

State	Permit No.	Area covered by the general permit
	COG652000	Federal Facilities in the State of Colorado, except those located in Indian country, which are covered under permit COG51000.
Montana	MTG650000	State of Montana except for Indian country.
	MTG651000	Indian country in the State of Montana.
North Dakota	NDG650000	State of North Dakota except for Indian country.
	NDG651000	Indian country within the State of North Dakota (except for Indian country located within the former boundaries of the Lake Traverse Indian Reservation, which are covered under permit SDG651000) and that portion of the Standing Rock Indian Reservation located in South Dakota.
South Dakota	SDG651000	Indian country within the State of South Dakota (except for the Standing Rock Indian Reservation, which is covered under permit NDG651000), that portion of the Pine Ridge Indian Reservation located in Nebraska, and Indian country located in North Dakota within the former boundaries of the Lake Traverse Indian Reservation.
Utah	UTG651000	Indian country within the State of Utah except for the Goshute Indian Reservation, Navajo Indian Reservation, and Ute Mountain Indian Reservation (which is covered under permit COG651000).
Wyoming	WYG650000	State of Wyoming except for Indian country.
	WYG651000	Indian country within the State of Wyoming.

The States of South Dakota and Utah have been authorized permitting authority for sewage sludge, therefore EPA's general permits will be reissued only for Indian country in those States. The general permit for Indian country in Utah does not include the portions of the Goshute Indian Reservation and the Navajo Indian Reservation in Utah because the permitting activities for these reservations are done by Region 9 of EPA. The State of Colorado has not been authorized permitting authority for Federal facilities, so a general permit is proposed for Federal facilities not located in Indian country.

Authorization for use/disposal of sewage sludge under the general permits may be for one of the following three categories: Category 1—Facilities/operations that generate and/or partially treat sewage sludge, but do not use/dispose of sewage sludge; Category 2—Facilities/operations that use/dispose of sewage sludge and may also generate and/or treat sewage sludge; and Category 3—Wastewater lagoon systems that need apply sewage sludge to land on an occasional, restricted basis. Authorization for use/disposal of sewage sludge under the general permit will be limited to one of the three categories, but authorization may be granted to one or more subcategories under Category 2. In applying for authorization for use/disposal of sewage sludge under the general permit, the applicant will be required to specify under which category or subcategory(s) authorization is being requested. However, the permit issuing authority

will have the final determination as to which category or subcategory(s) the authorization will be granted. The requirements in the permit for the use/disposal of sewage sludge are based primarily on 40 CFR part 503.

Since these permits do not involve discharges to waters of the United States, certification under section 401(a)(1) of the Clean Water Act is not necessary for the issuance of these permits and certification will not be requested.

Economic Impact (Executive Order 12866): EPA has determined that the issuance of this general permit is not a "significant regulatory action" under the terms of Executive Order 12866 (58 FR 51735 (October 4, 1993)) and is therefore not subject to formal OMB review prior to proposal.

Paperwork Reduction Act: EPA has reviewed the requirements imposed on regulated facilities in these proposed general permits under the Paperwork Reduction Act of 1980, 44 U.S.C. § 3501 *et seq.* The information collection requirements of these permits have already been approved by the Office of Management and Budget in submissions made for the NPDES permit program under the provisions of the Clean Water Act.

Regulatory Flexibility Act (RFA), 5 U.S.C 601 et seq., as amended by the Small Business Regulatory Enforcement Fairness Act (SBREFA): The RFA requires that EPA prepare a regulatory flexibility analysis for rules subject to the requirements of 5 U.S.C. 553(b) that have a significant impact on a substantial number of small entities.

The permit proposed today, however, is not a "rule" subject to the requirements of 5 U.S.C. 553(b) and is therefore not subject to the RFA.

Unfunded Mandates Reform Act: Section 201 of the Unfunded Mandates Reform Act (UMRA), Public Law 104-4, generally requires Federal agencies to assess the effects of their "regulatory actions" defined to be the same as "rules" subject to the RFA) on tribal, state, local governments and the private sector. The permit proposed today, however, is not a "rule" subject to the RFA and is therefore not subject to the requirements of the UMRA.

Authority: Clean Water Act, 33 U.S.C. 1251 *et seq.*

Dated: June 21, 2007.

Stephen S. Tuber,

Assistant Regional Administrator, Office of Partnerships and Regulatory Assistance.

ENVIRONMENTAL PROTECTION AGENCY

Program Requirement Revisions Related to the Public Water System Supervision Programs for the State of New Hampshire, and the Commonwealth of Massachusetts

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given that the Commonwealth of Massachusetts and the State of New Hampshire are in

the process of revising their respective approved Public Water System Supervision (PWSS) programs to meet the requirements of the Safe Drinking Water Act (SDWA).

The Commonwealth of Massachusetts has adopted drinking water regulations for the Variances and Exemptions Rule (63 FR 43834–43851) promulgated on August 14, 1988, the Radionuclides Rule (66 FR 76708–76753) promulgated on December 7, 2000, and the Consumer Confidence Rule (63 FR 44511–44536) promulgated on August 19, 1998. After review of the submitted documentation, EPA has determined that the Commonwealth's rules are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve Massachusetts' PWSS program revision for these rules.

The State of New Hampshire has adopted drinking water regulations for the Public Notification Rule (65 FR 25982–26049) promulgated on May 4, 2000, and the Filter Backwash Recycling Rule (66 FR 31086–311054) promulgated on June 8, 2001. After review of the submitted documentation, EPA has determined that the State's rules are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve New Hampshire's PWSS program revision for these rules.

DATES: All interested parties may request a public hearing for any of the above EPA determinations. A request for a public hearing must be submitted within thirty (30) days of this Federal Register publication date to the Regional Administrator at the address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by this date, a public hearing will be held. If no timely and appropriate request for a hearing is received, and the Regional Administrator does not elect to hold a hearing on his/her own motion, this determination shall become final and effective 30 days after the publication of this Federal Register Notice. Any request for a public hearing shall include the following information: (1) The name, address, and telephone number of the individual organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination; (3) information that the requesting person intends to submit at such hearing; and (4) the signature of the individual making the request, or if the request is made on behalf of an organization or

other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:30 a.m. and 4 p.m., Monday through Friday, at the following office(s): U.S. Environmental Protection Agency, Office of Ecosystem Protection, One Congress Street, 11th floor, Boston, MA 02114.

For documents specific to that State: MA Department of Environmental Protection, Division of Water Supply, 1 Winter Street, 6th Floor, Boston, MA 02108.

New Hampshire Department of Environmental Services, Water Supply Engineering Bureau, 29 Hazen Drive, P.O. Box 95, Concord, NH 03302–0095.

FOR FURTHER INFORMATION: Barbara McGonagle, Office of Ecosystem Protection (telephone 617–918–1608).

Authority: Section 1401 (42 U.S.C. 300f) and Section 1413 (42 U.S.C. 300g–2) of the Safe Drinking Water Act, as amended (1996), and (40 CFR 142.10) of the National Primary Drinking Water Regulations.

Dated: May 16, 2007.

Robert W. Varney,
Regional Administrator, EPA—New England.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center Web site at www.ffiec.gov/nic/.
