

### Abstract of Proposed Collection

The collection is the continuation of information collected and needed by the Bureau of Educational and Cultural Affairs in administering the Exchange Visitor Program (J-Visa) under the provisions of the Mutual Educational and Cultural Exchange Act, as amended. The forms have been revised to include the addition of a new category of Intern.

### Methodology

Access to Forms DS-3036 and DS-3037 are found in the Student and Exchange Visitor Information System (SEVIS), <http://www.ice.gov/sevis>.

Dated: June 1, 2007.

**Stanley S. Colvin,**

*Director, Office of Exchange Coordination & Designation, Bureau of Educational and Cultural Affairs, Department of State.*

### Federal Aviation Administration

#### Second Meeting, Special Committee 215 Aeronautical Mobile Satellite (Route) Services Next Generation Satellite Services and Equipment

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of RTCA Special Committee 215, Aeronautical Mobile Satellite (Route) Services, Next Generation Satellite Services and Equipment.

**SUMMARY:** The FAA is issuing this notice to advise the public of a second meeting of RTCA Special Committee 215, Aeronautical Mobile Satellite (Route) Services, Next Generation Satellite Services and Equipment.

**DATES:** The Meeting will be held July 23–24, 2007 starting July 23, at 1 p.m.–5 p.m. or later as required and July 24 from 9 a.m. to 4 p.m.

**ADDRESSES:** The meeting will be held at RTCA, Inc., 1828 L Street, NW., Suite 805, Washington, DC 20036.

**FOR FURTHER INFORMATION CONTACT:** RTCA Secretariat, 1828 L Street, NW., Suite 805, Washington DC 20036; telephone (202) 833-9339; fax (202) 833-9434; Web site <http://www.rtca.org> for directions. **Note:** Dress is business casual.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., Appendix 2), notice is hereby given for a Special Committee 215 meeting. The agenda will include:

- July 23–24:
- Opening Plenary Session (Welcome, Introductions, and Administrative Remarks, Review and Approval of Agenda for Second Plenary).
- Review and Approval of First Meeting Summary (215-008; RTCA Paper No. 141-07/SC215-003).
- Outcome of PMC Meeting—Request for Change to SC-215 TOR.
- FAA Issue Table—Outstanding Actions (215-005).
- NSF-Radio Astronomy Issue (Iridium).
- Iridium-Inmarsat Interference White Paper (Aircell).
- Use of Proprietary Information.
- DO-262—Reports from Drafting Groups; Review of Document Outlines.
- Section 1—Overview (M. Meza, Iridium).
- Section 2—Avionics Subsystem Definition/Overall Requirements (J. Becker, Wingspeed).
- Section 3—Antenna (K. Blomgren, Dayton-Granger).
- Section 4—Transceiver (M. Meza, Iridium).
- Section 5—Avionics Design and Performance (A. Jabs, ICG).
- Section 6—Avionics Equipment Performance Verification (B. Pemberton, ARINC).
- Section 7—Aircraft Installation Design Requirements (S. Niessner, Aircell).
- Section 8—Requirements Mapping (M. Meza, Iridium).
- DO-270.
- Report from FAA-Iridium Meetings.
- Iridium Review of DO-270 Requirements.
- Discussion of Requirements for Normative Appendix.
- Closing Plenary Session (Other Business, Schedule Next Plenary Meeting, Adjourn).

Attendance is open to the interested public but limited to space availability. With the approval of the chairmen, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on June 14, 2007.

### Federal Aviation Administration

#### Approval of Noise Compatibility Program; Portland International Airport

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by the Portland International Airport under the provisions of 49 U.S.C. (the Aviation Safety and Noise Abatement Act, hereinafter referred to as “the Act”) and 14 CFR part 150. These findings are made in recognition of the description of Federal and nonfederal responsibilities in Senate Report No. 96-52 (1980). On December 13, 2006, the FAA determined that the noise exposure maps submitted by the Portland International Airport under Part 150 were in compliance with applicable requirements. On June 7, 2007, the FAA approved the Portland International Airport noise compatibility program. Most of the recommendations of the program were approved.

**DATES: Effective Dates:** The effective date of the FAA’s approval of the Portland International Airport noise compatibility program is June 7, 2007.

**FOR FURTHER INFORMATION CONTACT:** Cayla Morgan, Federal Aviation Administration, Seattle Airports District Office, 1601 Lind Ave., SW., Renton, WA 98057-3356, (425) 227-2653. Documents reflecting this FAA action may be reviewed at this same location.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA has given its overall approval to the noise compatibility program for Portland International Airport, effective June 7, 2007.

