DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Project No. HPP-TI-LC49(97)]

Environmental Impact Statement; Utah County, UT

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: FHWA is issuing this notice to advise the public that an Environmental Impact Statement will be prepared for proposed transportation improvements between the Provo Airport and the University Avenue Interchange on I-15 in Utah County, Utah.

FOR FURTHER INFORMATION CONTACT:

Anthony Sarhan, Area Engineer, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, Utah 84118, Telephone: (801) 963-0182; or Lori Dabbling, UDOT R3 Project Manager, 658 N. 1500 W. Orem, UT 84057, Telephone: 801-227-8081 Fax: 801-222-3420.

SUPPLEMENTARY INFORMATION: FHWA, in cooperation with the Utah Department of Transportation (UDOT) and Provo City will prepare an Environmental Impact Statement (EIS) on a proposal to address current and projected traffic demand and provide an improved access between the Provo Airport and the University Avenue Interchange on I-15. The proposed project area extends for approximately 3 miles in length between the interchange and the airport and along existing Center Street in Provo. The project is generally bordered on the south and west by Utah Lake and on the east by I-15.

The FHWA will consider a reasonable range of alternatives which meet the project objectives and are based on agency and public input. These alternatives include: (1) Taking no action; (2) using alternative travel modes, (3) upgrading and adding lanes

to existing Center Street; and (4) constructing a highway on a new location for all or a portion of the project length.

The public, as well as Federal, State, and local agencies, will be invited to participate in project scoping to ensure that a full range of alternatives is considered and that all appropriate environmental issues and resources are evaluated. The scoping process will include opportunities to provide comments on the purpose and need for the project, potential alternatives, and social, economic, and environmental issues of concern.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, state, and local agencies, and to private organizations and citizens who have previously expressed or who are known to have an interest in this proposal. An agency scoping meeting will be held to solicit comments on May 22, 2007, from 1 p.m. to 3 p.m. in Conference Rooms A, B, and C at the UDOT Region 3 Office (658 North 1500 West, Orem, UT).

The public will be invited to participate in scoping meetings which will be held in an open house format at locations and dates to be determined. In addition, a public hearing will be held following the release of the draft EIS. Public notice advertisements and direct mailings will notify interested parties of the time and place of the public meetings and the public hearing.

To ensure that the full range of issues related to this proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20-205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued On: April 23, 2007.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2007-27515]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemptions; request for comments.

SUMMARY: FMCSA announces receipt of applications from 25 individuals for exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations. If granted, the exemptions would enable these individuals to qualify as drivers of commercial motor vehicles (CMVs) in interstate commerce without meeting the Federal vision standard.

DATES: Comments must be received on or before May 30, 2007.

ADDRESSES: You may submit comments identified by Department of Transportation (DOT) Docket Management System (DMS) Docket Number FMCSA-2006-27515 using any of the following methods:

- **Web Site:** <http://dmses.dot.gov/submit>. Follow the instructions for submitting comments on the DOT electronic docket site.
- **Fax:** 1-202-493-2251.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Chief, Physical Qualifications Division, (202) 366-4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 400 Seventh Street, SW., Room 8301, Washington, DC 20590-0001. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." FMCSA can renew exemptions at the end of each 2-year period. The 25 individuals listed in this notice each have requested an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

Qualifications of Applicants

Roosevelt Bell, Jr.

Mr. Bell, age 42, has had amblyopia in his right eye since birth. The best corrected visual acuity in his right eye is 20/200 and in the left, 20/20. Following an examination in 2006, his ophthalmologist noted, "In my professional opinion, Mr. Bell's visual impairment does not compromise his ability to operate a commercial vehicle safely." Mr. Bell reported that he has driven straight trucks for 14 years, accumulating 218,400 miles. He holds a Class C operator's license from North Carolina. His driving record for the last

3 years shows no crashes and no convictions for moving violations in a CMV.

David K. Boswell

Mr. Boswell, 46, has a macular scar in his right eye due to ocular histoplasmosis that occurred in 1998. The visual acuity in his right eye is 20/60 and in the left, 20/15. Following an examination in 2006, his optometrist noted, "It is my opinion that Mr. Boswell's condition is stable that he has sufficient visual capability to perform the driving and other tasks associated with operating a commercial vehicle." Mr. Boswell reported that he has driven tractor-trailer combinations for 7 years, accumulating 525,000 miles. He holds a Class A Commercial Driver's License (CDL) from Tennessee. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Melvin M. Carter

Mr. Carter, 59, has had amblyopia in his right eye since birth. The best corrected visual acuity in his right eye is 20/200 and in the left, 20/20. Following an examination in 2006, his optometrist noted, "I certify with my medical opinion, Melvin Carter has sufficient vision to perform driving tasks required to operate a commercial vehicle." Mr. Carter reported that he has driven tractor-trailer combinations for 21 years, accumulating 1 million miles. He holds a Class A CDL from Washington. His driving record for the last 3 years shows one crash, which he was cited for, and no convictions for moving violations in a CMV.

