

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9N dated September 1, 2005, and effective September 16, 2005, is proposed to be amended as follows:

Paragraph 6006 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

AEA PA E5 Wyoming Valley Medical Center [New]

Wilkes Barre, PA

(Lat. 41°15'29" N., long. 75°48'32" W.)

That airspace extending upward from 700 feet above the surface within a 6.0 mile radius of the Wyoming Valley Medical Center, Wilkes Barre, PA.

Issued in Jamaica, New York on March 13, 2006.

John G. McCartney,

Acting Area Director, Eastern Terminal Operations.

BILLING CODE 4910–13–M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2006–23715; Airspace Docket No. 06–AAL–08]

Proposed Modification of Offshore Airspace Area: Control 1487L; AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to modify the Control 1487L offshore airspace area in the vicinity of the Sitka Rocky Gutierrez Airport, Sitka, AK; Merle K. Mudhole Smith Airport, Cordova, AK; and Middleton Island Airport, Middleton Island, AK, by lowering the affected airspace floors associated within Control 1487L. The FAA is proposing these actions to provide additional controlled airspace for the safety of aircraft executing instrument flight rules (IFR) operations at the Sitka Rocky Gutierrez, Merle K. Mudhole, and Middleton Island Airports.

DATES: Comments must be received on or before May 22, 2006.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify FAA Docket No. FAA–2005–23715 and Airspace Docket No. 06–AAL–08, at the beginning of your comments. You may also submit comments through the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2006–23715 and Airspace Docket No. 06–AAL–08) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://dms.dot.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA–2006–23715 and Airspace Docket No. 06–AAL–08.” The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov>, or the **Federal Register's** Web page at <http://www.gpoaccess.gov/fr/index.html>.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, Federal Aviation Administration, 222 West 7th Avenue 14, Anchorage, AK 99513.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267–9677, for a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to modify the Control 1487L airspace area, AK, by lowering the floor from 5,500 feet mean sea level (MSL) to as low as 700 feet MSL in the vicinity of the Sitka Rocky Gutierrez Airport, Merle K. Mudhole Smith Airport and Middleton Island Airport. This action also proposes to provide offshore airspace in the vicinity of Merle K. Mudhole Smith Airport, AK, by lowering the offshore airspace floor from 5,500 feet MSL to 1,200 feet MSL. Additionally, this action would re-designate the existing class E airspace at Anchorage, AK, by extending Control 1487L airspace area westward to the 12-mile shoreline limit within the 149.5-mile radius associated with Anchorage, AK Class E airspace, and clarify offshore airspace descriptions within already established domestic Class E airspace at Anchorage and Cordova. The FAA is proposing these actions to provide additional controlled airspace for the safety of aircraft executing IFR operations at the Sitka Rocky Gutierrez, Merle K. Mudhole Smith, and Middleton Island Airports, and to correctly designate the existing Class E airspace for Anchorage and Cordova, AK.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and

routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

ICAO Considerations

As part of this proposal relates to navigable airspace outside the United States, this notice is submitted in accordance with the International Civil Aviation Organization (ICAO) International Standards and Recommended Practices.

The application of International Standards and Recommended Practices by the FAA, Office of System Operations Airspace and AIM, Airspace & Rules, in areas outside the United States domestic airspace, is governed by the Convention on International Civil Aviation. Specifically, the FAA is governed by Article 12 and Annex 11, which pertain to the establishment of necessary air navigational facilities and services to promote the safe, orderly, and expeditious flow of civil air traffic. The purpose of Article 12 and Annex 11 is to ensure that civil aircraft operations on international air routes are performed under uniform conditions.

The International Standards and Recommended Practices in Annex 11 apply to airspace under the jurisdiction of a contracting state, derived from ICAO. Annex 11 provisions apply when air traffic services are provided and a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting this responsibility may apply the International Standards and Recommended Practices that are consistent with standards and practices utilized in its domestic jurisdiction.

In accordance with Article 3 of the Convention, state-owned aircraft are exempt from the Standards and Recommended Practices of Annex 11. The United States is a contracting state to the Convention. Article 3(d) of the Convention provides that participating state aircraft will be operated in

international airspace with due regard for the safety of civil aircraft. Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator is consulting with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9N, Airspace Designations and Reporting Points, dated September 1, 2005, and effective September 15, 2005, is amended as follows:

Paragraph 6007 Offshore Airspace Areas.
* * * * *

Control 1487L [Amended]

That airspace extending upward from 8,000 feet MSL within 149.5 miles of the Anchorage VOR/DME clockwise from the 090°(T)/065°(M) radial to the 185°(T)/160°(M) radial of the Anchorage VOR/DME; and that airspace extending upward from 5,500 feet MSL within the area bounded by a line beginning at lat. 58°19'58" N., long. 148°55'07" W.; to lat. 59°08'34" N., long. 147°16'06" W.; thence counterclockwise via the arc of a 149.5-mile radius centered on the Anchorage VOR/DME to the intersection of the 149.5-mile radius arc and a point 12 miles from and parallel to the U.S. coastline; thence southeast 12 miles from and parallel to the U.S. coastline to a point 12 miles offshore on the Vancouver FIR boundary; to lat. 54°32'57" N., long. 133°11'29" W.; to lat. 54°00'00" N., long. 136°00'00" W.; to lat. 52°43'00" N., long. 135°00'00" W.; to lat. 56°45'42" N., long. 151°45'00" W.; to the point of beginning; and that airspace extending upward from 1,200 feet MSL within the area bounded by a line beginning at lat. 59°33'25" N., long. 141°03'22" W.; thence southeast 12 miles from and parallel to the U.S. coastline to lat. 58°56'18" N., long. 138°45'19" W.; to lat. 58°40'00" N., long. 139°30'00" W.; to lat. 59°00'00" N.,

long. 141°10'00" W.; to the point of beginning, and that airspace within 85 miles of the Biorka Island VORTAC, and that airspace within 42 miles of the Middleton Island VOR/DME, and that airspace within 30 miles of the Glacier River NDB; and that airspace extending upward from 700 feet MSL within 14 miles of the Biorka Island VORTAC and within 4 miles west and 8 miles east of the Biorka Island VORTAC 209°(T)/181°(M) radial extending to 16 miles southwest of the VORTAC. The portion within Canada is excluded.

BILLING CODE 4910–13–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 878

[Docket No. 2006N–0109]

General and Plastic Surgery Devices; Reclassification of the Topical Oxygen Chamber for Extremities

AGENCY: Food and Drug Administration, HHS.

ACTION: Proposed rule.

SUMMARY: The Food and Drug Administration (FDA) is proposing to reclassify the topical oxygen chamber for extremities (TOCE) from class III (premarket approval) into class II (special controls). The device is intended to surround a patient's limb and apply humidified oxygen to aid healing of chronic skin ulcers such as bedsores. Elsewhere in this issue of the **Federal Register**, FDA is publishing a notice of availability of the draft guidance document that the agency proposes to use as a special control for the device.

DATES: Submit written or electronic comments by July 5, 2006. See section VIII of this document for the proposed effective date of a final rule based on this proposed rule.

ADDRESSES: You may submit comments, identified by Docket No. 2006N–0109, by any of the following methods:
Electronic Submissions

Submit electronic comments in the following ways:

- Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Agency Web site: <http://www.fda.gov/dockets/ecomments>.
