

DEPARTMENT OF ENERGY**Notice of Public Scoping Meetings for the FutureGen Project Environmental Impact Statement**

AGENCY: National Energy Technology Laboratory, Department of Energy.

ACTION: Notice of public scoping meetings and opportunity for comment.

SUMMARY: On Friday, July 28, 2006, the U.S. Department of Energy (DOE) issued a Notice of Intent to prepare an Environmental Impact Statement for the proposed action of providing up to \$700 million of Federal funding for the FutureGen Project (71 FR 42840). The FutureGen Project would comprise the planning, design, construction and operation by a private sector organization of a coal-fired electric power and hydrogen gas production plant integrated with carbon dioxide capture and geologic sequestration of the captured gas. DOE's National Energy Technology Laboratory (NETL) is hosting public scoping meetings near each of the four proposed FutureGen Project sites. Dates, locations, and information about the public scoping meetings are contained under **SUPPLEMENTARY INFORMATION**, below.

DATES: DOE invites comments on the proposed scope and content of the EIS from all interested parties. Comments must be received by September 13, 2006, to ensure consideration. Late comments will be considered to the extent practicable. DOE also invites members of the public to participate in public scoping meetings (see **SUPPLEMENTARY INFORMATION**) to learn more about the proposed FutureGen Project and provide oral comments on the alternatives and environmental issues to be considered.

ADDRESSES: Comments on the proposed scope of the EIS and requests for copies of the Draft EIS may be submitted by fax (304-285-4403), e-mail (FutureGen.EIS@netl.doe.gov), or a letter addressed to the NEPA Document Manager for the FutureGen Project: Mr. Mark L. McKoy, National Energy Technology Laboratory, U.S. Department of Energy, P.O. Box 880, Morgantown, WV 26507-0880, Attn: FutureGen Project EIS.

FOR FURTHER INFORMATION CONTACT: Comments or requests to participate in the public scoping process also can be submitted by contacting Mr. Mark L. McKoy directly at telephone 304-285-4426; toll free number 1-800-432-8330 (extension 4426); fax 304-285-4403; or e-mail FutureGen.EIS@netl.doe.gov.

SUPPLEMENTARY INFORMATION: NETL is hosting four public scoping meetings to

present an overview of the proposed project and to provide the public with an opportunity to comment and ask questions. An informal session of the public scoping meetings will begin at approximately 4 p.m., followed by a formal session beginning at approximately 7 p.m. Members of the public who wish to speak at a public scoping meeting should contact Mr. Mark L. McKoy, either by phone, fax, e-mail, or in writing (see **ADDRESSES** in this Notice). Those who do not arrange in advance to speak may register at a meeting (preferably at the beginning of the meeting) and may speak after previously scheduled speakers. Speakers will be given approximately five minutes to present their comments. Those speakers who want more than five minutes should indicate the length of time desired in their request. Depending on the number of speakers, DOE may need to limit all speakers to five minutes initially and provide second opportunities as time permits. Speakers may also provide written materials to supplement their presentations. Oral and written comments will be given equal consideration. State and local elected officials and tribal leaders may be given priority in the order of those making oral comments.

DOE will begin each meeting with an overview of the proposed FutureGen Project. The meeting will not be conducted as an evidentiary hearing, and speakers will not be cross-examined. However, speakers may be asked questions to help ensure that DOE fully understands the comments or suggestions. A presiding officer will establish the order of speakers and provide any additional procedures necessary to conduct the meeting.

DEPARTMENT OF ENERGY

Western Area Power Administration

Consideration of Certain Public Utility Regulatory Policies Act Standards Set Forth in the Energy Policy Act of 2005

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of Public Hearing.

SUMMARY: As a nonregulated electric utility, the Western Area Power Administration (Western) must consider and determine whether to implement certain standards under the Energy Policy Act of 2005, which amended the Public Utility Regulatory Policies Act of 1978 (PURPA). Standards that Western intends to consider include net metering, fuel source diversity, fossil fuel generation efficiency, smart metering, and consumer interconnections. A brochure entitled "Preconsideration of Sections 1251, 1252, and 1254 of the Energy Policy Act of 2005" will be prepared and will be available for public review by September 25, 2006.

DATES: A public hearing will be held on October 26, 2006, beginning at 10 a.m., at Western's Corporate Service Office. Written comments on whether Western should adopt the standards must be received by November 10, 2006, to be assured of consideration.

ADDRESSES: The public hearing location is at 12155 West Alameda Parkway, Lakewood, CO. Western will post information about this process, including an electronic copy of the preconsideration brochure, at <http://www.wapa.gov/dsw/pwrmt/PURPA/>. For further information concerning the public hearing or to request a hard copy of the brochure, contact Ms. Sylvia Macfarlane, Desert Southwest Region, Western Area Power Administration, P.O. Box 6457, Phoenix, AZ 85005-6457; (602) 605-2575, e-mail macfarl@wapa.gov. Written comments may be submitted to this address, submitted electronically to DSW_PURPA@wapa.gov or faxed to (602) 605-2828, attention: Deborah Emmler, Project Manager.

As access to Western facilities is controlled, any U.S. citizen wishing to attend any meeting held at Western must present an official form of picture identification, such as a U.S. driver's license, U.S. passport, U.S. Government ID, or U.S. Military ID, at the time of the meeting. Foreign nationals should contact Western at least 45 days in advance of the meeting to obtain the necessary form to be admitted to Western's offices.
