[Docket No. RP05-157-002]

Saltville Gas Storage Company L.L.C.; Notice of Negotiated Rate

March 24, 2005.

Take notice that on March 18, 2005 Saltville Gas Storage Company L.L.C. (Saltville) tendered for filing negotiated rate transactions with Virginia Gas Distribution Company, Sequent Energy Management, L.P., the Oak Ridge Utility District, and NJR Energy Services (collectively, Service Agreements).

Saltville states that the purpose of this filing is to comply with the Commission's order issued February 18, 2005, in *Saltville Gas Storage Company L.L.C.*, 110 FERC ¶ 61,174 (2005).

Saltville states that copies of the filing were mailed to all parties on the official service list maintained by the Commission for this proceeding.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission,

888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. EC05-60-000]

Zilkha Renewable Energy, LLC, Blue Canyon Windpower LLC and GS Wind Holdings LLC; Notice of Filing

March 24, 2005.

Take notice that on March 18, 2005, Zilkha Renewable Energy, LLC, Blue Canyon Windpower LLC (Blue Canyon), and GS Wind Holdings LLC (GS Wind Holdings) (collectively, Applicants) submitted an application pursuant to Section 203 of the Federal Power Act, seeking authorization for a transaction that would result in the transfer of an indirect minority interest in certain transmission facilities associated with Blue Canyon's 45-turbine wind farm, with a nameplate capability of 74.25 megawatts, located in southwestern Oklahoma and in Blue Canyon's tariff for sales of power at wholesale to GS Wind Holdings, and requesting expedited consideration of the Application and certain waivers. Applicants have requested confidential treatment of Exhibit B-2 and Exhibit I. Applicants state that the Transaction will have no effect on competition, rates or regulation and is in the public interest.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to

become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP05-234-000]

Marathon Oil Company, Complainant v. Trailblazer Pipeline Company, Respondent; Notice of Complaint

March 24, 2005.

Take notice that on March 22, 2005, Marathon Oil Company (Marathon) filed a formal complaint against Trailblazer Pipeline Company (Trailblazer) pursuant to section 206 of the Commission's Rules and Regulations alleging that Trailblazer violated the Commission's Negotiated Rate Policy, the Natural Gas Act, the Commission's Part 284 Regulations and the Commission's Order authorizing Trailblazer to charge negotiated rates, as well as section 38 of the General Terms and Conditions of Trailblazer's tariff.

Marathon alleges that Trailblazer's rates under FTSX Agreement Nos. 927144 and 919467 are unlawful in that they are the product of the exercise of market power by Trailblazer and are unduly discriminatory under section 4 of the Natural Gas Act. Marathon alleges that Trailblazer failed to offer negotiated rate shippers the cost based recourse rate for its Expansion 2002 FTS service and is charging negotiated rate shippers vastly different rates for the same service.

Marathon requests that the Commission order Trailblazer to disgorge and return to Marathon all revenues collected in excess of the applicable cost-of-service rates under FTSX Agreement Nos. 927144 and 919467. In addition, Marathon requests that the Commission rule that Trailblazer may not charge Marathon rates higher than the Commission-approved recourse rates for the remaining terms of these agreements.

Marathon Oil Company certifies that copies of the Complaint were served on the contacts for Trailblazer Pipeline Company as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2232-467]

Duke Energy Corporation; Notice of Availability of Environmental Assessment

March 22, 2005.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR Part 380), Commission staff have reviewed plans, filed October 8, 2004, to perform embankment seismic stability improvement work at Paddy Creek Dam, part of the Catawba-Wateree Project's Bridgewater Development, which is located on the Catawba River in McDowell and Burke counties, North Carolina. The project occupies nine counties in North Carolina and five counties in South Carolina.

The project licensee, Duke Energy Corporation (Duke Power), plans to add an earthfill berm to the downstream side of the embankment of Paddy Creek Dam. The work is planned because it has been determined that Paddy Creek Dam could fail during the design seismic event. Accordingly, the Commission required remediation under Part 12 of its regulations. In the environmental assessment (EA), Commission staff has analyzed the probable environmental effects of the proposed work and has concluded that approval, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission's Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-2232) in the docket number field to access the

document. For assistance, call (202) 502-8222, or (202) 502-8659 (for TTY).

[Project No. 382-026 and Project No. 178-017]

Southern California Edison Company and Pacific Gas & Electric Company; Notice of Availability of Draft Environmental Assessment

March 22, 2005.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the applications for license for the Borel Hydroelectric Project (P-382-026) and Kern Canyon Hydroelectric Project (P-178-017) and has prepared a Draft Environmental Assessment (DEA) for the projects. The Borel Hydroelectric Project is located on the Kern River near the town of Bodfish in Kern County, California. The canal intake for the project is located on approximately 188 acres of Sequoia National Forest Service lands. The Kern Canyon Hydroelectric Project is located on the Kern River, near the Town of Bakersfield in Kern County, California. The project occupies approximately 11.26 acres of public land located within the Sequoia National Forest.

The DEA contains the Staff's analysis of the potential environmental impacts of the projects and concludes that licensing the projects, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is on file with the Commission and is available for public inspection. The DEA is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link.
