All interested persons are invited to submit written comments or requests for a hearing on the pending amendment to the address above, within the time frame set forth above, after the publication of this proposed amendment in the **Federal Register**. All comments will be made a part of the record. Comments received will be available for public inspection with the Application at the address set forth above. **FOR FURTHER INFORMATION CONTACT:**

Wendy M. McColough of the Department, telephone (202) 693-8540. (This is not a toll-free number.)

**General Information**

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which, among other things, require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50-263]

### Nuclear Management Company, LLC, Monticello Nuclear Generating Plant; Notice of Availability of the Final Supplement 26 to the Generic Environmental Impact Statement for License Renewal of Nuclear Plants, Regarding the License Renewal of Monticello Nuclear Generating Plant

Notice is hereby given that the U.S. Nuclear Regulatory Commission (NRC, Commission) has published a final plant-specific supplement to the Generic Environmental Impact Statement for License Renewal of Nuclear Plants (GEIS), NUREG-1437, regarding the renewal of operating license DPR-22 for an additional 20 years of operation for the Monticello Nuclear Generating Plant (Monticello). Monticello is located on the southern bank of the Mississippi River in the City of Monticello, Wright County, Minnesota, approximately 30 miles northwest of Minneapolis, Minnesota. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources.

As discussed in Section 9.3 of the final Supplement 26, based on: (1) The

analysis and findings in the GEIS; (2) the Environmental Report submitted by Nuclear Management Company, LLC; (3) consultation with Federal, State, and local agencies; (4) the staff's own independent review; and (5) the staff's consideration of public comments, the recommendation of the staff is that the Commission determine that the adverse environmental impacts of license renewal for Monticello are not so great that preserving the option of license renewal for energy-planning decisionmakers would be unreasonable.

The final Supplement 26 to the GEIS is publicly available at the NRC Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, or from the NRC's Agencywide Documents Access and Management System (ADAMS). The ADAMS Public Electronic Reading Room is accessible at <http://www.nrc.gov/reading-rm/adams/web-based.html>. The accession number for the final Supplement 26 to the GEIS is ML062490078. Persons who do not have access to ADAMS, or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's PDR Reference staff by telephone at 1-800-397-4209, or 301-415-4737, or by e-mail at [pdr@nrc.gov](mailto:pdr@nrc.gov). In addition, the Monticello Public Library (220 West 6th Street, Monticello, Minnesota 55362) and the Buffalo Public Library (18 Northwest Lake Boulevard, Buffalo, Minnesota 55313), have agreed to make the final supplement available for public inspection.
