SUPPLEMENTARY INFORMATION:

Title: Drug Offender's Drivers License Suspension Certification.

OMB Control #: 2125-0579

(Expiration Date: September 30, 2007).

Background: States are legally required to enact and enforce laws that revoke or suspend the drivers licenses of any individual convicted of a drug offense and to make annual certifications to the FHWA on their actions. The implementing regulations of the Department of Transportation and Related Agencies Appropriation Act, 1993 (Public Law 102-388, October 6, 1992) require annual certifications by the Governors. In this regard, the State must submit by January 1 of each year either a written certification, signed by the Governor, stating that the State is in compliance with 23 U.S.C. 159; or a written certification stating that the Governor is opposed to the enactment or enforcement, and that the State legislature has adopted a resolution expressing its opposition to 23 U.S.C. 159.

Beginning in Fiscal Year 1996, States' failure to comply by October 1 of each fiscal year resulted in a withholding penalty of 10 percent from major categories of Federal-aid funds (*i.e.*, National Highway System, Surface Transportation Program and the Interstate Maintenance Program) from States' apportionments for the fiscal year. Any funds withheld in Fiscal Year 1996 and thereafter cannot be restored and will be redistributed.

Respondents: 50 States and the District of Columbia and Puerto Rico.

Estimated Annual Burden Hours: Annual average of 5 hours for each respondent; 260 total annual burden hours.

FOR FURTHER INFORMATION CONTACT: Kenneth Epstein, 202-366-2157, Department of Transportation, Federal Highway Administration, Office of Safety, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 8 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

Public Comments Invited: You are asked to comment on any aspect of these information collections, including: (1) Whether the proposed collections are necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burdens could be minimized, including use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of these information collections.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: April 5, 2007.

I. Scoping

The FTA and DART invite interested individuals, organizations, and Federal, State, and local agencies to participate in refining purpose and need for the project, the alternatives, including: modes, alignments and station locations, and the environmental and community impacts to be assessed. Scoping comments should identify significant social, economic, or environmental issues related to the proposed project. Scoping comments may be made at the scoping meetings or in writing no later than June 1, 2007 (see **DATES** and **ADDRESSES** above). Scoping comments may also suggest alternatives that are less costly or more responsive to environmental issues, while still satisfying the project's purpose and need. Scoping comments should focus on the issues and alternatives for analysis, and not on a preference for a particular alternative. Additional information on the EIS process, the project's purpose and need, and the alternatives and impact issues to be addressed will be included in the "Scoping Information Report". Copies of the scoping information document, as well as the Public Involvement and Agency Coordination Plan, will be available from DART at the scoping meetings, at DART Headquarters and on the DART Web site (<http://www.dart.org/about/expansion/dallascbd.asp>), thereafter (see **DATES** and **ADDRESSES** above).
