SOCIAL SECURITY ADMINISTRATION

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages that will require clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. The information collection packages that may be included in this notice are for new information collections, approval of existing information collections, revisions to OMB-approved information collections, and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed, faxed or emailed to the individuals at the addresses and fax numbers listed below:

OMB, Office of Management and Budget, *Attn:* Desk Officer for SSA, *Fax:* 202-395-6974, *e-mail address:* OIRA_Submission@omb.eop.gov.

SSA, Social Security Administration, DCBPM, *Attn:* Reports Clearance Officer, 1333 Annex Building, 6401 Security Blvd., Baltimore, MD 21235, *Fax:* 410-965-6400, *e-mail address:* OPLM.RCO@ssa.gov.

I. The information collections listed below are pending at SSA and will be submitted to OMB within 60 days from the date of this notice. Therefore, your comments should be submitted to SSA within 60 days from the date of this publication. You can obtain copies of the collection instruments by calling the SSA Reports Clearance Officer at 410-965-0454 or by writing to the address listed above.

1. National 800 Number—Claims Status—20 CFR 401.45—0960-NEW. SSA has established a process for authenticating the information of individuals who use the automated telephone services or speak to an agent to request information from SSA records. Prior to SSA responding to requests for personal information through the automated telephone

services, we must authenticate the requester's information by obtaining the appropriate identification elements. This automated telephone service will provide callers with status of a Social Security claim which they have filed. All information provided will then be compared to the information contained in our records so that the appropriate claim is accessed and the respondent is given the status of that claim. Respondents are current Social Security beneficiaries.

Type of Request: Request for a new information collection.

State Agency adjudicative teams use the information gathered by these forms in combination with other medical function evidence to form a complete picture of a child's ability to function.  9. Youth Transition Process Demonstration Evaluation Data Collection—0960–0687.

Background

The Youth Transition Demonstration YTD projects are intended to help young people with disabilities make the transition from school to work. By waiving certain disability program rules and offering services to youth who are either receiving disability benefits or at risk of receiving them, these projects are

expected to encourage youth to work and/or continue their education. YTD projects will be fully implemented in 10 sites across the country. The evaluation will produce empirical evidence on the impacts of the waivers and project services not only on educational attainment, employment, earnings, and receipt of benefits by youth with disabilities but also on the Social Security Trust Fund and federal income tax revenues. This type of project is authorized by sections 1110 and 234 of the Social Security Act.

Project Description

Given the importance of estimating YTD impacts as accurately as possible, the evaluation will be conducted using rigorous analytic methods based on the

random assignment of youth to a treatment or control group. Several data collection efforts are planned. These include (1) baseline interviews with youth and their parents or guardians prior to random assignment; (2) follow-up interviews at 12 and 36 months after random assignment; (3) interviews and/or roundtable discussions with local program administrators, program supervisors, and service delivery staff; and (4) focus groups of youth, their parents, and service providers. The respondents will be youth with disabilities who have enrolled in the project, their parents or guardians, program staff, and service providers.

Type of Request: Revision of an existing OMB Clearance.

10. Request for Program Consultation—20 CFR 404.1601–1661—0960–New. The Disability Determination Services (DDS) offices are staffed by State employees who perform disability determinations for applicants for Social Security disability benefits under Title II and Title XVI of the Social Security Act. SSA's federal regional quality assurance office has the authority to review DDS determinations, to assess errors, and to return cases for corrective action by the DDS.

The information collected on the Request for Program Consultation (RPC) will be used by the DDS's that request a review of the regional quality assurance evaluations. The DDS's use the RPC to present their rationale that supports their determinations. The information collected includes a short rationale and policy citations supporting their rebuttal. The RPC team will use the information to reassess their initial determination. The respondents are DDS's who request a review of the regional quality assurance determination.

Type of Request: Request for a new information collection.

The information collected on Form SSA–525 will be used by Social Security Administration's Decision Review Board (Board) when a hearing on a claim for Title II or Title XVI disability payments is dismissed and the claimant requests that the dismissal be vacated. The Board will use this information to (1) establish the continued involvement of the requester in his or her claim; (2) consider the requester's arguments for vacating the dismissal; and (3) vacate or decline to vacate the administrative law judge's dismissal order. The respondents are Social Security disability or Supplemental Security

Income (SSI) claimants who are requesting that the dismissal be vacated.

These applicants may complete the form using any of the following modalities: (1) The traditional paper form; (2) an interview with an SSA field office representative, using the EDCS; (3) the Internet (i3368); and (4) a modality, the i3368—PRO, an Internet form designed

If a claimant wishes to waive his/her statutory right to appear before an ALJ, he/she must complete a written request.

The claimant may use Form HA—4608 for this request. The information collected is used to document an individual's claim to show that an oral hearing is not preferred in the appellate process. The respondents are applicants for Title II benefits and Title XVI payments who request a hearing.
