BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 27e-1 and Form N-27E-1; SEC File No. 270-486; OMB Control No. 3235-0545.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Section 27(e) of the Investment Company Act of 1940 ("Act") (15 U.S.C. 80a-27(e)) provides that a registered investment company issuing a periodic payment plan certificate, or any depositor or underwriter for such company, must notify in writing "each certificate holder who has missed three payments or more, within thirty days following the expiration of fifteen months after the issuance of the certificate, or, if any such holder has missed one payment or more after such period of fifteen months but prior to the expiration of eighteen months after the issuance of the certificate, at any time prior to the expiration of such eighteen month period, of his right to surrender his certificate * * * and inform the certificate holder of (A) the value of the

holder's account * * *, and (B) the amount to which he is entitled * * *."

Section 27(e) authorizes the Commission to "make rules specifying the method, form, and contents of the notice required by this subsection." Rule 27e-1 (17 CFR 270.27e-1) under the Act, entitled "Requirements for Notice to Be Mailed to Certain Purchasers of Periodic Payment Plan Certificates Sold Subject to Section 27(d) of the Act," provides instructions for the delivery of the notice required by section 27(e).

Rule 27e-1(f) prescribes Form N-27E-1 (17 CFR 274.127e-1), which sets forth the language the issuing registered investment company or its depositor or underwriter must use "to inform certificate holders of their right to surrender their certificates pursuant to Section 27(d)." The instructions to the form require that a notice containing the language on the form be sent to certificate holders on the sender's letterhead. The issuer is not required to file with the Commission a copy of the Form N-27E-1 notice.

The Form N-27E-1 notice to certificate holders who have missed certain payments is intended to encourage certificate holders, in light of the potential for further missed payments, to weigh the anticipated costs and benefits associated with continuing to hold their certificates. The disclosure assists certificate holders in making careful and fully informed decisions about whether to continue investing in periodic payment plan certificates.

The frequency with which each of these issuers or their representatives must file the Form N-27E-1 notice varies with the number of periodic payment plans sold and the number of certificate holders who miss payments. The staff spoke with representatives of a number of firms in the industry that currently have periodic payment plan accounts. Based upon these conversations, the staff estimates that 3 respondents send out an aggregate of approximately 5054 notices per year through completely automated processes. The staff further estimates that all the issuers that send Form N-27E-1 notices use outside contractors to print and distribute the notice, and incur no hourly burden. The estimate of annual burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

Complying with the collection of information requirements of rule 27e-1 is mandatory for issuers of periodic payment plans or their depositors or

underwriters in the event holders of plan certificates miss certain payments within eighteen months after issuance. The information provided pursuant to rule 27e-1 will be provided to third parties and, therefore, will not be kept confidential. The Commission is seeking OMB approval, because an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

General comments regarding the above information should be directed to the following persons: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503 or by e-mail to: David_Rostker@omb.eop.gov; and (ii) R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson, 6432 General Green Way, Alexandria, Virginia 22312, or by e-mail to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days after this notice.

Dated: September 1, 2006.

Nancy M. Morris,

Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54401; File No. SR-ISE-2006-53]

Self-Regulatory Organizations; International Securities Exchange, Inc.; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change Relating To Doing Business With the Public

September 1, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 31, 2006, the International Securities Exchange, Inc. (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which items have been prepared by the ISE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons and is

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 240.19b-4.

approving the proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to adopt a rule with respect to members doing business with the public on the ISE, in anticipation of the Exchange's entry into the trading of non-option equity securities. Below is the text of the proposed rule change. Proposed new language is in italics.

* * * * *

Rule 2106. Doing Business With the Public

An Equity EAM that does business with the public must also be a member of the NASD.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The ISE has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, the ISE only trades options on equity securities and indices. The purpose of this proposed rule change is to adopt a rule that incorporates provisions related to non-option equity securities to reflect ISE's intention to begin trading non-option equity securities. Specifically, the ISE will require ISE Electronic Access Members ("EAMs") trading equity securities on the ISE ("Equity EAMs") who do business with the public to also be members of the NASD. As such those ISE members would be required to comply with NASD rules that govern the practices of members when doing business with the public. Among other things, these members would be obligated:

- To make suitable recommendations to customers when recommending the

purchase, sale or exchange of any security;³

- To be aware of possible application of SEC Rule 15g-1 through 15g-9 when a transaction involves a non-exchange listed equity security trading for less than five dollars per share;⁴

- To deal fairly with customers and others;⁵

- To use reasonable diligence to ascertain the best inter-dealer market for the subject security and buy or sell in such market so that the resultant price to the customer is as favorable as possible under prevailing market conditions;⁶

- To segregate and identify by customers both fully paid and "excess margin" securities;⁷

- To make proper use of a customer's securities or funds;⁸

- To send a statement of account, no less than once every calendar year, containing a description of any securities position, money balances, or account activity to each customer whose account had a security position, money balance, or account activity during the period since the last such statement was sent to the customer;⁹

- To provide customers with a margin disclosure statement prior to or at the time of opening a margin account;¹⁰

- To comply with the provisions of NASD Rule 2350 if the member accepts deposits on the premises of a financial institution;¹¹

- To provide a risk disclosure statement set forth in NASD Rule 2361 prior to opening a day-trading account for a customer;¹² and

- To not borrow from, or lend money to, a customer unless the member complies with the provisions of NASD Rule 2370.¹³

2. Statutory Basis

The proposed rule change is consistent with the requirements of the Act, and the rules and regulations thereunder applicable to a national securities exchange, and in particular, with the requirements of Section 6(b)(5)¹⁴ of the Act. Section 6(b)(5) requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of

trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system, and in general, to protect investors and the public interest. Specifically, ISE believes the proposed rule change will promote just and equitable principles of trade and protect investors and the public interest by utilizing rules applicable to NASD members to provide safeguards for public investors.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the ISE. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ISE-2006-53 and should be submitted on or before October 2, 2006.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to a national securities exchange.¹⁵ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act¹⁶ in that it promotes just and equitable principles of trade and protects investors and the public interest by requiring Equity EAMs that do business with the public to become NASD members. As NASD members those broker-dealers would be subject to a set of rules designed to protect investors.¹⁷

ISE has requested accelerated effectiveness of the proposed rule change. ISE has also indicated that it believes most EAMs that do business with the public are already NASD members and all Equity EAMs that do business with the public are NASD members.¹⁸ After careful consideration, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹⁹ for approving the proposed rule change prior to the thirtieth day after the date of publication of notice in the **Federal Register**. The Commission notes ISE must have rules concerning doing

business with the public in place prior to ISE commencing trading in non-option equity securities. Moreover, because most EAMs are already NASD members, the proposal would not impose additional requirements on the majority of ISE members. Therefore, granting accelerated approval would facilitate ISE's ability to trade equity securities in a timely manner.

Accordingly, the Commission finds that there is good cause, consistent with Section 6(b)(5) of the Act,²⁰ to approve the proposal on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-ISE-2006-53) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²²

Nancy M. Morris,

Secretary.
