

AFB, beginning October 2007, as the new mission for that base. The EIS will analyze the impacts of that proposed action on the environment. AFSOC is considering what aircraft and other equipment to base at Cannon AFB, how best to utilize existing facilities, and what facilities will need to be modified or built. The proposed action will consider moving approximately 90 aircraft and approximately 3,500 personnel to the base. It is possible that additional facilities may need to be constructed at Melrose AFR. The impacts from the proposed actions will be considered in the EIS. In addition, the EIS will also address alternatives to the proposed action, including a "no action" alternative. Because the proposed action is to be taken as the result of the BRAC directive to the SECDEF to designate a new mission for Cannon AFB, the basing/installation alternative will be limited to the confines of Cannon AFB and Melrose AFR; however, the airspace alternatives will include Melrose AFR, surrounding Military Training Routes and Military Operations Areas (MOAs) including the Mt Dora MOA, Pecos MOA Complex and Bronco MOA.

DATES: The Air Force will hold a series of scoping meetings to solicit public input concerning the scope of the proposed action and alternatives, as well as to help identify other concerns and issues to be addressed in the environmental analysis. The scheduled dates, times, locations, and addresses for the scoping meetings are as follows:

1. September 18, 2006—Monday, 6–8 p.m., at Clovis and Portales, NM, Clovis Community College, 417 Schepps Blvd.
2. September 19, 2006—Tuesday, 6–8 p.m., at Clayton, NM, Clayton High School, 323 South Fifth Street.
3. September 20, 2006—Wednesday, 6–8 p.m., at Fort Sumner, NM, Fort Sumner Community House, 137 East Baker Avenue.

No additional meetings are scheduled at this time. In addition to comments received at the scoping meetings, any written comments on the scope of the EIS received at the address below by October 5, 2006, will be considered in the preparation of this EIS.

FOR FURTHER INFORMATION CONTACT: Mr. Carl T. Hoffman, HQ AFSOC/A7CV, 427 Cody Ave., Suite 225, Hurlburt Field, FL 32544–5434, (850) 884–5984.

Bao-Anh Trinh,

DAF, Air Force Federal Register Liaison Officer.

BILLING CODE 5001–05–P

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Grant Partially Exclusive Patent License; Omega Sensors, Inc.

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Omega Sensors, Inc., a revocable, non-assignable, partially exclusive license in the United States to practice the Government-owned invention described in U.S. Patent Pending, entitled "Method of fabricating a dual-suspension system for MEMS-based devices", Navy Case Number 96659.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting evidence, if any, not later than September 8, 2006.

ADDRESSES: Written objections are to be filed with the Office of Research and Technology Applications, Space and Naval Warfare Systems Center, Code 2112, 83570 Silvergate Ave., Room 2306, San Diego, CA 92152–5048.

FOR FURTHER INFORMATION CONTACT: Dr. Stephen H. Lieberman, Office of Research and Technology Applications, Space and Naval Warfare Systems Center, Code 2112, 83570 Silvergate Ave., Room 2306, San Diego, CA 92152–5048, telephone 619–553–2778, or e-mail: stephen.lieberman@navy.mil.

(Authority: 35 U.S.C. 207, 37 CFR part 404.)

Dated: August 15, 2006.

M.A. Harvison,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

Department of the Navy

Notice of Intent To Grant Exclusive Patent License; Tessarae Inc.

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of its intent to grant to Tessarae Inc., a revocable, non-assignable, exclusive license to practice in the field of use defined as design process, systems and applications utilizing high-density resequencing microarrays (greater than 100,000 features per array and less than 500

square micron feature size), and manufacturable under good practice standards in batch quantities greater than 1,000 arrays (such as CustomSeq resequencing microarrays fabricated by Affymetrix, Inc.), for screening, diagnosis where approved by the appropriate local government health authority, and/or surveillance of pathogen induced disease in the U.S. and certain foreign countries, the Government-owned inventions described in Navy Case No. 96,744: COMPUTER-IMPLEMENTED BIOLOGICAL SEQUENCE IDENTIFIER SYSTEM AND METHOD./Navy Case No. 97,439: BROAD-SPECTRUM PATHOGEN DIAGNOSTIC AND SURVEILLANCE SYSTEM./Navy Case No. 97,747: AUTOMATED SAMPLE-TO-MICROARRAY SYSTEM./Navy Case No. 97,748: OPTIMIZED PATHOGEN RESEQUENCING DIAGNOSTIC AND SURVEILLANCE SYSTEM./Navy Case No. 98,057: RAPID DETECTION FOR OVER 20 RESPIRATORY PATHOGENS SIMULTANEOUSLY IN CLINICAL SAMPLES USING RESEQUENCING ARRAYS AND ANY CONTINUATIONS, DIVISIONALS OR RE-ISSUES THEREOF.

