

one intrastate gas pipeline systems. Due to the sequential construction process associated with the four phases of the Project, Bobcat requests that the Commission authorize construction over a five-year period.

Questions concerning the application should be directed to Paul Bieniawski at Bobcat Gas Storage, 14090 Southwest Freeway, Suite 460, Sugar Land, Texas 77478-3679, or by calling (281) 242-2381 or Lisa Tonery at King & Spalding LLP, 1185 Avenue of the Americas, New York, NY 10036 or by calling 212-556-2307.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered.

The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link at <http://www.ferc.gov>. The Commission strongly encourages intervenors to file electronically.

The Commission may issue a preliminary determination on non-

environmental issues prior to the completion of its review of the environmental aspects of the Projects. This preliminary determination typically considers such issues as the need for the Project and its economic effect on other pipelines in the area and on land and communities.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP02-378-004]

Cameron LNG, LLC; Notice of Application

February 23, 2006.

Take notice that on January 26, 2006, as supplemented on February 21, 2006, Cameron LNG, LLC (Cameron LNG), 101 Ash Street, San Diego, CA 92101, filed in the above referenced docket, an application to amend its authorizations to construct and operate its liquefied natural gas (LNG) import terminal issued pursuant to section 3 of the Natural Gas Act (NGA), and Part 153 of the Commission's regulations. Specifically, Cameron LNG requests amended section 3 authority approving certain pre-investment terminal facility modifications.

Any questions regarding Cameron LNG's application should be directed to: Carlos F. Peña, Senior Regulatory Counsel, HQ13, 101 Ash Street, San Diego, CA 92101, phone (619) 696-4320.

Cameron LNG requests an amended Section 3 authorization which would approve certain LNG terminal facility modifications. Cameron LNG has proposed an expansion of its LNG terminal which is being examined by the Commission and interested parties

in a Pre-Filing Process under Docket No. PF06-10-000. In advance of that proposed expansion, Cameron LNG seeks in the above amendment approval for certain modifications to the LNG terminal facilities which have already been approved by the Commission. The fourteen specific modifications requested are more fully described in Cameron LNG's filing.

Cameron LNG says these modifications are being proposed to allow the proposed expansion to be fully integrated into the approved base LNG terminal design in as safe a manner as possible with a minimum of downtime and interruption of send out service. Cameron LNG says that it is not now seeking an increase in the physical offload or send out capabilities of the LNG terminal using the proposed modifications. The supplement filed by Cameron LNG on February 21, 2006 included certain critical energy infrastructure information necessary to make its application complete.

As proposed by Cameron LNG, the approval of these modifications is not subject to the mandatory Pre-Filing Process required under section 157.21(e)(2) of the Commission's Regulations. The scope of the proposed modifications is not significant enough to warrant the Pre-Filing Process because the prospective modifications are not significant enough modifications that would involve state and local safety considerations.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as

possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP06-223-000]

CenterPoint Energy—Mississippi River Transmission Corporation; Notice of Tariff Filing

February 22, 2006.

Take notice that on February 15, 2006, CenterPoint Energy—Mississippi River Transmission Corporation (MRT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, with an effective date of April 1, 2006:

Second Revised Sheet No. 99E,
Second Revised Sheet No. 99F.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. [Docket No. RP06-220-000]

Colorado Interstate Gas Company; Notice of Proposed Changes in FERC Gas Tariff

February 22, 2006.

Take notice that on February 15, 2006, Colorado Interstate Gas Company (CIG) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets to become effective April 1, 2006.

Fifth Revised Sheet No. 155,
Third Revised Sheet No. 170,
Seventh Revised Sheet No. 178,
First Revised Sheet No. 181B,
Second Revised Sheet No. 229A.01,
Fourth Revised Sheet No. 317,
Fifth Revised Sheet No. 318.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
