

and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the Secretary's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent increase in antidumping duties by the amount of antidumping and/or countervailing duties reimbursed.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO are sanctionable violations.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 2, 2005.

Barbara E. Tillman,

Acting Assistant Secretary for Import Administration.

APPENDIX I

List of Comments and Issues in the Decision Memorandum

I. List of Comments:

Tat Konserve A.S. (Tat)

Comment 1: Whether the Department Should Reject Tat's February 24, 2004, Submission

Comment 2: Calculation Error in Affiliated Party Arm's-Length Test

Comment 3: Whether the Department Should Continue to Collapse Tat's Wheat Codes

Comment 4: Whether the Department Should Correct Tat's Cost Test to Account for Different Levels of Trade
Comment 5: Whether the Department Double-Counted Tat's Countervailing Duties

Comment 6: Modification of Imputed Credit Calculations

Filiz Gida Sanayi ve Ticaret A.S. (Filiz)

Comment 7: The Department Should Continue to Collapse Wheat Codes 1 and 2 But Correct for a Clerical Error

Persulfates from the People's Republic of China: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 6, 2004, the Department of Commerce (the Department) published the preliminary results of the antidumping duty administrative review of persulfates from the People's Republic of China (the PRC). This review covers one exporter of the subject merchandise, Shanghai AJ Import & Export Corporation (Ai Jian). The period of review is July 1, 2002, through June 30, 2003. Based on our analysis of the comments received, we have made certain changes in the margin calculations. See the section entitled "Changes Since the Preliminary Results" listed below. The final weighted-average dumping margin is listed below in the section entitled "Final Results of the Review."

EFFECTIVE DATE: February 9, 2005.

FOR FURTHER INFORMATION CONTACT: Tisha Loeper-Viti or Erol Yesin, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-7425 and (202) 482-4037, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 6, 2004, the Department published the preliminary results of the 2002-2003 administrative review of the antidumping duty order on persulfates from the PRC. See *Persulfates from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 47887 (August 6, 2004) (*Preliminary Results*). In these results the Department relied on the financial statement of a single Indian producer of identical merchandise to calculate surrogate financial ratios for Ai Jian. On October 29, 2004, we recalculated our preliminary results using the financial statements of two Indian producers of comparable merchandise to calculate surrogate financial ratios. For details, see Memorandum on Recalculation of Preliminary Results of Review from Jeffrey A. May, Deputy Assistant Secretary, to James J. Jochum, Assistant Secretary for Import Administration,

dated October 29, 2004. We invited interested parties to comment on both the preliminary and recalculated preliminary results of review. The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of Review

The products covered by this order are persulfates, including ammonium, potassium, and sodium persulfates. The chemical formula for these persulfates are, respectively, $(\text{NH}_4)_2\text{S}_2\text{O}_8$, $\text{K}_2\text{S}_2\text{O}_8$, and $\text{Na}_2\text{S}_2\text{O}_8$. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Sodium persulfates are classifiable under HTSUS subheading 2833.40.20. Ammonium and other persulfates are classifiable under HTSUS subheadings 2833.40.50 and 2833.40.60. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Separate Rates

Ai Jian has requested a separate, company-specific antidumping duty rate. In our preliminary results, we found that Ai Jian had met the criteria for the application of a separate antidumping duty rate. See *Preliminary Results*, 69 FR at 47888. We have not received any other information since the preliminary results which would warrant reconsideration of our separate-rates determination with respect to this company. Therefore, we have assigned an individual dumping margin to Ai Jian for this administrative review.

Analysis of Comments Received

All issues raised in the case briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum (Decision Memo) from Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated February 2, 2005, which is adopted by this notice. A list of the issues which parties have raised and to which we have responded, all of which are in the Decision Memo, is attached to this notice as an Appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit in Room B-099 of the main Commerce Building. In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>.

The paper copy and electronic version of the Decision Memo are identical in content.

Changes from the Preliminary Results

For purposes of the final results, we have made certain changes in the margin calculation for Ai Jian. For a discussion of these changes, see the "Margin Calculations" section of the Decision Memo.

Final Results of Review

As a result of our review, we determine that the following weighted-average percentage margin exists for the period July 1, 2002, through June 30, 2003:

Manufacturer/exporter	Margin (percent)
Shanghai Ai Jian Import and Export Corporation	3.30

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated customer-specific assessment rates by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise. Where the importer-specific assessment rate is above *de minimis* we will instruct CBP to assess antidumping duties on that importer's entries of subject merchandise. The Department will issue appropriate assessment instructions directly to the CBP within 15 days of publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a) of the Act: (1) for Ai Jian, the cash-deposit rate will be 3.30 percent; (2) for previously reviewed or investigated companies not listed above that have separate rates, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) the cash-deposit rate for all other PRC exporters will be 119.02 percent, the PRC-wide rate established in the less-than-fair-value investigation; and (4) the cash-deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of

that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice also serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and in the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 2, 2005.

Barbara E. Tillman,

Acting Assistant Secretary for Import Administration.

Appendix

Comments and Responses:

Comment 1: Use of financial statements from Asian Peroxides, Limited (APL) and National Peroxides Limited (NPL), producers of comparable merchandise

Comment 2: Use of financial statements of Gujarat and Calibre to calculate a surrogate SG&A ratio

Comment 3: Use of financial information from "potentially sick" companies

Comment 4: Categorization of "consumables consumed" in APL's financial statement

Comment 5: Offset of APL and NPL's SG&A expenses with interest and dividend income

Comment 6: SG&A labor

Comment 7: Use of NPL's most contemporaneous financial statement

Comment 8: Affiliation between Chinese exporter and U.S. customer

Comment 9: Surrogate labor rate

Comment 10: seB APPENDTreatment of non-dumped sales

Structural Steel Beams from Korea; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 3, 2004, the Department of Commerce (the Department) published the preliminary results of administrative review of the antidumping order covering structural steel beams from the Republic of Korea. *See Structural Steel Beams from Korea: Preliminary Results of Antidumping Duty Administrative Review*, 69 FR 53887 (September 3, 2004) (*Preliminary Results*). The merchandise covered by this order is structural steel beams as described in the "Scope of the Review" section of this notice. The period of review (POR) is August 1, 2002, through July 31, 2003. We invited parties to comment on our *Preliminary Results*. Based on our analysis of the comments received, we have not made any changes in the margin calculations. Therefore, the final results are unchanged from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of the Review."

EFFECTIVE DATE: February 9, 2005.

FOR FURTHER INFORMATION CONTACT:

Mark Flessner or Robert James, at (202) 482-6312 or (202) 482-0649, respectively, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Scope of the Review

The products covered by this review are doubly-symmetric shapes, whether hot- or cold-rolled, drawn, extruded, formed or finished, having at least one dimension of at least 80 mm (3.2 inches or more), whether of carbon or alloy (other than stainless) steel, and whether or not drilled, punched, notched, painted, coated or clad. These products include, but are not limited to, wide-flange beams ("W" shapes), bearing piles ("HP" shapes), standard beams ("S" or "I" shapes) and "M" shapes. All products that meet the physical and metallurgical descriptions provided above are within the scope of this review unless otherwise excluded. The
