Foreign-Trade Zones Board

Order No. 1489

Expansion of Foreign-Trade Zone 231, Stockton, California, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Stockton Port District, grantee of Foreign-Trade Zone 231, submitted an application to the Board for authority to expand FTZ 231-Site 2 to include additional acreage and to expand the zone to include additional sites in Stockton and Tracy, California, within and adjacent to the San Francisco/Oakland/Sacramento Customs port of entry (FTZ Docket 25-2006; filed 6/14/06);

Whereas, notice inviting public comment was given in the **Federal Register** (71 FR 35610, 6/21/06) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders:

The application to expand FTZ 231 is approved, subject to the Act and the Board's regulations, including Section 400.28, and further subject to the Board's standard 2,000-acre activation limit for the overall general-purpose zone project.

Signed at Washington, DC, this 9th day of November 2006.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board

Attest:

Pierre V. Duy,

Acting Executive Secretary.

Foreign-Trade Zones Board

[Order No. 1488]

Approval for Expansion of Subzone 149C, ConocoPhillips Company (Oil Refinery), Sweeny, Texas

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Brazos River Harbor Navigation District (Port Freeport), grantee of FTZ 149, has requested authority on behalf of ConocoPhillips Company (COP), to expand the scope of manufacturing activity conducted under zone procedures within Subzone 149C at the COP refinery in Sweeny, Texas (FTZ Docket 9-2006, filed 3/6/2006);

Whereas, notice inviting public comment has been given in the **Federal Register** (71 FR 13077, 3/14/2006);

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations would be satisfied, and that approval of the application would be in the public interest if approval is subject to the conditions listed below;

Now, therefore, the Board hereby orders:

The application to expand the scope of manufacturing authority under zone procedures within Subzone 149C, is approved, subject to the FTZ Act and the Board's regulations, including § 400.28, and subject to the following conditions:

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Foreign Fishing Vessels Operating in Internal Waters

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before January 22, 2007.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Robert Dickinson, 301-713-2276 or Bob.Dickinson@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Foreign fishing vessels engaged in processing and support of U.S. fishing vessels within the internal waters of a State, in compliance with the terms and conditions set by the authorizing governor, are required to report the tonnage and location of fish received from U.S. vessels. This reporting is required by the Magnuson-Stevens Fishery Conservation and Management Act. The weekly reports are submitted to the National Marine Fisheries Service Regional Administrator to allow monitoring of fish received by foreign vessels.

II. Method of Collection

Reports may be submitted by fax or e-mail.

III. Data

OMB Number: 0648-0329.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 6.

Estimated Time per Response: 30 minutes per weekly response.

Estimated Total Annual Burden Hours: 36.

Estimated Total Annual Cost to Public: \$72.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 030602141-6297-44]

Availability of Grants Funds for Fiscal Year 2007; Reopening of Application Deadline

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice.

SUMMARY: NOAA publishes this notice to reopen the solicitation period on the "Joint Hurricane Testbed (JHT) Opportunities for Transfer of Research and Technology Into Tropical Cyclone Analysis and Forecast Operations," which was originally announced in the **Federal Register** on June 12, 2006. This notice is being reopened to permit a wider range of applications and revised proposals and to more fully explain the application process for federal applicants. The solicitation period is reopened from November 21, 2006 to December 6, 2006.

DATES: Proposals must be received by the NOAA no later than 5 p.m., Eastern Standard Time, December 6, 2006.

ADDRESSES: Full proposal packages should be submitted through the <http://grants.gov/Apply> Web site. For those without internet access and for applications from U.S. Federal agencies, hard copy proposals should be addressed to Dorothy Fryar, DOC/NOAA, Office of Weather & Air Quality Research, Routing Code R/WA, 1315 East-West Highway, Room 11445, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: John Gaynor, DOC/NOAA, Office of Weather & Air Quality Research, Routing Code R/WA, 1315 East-West Highway, Room 11229, Silver Spring, MD 20910, phone (301) 713-0460 ext. 117, e-mail John.Gaynor@noaa.gov.

SUPPLEMENTARY INFORMATION: NOAA publishes this notice to reopen the solicitation period on the "Joint Hurricane Testbed (JHT) Opportunities for Transfer of Research and Technology Into Tropical Cyclone Analysis and Forecast Operations," which was originally announced in the **Federal Register** on June 12, 2006 (71 FR 33897). That solicitation called for researchers to submit proposals to test and evaluate, and modify if necessary, in a quasi operational environment, their own scientific and technological research applications. The program priorities for this opportunity support NOAA's mission support goal of: Weather and

Water—Serve Society's Needs for Weather and Water Information.

This notice is being published to reopen the solicitation period to obtain a wider range of full proposal applications and to more fully explain the application process for Federal agencies. Revised full proposals are permitted. The solicitation period is reopened from October 31, 2006 to 5 p.m. Eastern Daylight Time (EDT), December 6, 2006. Full proposals received between October 31, 2006 and November 21, 2006 will be considered timely and be given full consideration.

Please note that the June 12, 2006 solicitation provided applicants the opportunity to submit a Letter of Intent to obtain feedback from NOAA on their full proposals. This opportunity is no longer available. NOAA is soliciting only full applications through this reopening notice.

NOAA also desires to clarify that applicants from Federal agencies cannot submit their applications on Grants.gov, but must send in their applications to the address and according to the instructions below. In addition, all applicants must list other current and pending Federal funding sources. If there are none, then that must be indicated. For Federal applicants, this should be interpreted as other Federal agency sources such as through MOUs, other contractual arrangements, or competitive awards.

For all applicants (excluding Federal applicants) who submit applications through Grants.gov, a date and time receipt indication is included and will be the basis of determining timeliness. Also, applications submitted through Grants.gov must include a title page with appropriate signatures (see instructions below) scanned and electronically submitted. For Federal applicants and those applicants without internet access, hard copy proposals will be date and time stamped when they are received in the program office. Applications received after that time will not be reviewed.

All other requirements in the June 12, 2006 solicitation for this program remain the same.

For the convenience of applicants, NOAA republishes the application and submission process for the Joint Hurricane Testbed Program. This information, and other relevant information about the program, is currently available in the Federal Funding Opportunity document at Grants.gov
