

associated funerary objects to the tribal consortium contingent on the publication of a Notice of Inventory Completion in the **Federal Register**.

Disposition of unassociated funerary objects for which a relationship of shared group identity cannot be reasonably traced to a present-day Indian tribe does not require a recommendation from the Secretary. However, since these unassociated funerary objects were removed from two of the same sites for which human remains were already considered by the Review Committee, the Archaeological Research Center has decided to effect a similar disposition to the Flandreau Santee Sioux Tribe of South Dakota on behalf of the Cheyenne River Sioux Tribe of the Cheyenne River Reservation, South Dakota; Crow Creek Sioux Tribe of the Crow Creek Reservation, South Dakota; the Flandreau Santee Sioux Tribe of South Dakota; Iowa Tribe of Oklahoma; Lower Sioux Indian Community in the State of Minnesota; Northern Cheyenne Tribe of the Northern Cheyenne Indian Reservation, Montana; Oglala Sioux Tribe of the Pine Ridge Reservation, South Dakota; Omaha Tribe of Nebraska; Otoe-Missouria Tribe of Indians, Oklahoma; Prairie Island Indian Community in the State of Minnesota; Rosebud Sioux Tribe of the Rosebud Indian Reservation, South Dakota; Sac & Fox Tribe of the Mississippi in Iowa; Santee Sioux Nation, Nebraska; Sisseton-Wahpeton Oyate of the Lake Traverse Reservation, South Dakota; Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota; Upper Sioux Indian Community, Minnesota; and Yankton Sioux Tribe of South Dakota.

Representatives of any Indian tribe that believes itself to be culturally affiliated with the 14 unassociated funerary objects should contact Renee M. Boen, Repository Manager, Archaeological Research Center, 2425 E. St. Charles St., Rapid City, SD 57703, telephone (605) 394-1936, before May 26, 2006. ### Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

Under 42 U.S.C. 9622(d)(2) and 28 CFR 50.7, notice is hereby given that on April 12, 2006, a proposed Consent Decree in *United States and the State of Wisconsin v. NCR Corporation and Sonoco-U.S. Mills, Inc.*, Civil Action No. 06-CV-00484 (E.D. Wis.) was lodged with the United States District Court for the Eastern District of Wisconsin.

The Consent Decree concerns polychlorinated biphenyl ("PCB") contamination in a particular area of the Lower Fox River and Green Bay Site. Under the proposed settlement set forth in the Consent Decree, NCR Corporation and Sonoco-U.S. Mills, Inc. (the "Defendants") would implement an initial phase of the cleanup remedy in that area, which has been designated as the Phase 1 Project Area. The Phase 1 Project Area is just downstream from the De Pere dam, along the west bank of the Lower Fox River, near the City of Green Bay, Wisconsin. The Consent Decree would require the Defendants to dredge PCB-contaminated sediments from the Phase 1 Project Area and to dispose of the dredged sediments in an upland landfill, at an estimated cost of \$30 million. The settlement would not resolve the Defendants' potential liability for additional response activities or response costs relating to the Phase 1 Project Area or other areas of the Site.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S.
