ENVIRONMENTAL PROTECTION AGENCY

[FRL-8319-2]

Water Security Initiative: Preliminary Notice of a Request for Applications for Contamination Warning System Pilots

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is providing preliminary notice of its intention to solicit competitive applications for cooperative agreements to support contamination warning system demonstration pilots. These pilots will be part of the Agency's Water Security (WS) initiative (formerly WaterSentinel), which addresses the risk of contamination of drinking water distribution systems. Local governments or institutions (either public or private nonprofit organizations) that operate community water systems serving at least 750,000 people will be eligible to compete for these cooperative agreements. The purpose of this notice is to alert potential applicants to this future opportunity.

DATES: EPA intends to issue the Request for Applications (RFA) for contamination warning system cooperative agreements in June 2007.

ADDRESSES: For further information, contact Dan Schmelling, Water Security Division, Office of Ground Water and Drinking Water (MC 4601M),

Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number (202) 564-5281; fax number: (202) 564-3753; e-mail address: schmelling.dan@epa.gov.

SUPPLEMENTARY INFORMATION: The WS initiative is an EPA program that includes piloting contamination warning systems at drinking water utilities. This initiative is responsive to Homeland Security Presidential Directive 9, under which the Agency must "develop robust, comprehensive, and fully coordinated surveillance and monitoring systems * * * for * * * water quality that provides early detection and awareness of disease, pest, or poisonous agents." The purpose of these pilots is to demonstrate warning systems that achieve timely detection and appropriate response to drinking water contamination incidents.

Under the WS initiative, EPA anticipates awarding four cooperative agreements for contamination warning system demonstration pilots, with individual award amounts between \$3 and \$12 million. A minimum 20 percent cost-share, which may include in-kind services, would be required. Contamination warning systems must address five monitoring and surveillance components, (1) online water quality monitoring, (2) contaminant sampling and analysis, (3) enhanced security monitoring, (4) consumer complaint surveillance, and (5) public health surveillance, along with a consequence management plan.

EPA has developed a document, Water Security Initiative: Interim Guidance on Planning for Contamination Warning System Deployment, to assist utilities with demonstrating these components. It is available at <http://cfpub.epa.gov/safewater/watersecurity/initiative.cfm>. EPA encourages utilities that may be interested in the upcoming RFA to review this document. When issued, the RFA will be available at this same Web address and may also be viewed through <http://www.grants.gov>.

Funding may be used by recipients to acquire services and fund contracts or to fund partnerships through subgrants, provided recipients follow applicable contracting and subgrants procedures. Please note that recipients may not award sole source contracts to consulting, engineering or other firms assisting applicants with the proposal based on the firm's role in preparing the proposal.

Dated: May 21, 2007.

Cynthia C. Dougherty,

Director, Office of Ground Water and Drinking Water.

Science Advisory Board Staff Office; Notification of Upcoming Meetings of the Science Advisory Board Panel for the Review of EPA's 2007 Report on the Environment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces a public teleconference and a public meeting of the SAB Panel for the Review of EPA's 2007 Report on the Environment. The teleconference and meeting are being held to conduct a peer review of the EPA's draft Report on the Environment 2007: Science Report.

DATES: The public teleconference will be held on June 22, 2007 from 1 p.m. to 4 p.m. (Eastern Daylight Time). The public meeting will be held from 9 a.m. to 5:15 p.m. on July 10, 2007; 8:30 a.m. to 5:15 p.m. on July 11, 2007; and 8 a.m. to 12:15 p.m. on July 12, 2007 (Eastern Daylight Time).

ADDRESSES: The public meeting of the Panel will be held in the Washington, DC metropolitan area at a location that will be announced on the SAB Web site: <http://www.epa.gov/sab>.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wishes to obtain the teleconference call-in number and access code; submit a written or brief oral statement; or receive further information concerning the teleconference or meeting must contact Dr. Thomas Armitage, Designated Federal Officer (DFO). Dr. Armitage may be contacted at the EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; or via telephone/voice mail: (202) 343-9995; fax