Bernabe V. Cerda

Mr. Cerda, 36, has a prosthetic right eye due to a traumatic injury sustained as a child. The visual acuity in his left eye is 20/20. Following an examination in 2007, his optometrist noted, "I believe Mr. Cerda has the level of vision to drive a commercial vehicle." Mr. Cerda reported that he has driven straight trucks for 8 years, accumulating 400,000 miles, tractor-trailer combinations for 3 years, accumulating 375,000 miles, and buses for 4 years, accumulating 140,000 miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Michael S. Crawford

Mr. Crawford, 39, has had amblyopia in his right eye since birth. The best corrected visual acuity in his right eye is 20/50 and in the left, 20/20. Following an examination in 2006, his

ophthalmologist noted, "I do not feel that the amblyopia should prevent him from performing the driving tasks required to safely operate a commercial vehicle." Mr. Crawford reported that he has driven straight trucks for 9 years, accumulating 187,200 miles. He holds a Class D operator's license from Illinois. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Rex A. Dyer

Mr. Dyer, 46, has had amblyopia in his right eye since childhood. The visual acuity in his right eye is 20/60 and in the left, 20/20. Following an examination in 2007, his ophthalmologist noted, "I believe Mr. Rex Dyer has sufficient vision to safely perform the driving tasks required to operate a commercial vehicle." Mr. Dyer reported that he has driven straight trucks for 26 years, accumulating 1.3 million miles, and tractor-trailer combinations for 26 years, accumulating 1.4 million miles. He holds a Class A CDL from Vermont. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Patrick J. Goebel

Mr. Goebel, 57, has loss of vision in his left eye due to ocular hypertension, secondary to a traumatic injury sustained as a child. The best corrected visual acuity in his right eye is 20/20 and in the left, count-finger-vision. Following an examination in 2006, his optometrist noted, "It is my impression that Mr. Goebel has had stable central and peripheral vision for many years and at this time has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Goebel reported that he has driven straight trucks for 40 years, accumulating 2.2 million miles, and tractor-trailer combinations for 11 years, accumulating 60,500 miles. He holds a Class A CDL from Iowa. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Thomas A. Gotto

Mr. Gotto, 53, has complete loss of vision in his right eye due to a traumatic injury sustained in 1998. The visual acuity in his left eye is 20/20. Following an examination in 2006, his ophthalmologist noted, "From my exam today, I feel that he has sufficient vision to perform driving tasks required to operate a commercial vehicle." Mr. Gotto reported that he has driven straight trucks for 18 years, accumulating 540,000 miles, and

tractor-trailer combinations for 18 years, accumulating 180,000 miles. He holds a Class A CDL from Iowa. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Louis W. Henderson, Jr.

Mr. Henderson, 45, has had amblyopia in his left eye since birth. The best corrected visual acuity in his right eye is 20/20 and in the left, 20/100. Following an examination in 2006, his optometrist noted, "Mr. Henderson has maintained a safe driving record for many years and has always driven with mild visual disability of the left eye. Since it has always been present, he has functioned well, and his peripheral visual acuity is excellent there is no reason to believe that he cannot continue to operate commercial vehicles." Mr. Henderson reported that he has driven straight trucks for 3 years, accumulating 37,500 miles. He holds a Class B CDL from Delaware. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

William P. Holloman

Mr. Holloman, 59, has had amblyopia in his left eye since childhood. The best corrected visual acuity in his right eye is 20/15 and in the left, 20/60. Following an examination in 2006, his optometrist noted, "It is my opinion that William Holloman has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Holloman reported that he has driven straight trucks for 2 years, accumulating 20,000 miles, and tractor-trailer combinations for 2½ years, accumulating 250,000 miles. He holds a Class A CDL Instruction Permit from Kentucky. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Wilbur J. Johnson

Mr. Johnson, 50, has had amblyopia in his right eye since birth. The best corrected visual acuity in his right eye is 20/50 and in the left, 20/20. Following an examination in 2007, his optometrist noted, "In my medical opinion the patient has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Johnson reported that he has driven straight trucks for 18 years, accumulating 100,800 miles, and tractor-trailer combinations for 29 years, accumulating 101,500 miles. He holds a Class A CDL from Virginia. His driving record for the last 3 years shows no

crashes and no convictions for moving violations in a CMV.

Robert J. MacInnis

Mr. MacInnis, 54, has had amblyopia in his right eye since birth. The best corrected visual acuity in his right eye is 20/50 and in the left, 20/20. Following an examination in 2006, his ophthalmologist noted, "His vision is stable and sufficient to perform the driving tasks required to operate a commercial vehicle." Mr. MacInnis reported that he has driven straight trucks for 2 years, accumulating 2,400 miles, and tractor-trailer combinations for 18 years, accumulating 1.6 million miles. He holds a Class A CDL from Massachusetts. His driving record for the last 3 years shows no crashes and one conviction for a moving violation, speeding in a CMV. He exceeded the speed limit by 15 mph.

Joseph W. Mayes

Mr. Mayes, 40, has had amblyopia in his right eye since childhood. The visual acuity in his right eye is 20/200 and in the left, 20/20. Following an examination in 2007, his optometrist noted, "In my medical opinion, Mr. Mayes has sufficient vision to perform the driving tasks required to operate a commercial vehicle."
