UGI LNG, Inc.; Notice of Filing

September 8, 2006.

Take notice that on August 31, 2006, UGI LNG, Inc. (UGI LNG) filed an abbreviated application for a certificate of public convenience and necessity and blanket certificates, pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's Rules and Regulations, authorizing UGI LNG to acquire and operate an existing liquefied natural gas (LNG) peak-shaving facility located near the town of Temple in Ontelaunee Township, Berks County, Pennsylvania (the Temple Facility), certain appurtenant pipeline facilities interconnecting with the interstate facilities of Texas Eastern Transmission L.P. (Texas Eastern), and associated authority. The application is on file with the Commission and open for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The Temple Facility is currently operated by UGI Energy Services, Inc. (UGIES) for the provision of full requirements LNG delivery services to UGI Utilities, Inc. (UGIU). The Temple Facility is connected only to intrastate pipeline facilities owned by UGIU and operated subject to the oversight authority of the Pennsylvania Public Utility Commission. The requested certification will enable UGI LNG to offer firm and interruptible LNG liquefaction, storage, and vaporization services in interstate commerce. The Temple Facilities consists of a 250,000 Mcf storage tank, a vaporization system designed to deliver up to 50,000 Dth/d, a liquefier designed to deliver 4,000

Dth/d, and an approximately 5,000 feet of 8 inch pipeline connecting the Temple Facilities to Texas Eastern's system. UGI LNG proposes market-based rates for the LNG liquefaction storage, and vaporization services which will commenced on January 1, 2007.

Any questions regarding the application are to be directed to Frank H. Markle, Counsel, UGI Corporation, Box 858, Valley Forge, PA 19482.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper, see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: September 29, 2006.

Magalie R. Salas,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP06-447-000]

Williston Basin Interstate Pipeline Company; Notice of Application

September 8, 2006.

On September 6, 2006, Williston Basin Interstate Pipeline Company, (Williston Basin) 1250 West Century Avenue, Bismarck, ND 58503, pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's regulations, filed an abbreviated application for a certificate of public

convenience and necessity seeking authority to install and operate, on a temporary basis, two leased natural gas compressor units in its existing Elk Basin Compressor Station, along with all auxiliary and appurtenant facilities associated with the installation of the temporary compression facilities. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659.

Any questions regarding this application should be directed to Keith A. Tiggelaar, Director of Regulatory Affairs, Williston Basin Interstate Pipeline Company, P.O. Box 5601, Bismarck, North Dakota 58506-5601, phone (701) 530-1560, keith.tiggelaar@wbip.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project

provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: September 18, 2006.

Magalie R. Salas,
Secretary.

[Docket No. EL06-89-000]

Californians for Renewable Energy, Inc., Complainants v. California Independent System Operator, Respondent; Notice of Amended Complaint

September 8, 2006.

Take notice that on September 5, 2006, Californians for Renewable Energy, Inc. (CARE) filed an amendment to its July 24, 2006 complaint against the California Independent System Operator Corporation (CAISO). CARE states that it is filing this amendment to provide additional information describing the violation of due process and equal protection under the laws of California and the United States federal government that has occurred during the CEC siting process.

Any person desiring to intervene or to protest this filing must file in

accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on September 25, 2006.
