[Project No. 12187-000, Illinois]

Price Dam Partnership, Limited; Notice of Availability of Environmental Assessment

March 29, 2005.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission or FERC) regulations contained in the Code of Federal Regulations (CFR) (18 CFR part 380 [FERC Order No. 486, 52 FR 47897]), the Office of Energy Projects staff (staff) has reviewed the application for an original license for the Price Dam Hydroelectric Project, located on the Mississippi River in the city of Alton, Illinois, Wood River Township, Madison County, Illinois. Staff has prepared an Environmental Assessment (EA) for the project. The project would be constructed on the St. Louis District, U.S. Corps of Engineers (Corps) Melvin Price Locks & Dam and would occupy about 1.81 acres of Federal lands and facilities. In this EA, the staff has analyzed the potential environmental effects of the proposed project and has concluded that licensing the project, with staff's recommended measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

Copies of the EA are available for review in the Public Reference Branch, Room 2-A, of the Commission's offices at 888 First Street, NE., Washington, DC 20426.
