use of NAFTA—TAA program funds for dual eligible workers that opt for TAA, in order to provide training, job search and relocation services in cases where regular Trade program funds are not available (either the State does not have funds in its regular Trade account or has not received requested regular Trade funds from the National Office).
