

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); Section 117.255 also issued under authority of Pub. L. 102–587, 106 Stat. 5039.

■ 2. From 2 p.m. on June 23, 2006, through 7 p.m. on October 29, 2006, in § 117.287, paragraph (d)(4) is suspended and paragraph (d)(3) is added to read as follows:

§ 117.287 Gulf Intracoastal Waterway.

* * * * *

(d) * * *

(3) The draw of the Pinellas Bayway Structure “E” (SR 679) bridge, mile 113 at St. Petersburg Beach shall open on signal; except that on Fridays from 2 p.m. to 6 p.m., and on Saturday, Sunday and Federal holidays from 9 a.m. to 7 p.m., the draw need only open on the hour and half-hour. Public vessels of the United States, tugs with tows and vessels in distress shall be passed as necessary.

BILLING CODE 4910–15–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[CGD09–06–031]

RIN 1625–AA00

Safety Zone; St. Louis River/Duluth/ Interlake Tar Remediation Site, Duluth, MN

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the St. Louis River in Duluth, Minnesota. The purpose of the safety zone is to protect the boating public from dangers associated with the cleanup operation in and around Stryker Bay. Entry into this zone is prohibited unless authorized by the Captain of the Port or his duly appointed representative.

DATES: This rule is effective from 8 a.m. CST on May 31, 2006 until 8 p.m. CST on November 30, 2006.

ADDRESSES: Comments and material received from the public are part of the docket [CGD09–06–031] and are available for inspection or copying at U.S. Coast Guard Marine Safety Unit Duluth, 600 South Lake Ave, Canal Park, Duluth, Minnesota 55802 between the hours of 7:30 a.m. and 3:30 p.m., Monday through Friday, except Federal Holidays.

FOR FURTHER INFORMATION CONTACT: LT Scott Stoermer, U.S. Coast Guard Marine Safety Unit Duluth, at (218) 720–5286.

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM. The permit application was not submitted in time to allow for publication of an NPRM followed by a temporary final rule. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days from the date of publication. Any delay of the effective date of this rule would be contrary to the public interest by exposing the public to the known dangers such as those associated with heavy equipment operations and naphthalene exposure from disturbed sediments.

Background and Purpose

This safety zone is necessary to ensure the safety of the public and boating traffic in the Stryker Bay area during the course of an environmental remediation project. This safety zone is intended to restrict vessel traffic from the portion of St. Louis River where construction and dredging are occurring. The size of the zone was determined by placing the boundaries approximately 50 feet beyond the outermost extent of dredging operations, encompassing all of Stryker Bay and Hallett Slips 6&7.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of boaters transiting this portion of the St. Louis River. The safety zone will be in effect from 8:00 a.m. CST, May 31, 2006 until 8 p.m. CST, November 31, 2006.

The safety zone will encompass all waters of Stryker Bay and Hallett Slips 6 & 7 which are located north of a boundary line delineated by the following points: From the shoreline at 46°43′10.00″ N, 092°10′31.66″ W, then south to 46°43′06.24″ N, 092°10′31.66″

W, then east to 46°43′06.24″ N, 092°09′41.76″ W, then north to the shoreline at 46°43′10.04″ N, 092°09′41.76″ W. These coordinates are based upon North American Datum 1983 [Datum NAD 83].

All persons and vessels shall comply with the instructions of the Captain of the Port Duluth or the designated on-scene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Duluth or his designated on-scene representative. The Captain of the Port or his designated on-scene representative may be contacted at Coast Guard Marine Safety Unit Duluth at (218) 720–5286.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

This determination is based on the absence of any commercial vessel traffic in this portion of the St. Louis River. There are currently no operational marine terminals west of Hallett Slip 7, which is part of the remediation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in the St. Louis River in the above described zone during the effective period.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: Hallett Slips 6&7 are industrial properties not generally used by the public, and Stryker Bay already has posted warnings against use of those waters. Vessel traffic may enter or transit through the safety zone with the permission of the Captain of the Port Duluth or his designated on-scene representative. Before the effective period, we will issue maritime advisories and ensure they are widely available to users of the St. Louis River.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the

effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive order 13211, Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these

standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedure; and related management system practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. This event establishes a safety zone therefore paragraph (34)(g) of the Instruction applies.

A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1226, 1231; 46 U.S.C. Chapter 701; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T09–031 to read as follows:

§ 165.T09–031 Safety Zone; St. Louis River, Duluth/Interlake Tar Remediation Site, Duluth, MN.

(a) *Location.* The following area is a safety zone: All waters of Stryker Bay and Hallett Slips 6 & 7 which are located north of a boundary line delineated by the following points:

From the shoreline at 46°43'10.00" N, 092°10'31.66" W, then south to 46°43'06.24" N, 092°10'31.66" W, then east to 46°43'06.24" N, 092°09'41.76" W, then north to the shoreline at 46°43'10.04" N, 092°09'41.76" W. [Datum NAD 83].

(b) *Effective period.* This rule is effective from 8 a.m. CST on May 31, 2006 until 8 p.m. CST on November 30, 2006.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Duluth, or his designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Duluth or his designated on-scene representative.

(3) The "designated on-scene representative" of the Captain of the Port is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port to act on his behalf. The designated on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his designated on-scene representative may be contacted by calling Coast Guard Marine Safety Unit Duluth at (218) 720-5286.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Duluth to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone shall comply with all directions given to them by the Captain of the Port Duluth or his designated on-scene representative.

Dated: May 25, 2006.

G.T. Croot,

Commander, U.S. Coast Guard, Captain of the Port Duluth.

Spinosad; Pesticide Tolerance Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical correction.

SUMMARY: EPA issued a final rule in the **Federal Register** of March 8, 2006 (FRL-7758-2) concerning the establishment of tolerances for residues of spinosad in or on various commodities. This document is being issued to correct a typographical omission.

DATES: This final rule is effective June 23, 2006.

ADDRESSES: EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2006-0510. All documents in the docket are listed on the regulations.gov web site. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Building), 2777 S. Crystal Drive Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: Sidney Jackson, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington DC 20460-0001; telephone number: (703) 305-7610; e-mail address: jackson.sidney@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

The Agency included in the final rule a list of those who may be potentially affected by this action. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under the **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Access Electronic Copies of this Document and Other Related Information?

In addition to using regulations.gov, you may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>.

II. What Does this Correction Do?

FR Doc. 06-1939 published in the **Federal Register** of March 8, 2006 (71 FR 11519) (FRL-7758-2) is corrected as follows:

On page 11526, in the amendment to § 180.495 (a), the table establishing tolerances appeared as a two column table. The table should have appeared as a three column table. The omitted third column should include the heading "Expiration/Revocation Date", and the entry "None" to correspond to the tolerance listed in each row. This document is being published to correct that omission.

III. Why is this Correction Issued as a Final Rule?

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an Agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the Agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today's technical correction final without prior proposal and opportunity for comment, because the use of notice and comment procedures are unnecessary to effectuate this correction. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

IV. Do Any of the Statutory and Executive Order Reviews Apply to this Action?

No. This action only corrects typographically omissions for a previously published final rule and does not impose any new requirements. EPA's compliance with the statutes and Executive Orders for the underlying rule