Under section 47504 of the Act, an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with

14 Code of Federal Regulations (14 CFR) Part 150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval or disapproval of 14 CFR Part 150 program recommendations is measured according to the standards expressed in Part 150 and the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of 14 CFR Part 150;

b. Program measures are reasonably consistent with achieving the goals of reducing existing non-compatible land uses around the airport and preventing the introduction of additional non-compatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into areas preempted by the Federal Government; and

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

Specific limitations with respect to FAA's approval of an airport noise compatibility program are delineated in 14 CFR part 150, § 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, State, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measures covered by the program are eligible for grant-in-aid funding from the FAA. Where Federal funding is sought, requests for project grants must be submitted to the FAA Seattle Airports District Office in Seattle, Washington. Portland International Airport submitted to the FAA on December 6, 2006, the noise exposure maps, descriptions, and other documentation produced during the noise compatibility

planning study conducted from 2001 through 2006. The Portland International Airport noise exposure maps were determined 2001 through 2006. The Portland International Airport noise exposure maps were determined by FAA to be in compliance with applicable requirements on December 13, 2006. Notice of this determination was published in the **Federal Register** on December 20, 2006 (FR Volume 71, Number 244, pages 76420–76421).

The Portland International Airport study contains a proposed noise compatibility program comprised of actions designed for phased implementation by airport management and adjacent jurisdictions. It was requested that the FAA evaluate and approve this material as a noise compatibility program as described in section 47504 of the Act. The FAA began its review of the program on December 13, 2006, and was required by a provision of the Act to approve or disapprove the program within 180 days (other than the use of new or modified flight procedures for noise control). Failure to approve or disapprove such program within the 180-day period shall be deemed to be an approval of such program.

The submitted program contained ten noise abatement measures, nine noise mitigation/land use compatibility measures, and eight administrative recommendations. The FAA completed its review and determined that the procedural and substantive requirements of the Act and FAR part 150 have been satisfied. The overall program, therefore, was approved by the FAA effective June 7, 2007.

Outright approval was granted for 24 specific program elements. Pursuant to 49 U.S.C. 47504(b), no action was required for Noise Abatement Recommendation 8—Reduced Use of Reverse Thrust on Landing. Noise Mitigation Recommendation 10—Floating Home Sound Proofing was disapproved. The measure was disapproved because FAA is not aware of any published studies on the feasibility of sound attenuating floating homes, and Part 150 is not intended as a means to undertake new research. Administrative Measure 20—Propeller Retrofits was also disapproved because this measure called for the exploration of quiet technology and Part 150 is not intended as a means to undertake new research. Noise Mitigation Measure 12—Investigate Possible Solutions to Reduce Noise Exposure for Residents of Mobile Homes was removed from further consideration by the Port of Portland. Noise Mitigation Measure 18—Noise Disclosures for Prospective Purchasers

at or above the 55 DNL Noise Contour was also removed from further consideration by the Port of Portland.

These determinations are set forth, in detail, in a Record of Approval signed by the Airports Division Manager, Northwest Mountain Region on June 7, 2007. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal, including response to public comments, are available for review at the FAA office listed above and at the administrative offices of the Portland International Airport. The Record of Approval also will be available on-line at <http://www.faa.gov/arp/environmental/14cfr150/index14.cfm>.

Issued in Renton, Washington on June 11, 2007.

**Donna P. Taylor,**

*Manager, Airports Division, Northwest Mountain Region.*

### Federal Aviation Administration

#### Notice of Intent To Rule on Request To Release Airport Property at the Pueblo Memorial Airport, Pueblo, CO

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of request to release airport property

**SUMMARY:** The FAA proposes to rule and invite public comment on the release of land at the Pueblo Memorial Airport under the provisions of Section 125 of the Wendell H. Ford Aviation Investment Reform Act for the 21st Century (AIR 21)

**DATES:** Comments must be received on or before July 25, 2007.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Mr. Craig A. Sparks, Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division, Denver Airports District Office, 26805 E. 68th Ave., Suite 224, Denver, Colorado 80249.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Jerry Brienza, Airport Manager of Operations and Maintenance, Pueblo Memorial Airport, 31201 Bryan Circle, Pueblo, Colorado 81001.

**FOR FURTHER INFORMATION CONTACT:** Mr. Chris Schaffer, Project Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division,