(202) 233-0643; or e-mail at: armitage.thomas@epa.gov. General information about the EPA SAB, as well as any updates concerning the teleconference and meeting announced in this notice, may be found in the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the SAB Panel for the Review of EPA's 2007 Report on the Environment will hold a public teleconference and public meeting to conduct a peer review of EPA's draft Report on the Environment 2007: Science Report. The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: In 2003, EPA issued a draft Report on the Environment describing the status of and trends in the environment and human health. The draft 2003 Report on the Environment was reviewed by the SAB (see http://www.epa.gov/sab/pdf/sab_05_004.pdf). EPA used advice received from the SAB and comments from stakeholders to develop an improved and updated draft Report on the Environment 2007. The Report on the Environment 2007 consists of a Science Report (ROE 2007 Science Report) containing detailed scientific and technical information, a Highlights Document written for concerned citizens, and an electronic document facilitating access to material in the reports.

EPA's Office of Research and Development has requested that the SAB review the ROE 2007 Science Report. The ROE 2007 Science Report asks key questions about the current status of, and trends in, the condition of the environment and human health. These questions are intended to be relevant to EPA's current regulatory and programmatic activities and mission, and they have been answered using a suite of environmental and human health indicators. The SAB has been asked to comment on: (1) The adequacy of the formulation and scope of the questions addressed in the ROE 2007 Science Report, (2) the appropriateness of the indicators used to answer the questions in the report, (3) the accuracy of the characterization of gaps and limitations in the indicators used in the report, (4) the appropriateness of regionalization of national indicators in the report, (5) the utility of regional indicators in the report, and (6) the overall quality of the report with respect to technical accuracy, clarity, and appropriateness of level of communication.

In response to EPA's request, the SAB Staff Office formed the SAB Panel for the Review of EPA's 2007 Report on the Environment. Background on the Panel formation process was provided in a **Federal Register** notice published on May 25, 2006 (71 FR 30138-30139). Information about the SAB Panel for the Review of EPA's 2007 Report on the Environment is available on the SAB Web site at: <http://www.epa.gov/sab>.

Availability of Meeting Materials: The draft Report on the Environment 2007: Science Report to be reviewed by the SAB Panel is available on the following EPA Office of Research and Development Web Site: <http://cfpub.epa.gov/ncea/cfm/recordisplay.cfm?deid=140917>. Agendas and other material for the upcoming public teleconference and meeting will be posted on the SAB Web site <http://www.epa.gov/sab>.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB Panel to consider during the advisory process. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker, with no more than a total of 30 minutes for all speakers. Individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Dr. Armitage, DFO, in writing (preferably via e-mail) at the contact information noted above, by June 15, 2007 to be placed on a list of public speakers for the teleconference, and by July 3, 2007 to be placed on the list of public speakers for the meeting. **Written Statements:** Written statements should be received in the SAB Staff Office by June 15, 2007 for the teleconference, and by July 3, 2007 for the meeting so that the information may be made available to the SAB Panel members for their consideration. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Armitage at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting to give EPA as much time as possible to process your request.

Dated: May 21, 2007.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[Docket# EPA-RO4-SFUND-2007-0427; FRL-8318-9]

Performance Advantage, Inc. Superfund Site Weogufka, Coosa County, Alabama; Notice of Settlement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of settlement.

SUMMARY: Under Section 122(h) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the United States Environmental Protection Agency has entered into a settlement for reimbursement of past response concerning the Performance Advantage, Inc. Superfund Site located in Weogufka, Coosa County, Alabama.

DATES: The Agency will consider public comments on the settlement until June 28, 2007. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate.

ADDRESSES: Copies of the settlement are available from Ms. Paula V. Batchelor. Submit your comments, identified by Docket ID No. EPA-RO4-SFUND-2007-0427 or Site name Performance Advantage, Inc. Superfund Site by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *E-mail:* Batchelor.Paula@epa.gov.

- *Fax:* 404/562-8842/Attn Paula V. Batchelor.

Mail: Ms. Paula V. Batchelor, U.S. EPA Region 4, SD-SEIMB, 61 Forsyth Street, SW., Atlanta, Georgia 30303. "In addition, please mail a copy of your comments on the information collection provisions to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attn: Desk Officer for EPA, 725 17th St. NW., Washington, DC 20503." Instructions: Direct your comments to Docket ID No. EPA-RO4-SFUND-2007-0427. EPA's policy is that all comments received will be included in the public docket without change and may be made
