SUPPLEMENTARY INFORMATION:

I. Background

Section 408(a) of ERISA provides that the Secretary may grant exemptions from the prohibited transaction provisions of sections 406 and 407(a) of ERISA and directs the Secretary to establish an exemption procedure with respect to such provisions. In this regard, the Department previously issued a regulation which describes the procedures that must be followed in filing for such exemptions (29 CFR 2570.30, *et seq.*). Thus, sections 2570.34 and 2570.35 of the exemption procedures regulation lists the information that must be supplied by the applicant. This information includes: Identifying information (name, type of plan, EIN number, etc.); an estimate of the number of plan participants; a detailed description of the transaction and the parties for which an exemption is requested; statements regarding what section of ERISA is thought to be in violation and whether the transaction(s) involved have already been entered into; a statement of whether the transaction is customary in the industry; a statement of the hardship or economic loss, if any, which would result if the exemption were denied; a statement explaining why the proposed exemption would be administratively feasible, in the interests of the plan and protective of the rights of plan participants and beneficiaries; and several other statements. In addition, the applicant must certify that the information supplied is accurate and complete.

Section 408(a) of ERISA requires that before granting an exemption from