DATES: Anyone wishing to object to the grant of this license must file written objections along with supporting evidence, if any, not later than September 8, 2006.

ADDRESSES: Written objections are to be filed with the Naval Research Laboratory, Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375–5320.

FOR FURTHER INFORMATION CONTACT: Head, Technology Transfer Office, NRL Code 1004, 4555 Overlook Avenue, SW., Washington, DC 20375–5320, telephone 202–767–7230. Due to U.S. Postal delays, please fax 202–404–7920, e-mail techtran@utopia.nrl.navy.mil, or use courier delivery to expedite response.

BILLING CODE 3810–FF–P

DEPARTMENT OF ENERGY

Agency Information Collection Extension

AGENCY: Department of Energy.

ACTION: Submission for Office of Management and Budget (OMB) review; comment request.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years the information collection package entitled, "Chronic Beryllium Disease Prevention Program." Comments are invited on: (a) Whether the extended information collections are necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collections on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this collection must be received on or before September 25, 2006. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the OMB Desk Officer of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at 202-395-4650.

ADDRESSES: Written comments should be sent to: DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street, NW., Washington, DC 20503.

Comments should also be addressed to: Jeffrey Martus, IM-11/Germantown Building, U.S. Department of Energy, 1000 Independence Ave., SW., Washington, DC 20585-1290, or by fax at 301-903-9061 or by e-mail at Jeffrey.martus@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Jeffrey Martus at the address listed above in **ADDRESSES**.

SUPPLEMENTARY INFORMATION: The information collection packages listed in this notice for public comment include the following:

- (1) *OMB No.*: 1910-5112.
- (2) *Package Title*: Chronic Beryllium Disease Prevention Program.
- (3) *Type of Review*: Renewal.
- (4) *Purpose*: This information is used by DOE and DOE contractor employers to manage chronic beryllium disease

prevention programs, to provide information to employees, and to permit oversight of their programs by DOE management.

(5) *Respondents*: 1,703.

(6) *Estimated Burden Hours*: 32,952.

Statutory Authority: Department of Energy Organization Act, Public Law 95-91.

Jeffrey Martus,

Records Management Division, Office of the Chief Information Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[Docket No. EA-260-B]

Application To Voluntarily Transfer Export Authority EPCOR Merchant and Capital (U.S.) Inc.

AGENCY: Office Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of Application.

SUMMARY: EPCOR Merchant and Capital (U.S.) Inc. (EMC) has applied to voluntarily transfer to EPCOR Energy Marketing (U.S.) Inc. (EEM) its authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before September 8, 2006.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Electricity Delivery and Energy Reliability, Mail Code: OE-20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0350 (FAX 202-586-5860).

FOR FURTHER INFORMATION CONTACT:

Steven Mintz (Program Office) 202-586-9506 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On April 8, 2002, the Department of Energy (DOE) issued Order No. EA-260 authorizing EMC to transmit electric energy from the United States to Canada as a power marketer using existing international electric transmission facilities. That two-year authorization expired on April 8, 2004. On July 8, 2004, DOE received an application from EMC to renew its authorization to transmit electric energy from the United States to Canada. On October 13, 2004,

that renewal was granted in Order No. EA-260-A and will expire on April 9, 2009.

On July 13, 2006, DOE received an application from EMC to voluntarily transfer its export authority to EEM. EEM was formed to assume the duties previously undertaken by EMC, including the exporting of electric energy to Canada. EEM is a Delaware corporation with its principal place of business in Calgary, Alberta, Canada. EEM is an indirect, wholly-owned subsidiary of EPCOR Utilities Inc. of Edmonton, Alberta, Canada. EEM is a power marketer that does not own or control any electric generation or transmission facilities nor does it have a franchised service territory in the United States.

In OE Docket No. EA-260-B, EEM proposes to export electric energy to Canada and to arrange for the delivery of those exports over the international transmission facilities currently owned by Basin Electric Power Cooperative, Bonneville Power Administration, Eastern Maine Electric Cooperative, International Transmission Company, Joint Owners of the Highgate Project, Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power, Inc., Minnkota Power Cooperative, New York Power Authority, Niagara Mohawk Power Corporation, Northern States Power, and Vermont Electric Transmission Company and Vermont Electric Transmission Co.

The construction of each of the international transmission facilities to be utilized by EEM, as more fully described in its application, has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

The applicant has requested expedited processing of this application so that it may proceed with the proposed transfer. Accordingly, DOE has shortened the public comment period to 15 days.

Procedural Matters: Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with 385.211 or 385.214 of the Federal Energy Regulatory Commission's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with the DOE on or before the date listed above.

Comments on the EMC application to voluntarily transfer their export authorization to EEM should be clearly
