

opponents must develop their submissions during the summer when many people schedule vacations, an additional 2 weeks for the submission of comments is warranted. The additional 2 weeks will provide sufficient time for interested persons to prepare their comments, while not materially harming the parties to this transaction. We will also extend the remaining due dates under the procedural schedule by 2 weeks.

In a pleading filed on July 31, 2007, the Brotherhood of Locomotive Engineers and Trainmen, a Division of the Rail Conference, International Brotherhood of Teamsters (BLET), asked the Board to require MCR and NSR to use the formal application process under 49 U.S.C. 10901 and 49 CFR Part 1150 for considering the proposed transaction, rather than the exemption process of 49 U.S.C. 10502(b) and 49 CFR 1121.1.² BLET argues that the exemption process does not give parties "adequate opportunity to examine the transactions and to engage in needed discovery."

We will not require MCR and NSR to proceed by filing a formal application at this time. BLET and those in support of its position have failed to date to show that the exemption process and the procedural schedule we have adopted are inadequate. Contrary to what BLET maintains, opponents of the transaction will have ample opportunity to develop the record. The parties to this transaction have submitted comprehensive information about the transaction, and we are allowing additional time for opponents to examine the transaction and to file comments. At this time, we conclude that we have established a fair and responsive process.

Board decisions, notices, and filings are available on its Web site at <http://www.stb.dot.gov>.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. The schedule for hearing MCR's petition is extended as provided in this decision, and the requests to hear this transaction under the application process are denied.

2. This decision will be published in the **Federal Register** on August 24, 2007.

3. This decision is effective on August 24, 2007.

Decided: August 20, 2007.

By the Board, Chairman Nottingham, Vice Chairman Buttrey, and Commissioner Mulvey.

Secretary.

BIP Acquisition Sub, Inc.—Acquisition and Operation Exemption—Mittal Steel USA—Railways Inc.

BIP Acquisition Sub, Inc. (BIP), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire from Mittal Steel USA—Railways Inc. and operate approximately 183 miles of rail line in and around Sparrows Point, MD.¹

BIP has certified that its projected annual revenues as a result of this transaction will not exceed those that would qualify it as a Class III railroad. Because BIP's projected annual revenues will exceed \$5 million, however, it has certified to the Board, on August 10, 2007, that it sent the required notice of the transaction to the national and local offices of the United Steelworkers Union, which represents employees on the affected lines, and posted a copy of the notice at the workplace of the employees on the affected lines on August 9, 2007. See 49 CFR 1150.32(e). BIP states that it intends to consummate the transaction on or after September 10, 2007, and will seek a waiver of the Board's 60-day labor notice requirement at 49 CFR 1150.32(e) to do so. Unless the Board grants a waiver, BIP may not consummate the transaction prior to the current October 9, 2007 effective date of the exemption.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Petitions to stay must be filed no later than 7 days before the exemption becomes effective.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 35074, must be filed with the Surface Transportation Board, 395 E

The line, entirely within California, includes: (1) The Willits Segment extending from NWP milepost 142.5 near Outlet Station to NWP milepost 68.22 near Healdsburg, a distance of approximately 74.3 miles; (2) the Healdsburg Segment extending from NWP milepost 68.2 near Healdsburg to NWP milepost 26.96 near Novato, a distance of approximately 41.2 miles; (3) the Novato Segment extending from milepost 26.96 near Novato to NWP milepost 25.6 near Ignacio, a distance of approximately 1.4 miles; and (4) the Lombard Segment extending from NWP milepost 25.6 near Ignacio to Lombard Station in Napa County, SP milepost 63.4, a distance of approximately 25.3 miles. NWPCO certifies that upon consummation of the transaction, it will become a Class III rail carrier, that its projected revenues as a result of this transaction will not exceed those that would qualify it as a Class III rail carrier, and that such revenues would not exceed \$5 million annually. NWPCO indicates that it intends to consummate the transaction on or after September 8, 2007.³ The earliest the transaction could be consummated was August 16, 2007 (7 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to reopen the proceeding to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption.

Six County Association of Governments—Construction and Operation Exemption—Rail Line Between Levan and Salina, Utah

AGENCY: Surface Transportation Board, DOT.

ACTION: Preparation of Supplemental Information on Alternatives and Wetlands and Extension of Comment Period.

SUMMARY: On July 30, 2001, the Six County Association of Governments (SCAOG) filed a Petition for Exemption with the Surface Transportation Board (Board) pursuant to 49 U.S.C. 10502 for authority to construct and operate a new rail line between Juab and Salina, Utah. The project involves approximately 43 miles of new rail line and ancillary facilities in Sanpete, Juab, and Sevier Counties that would connect the Union Pacific Railroad about 16 miles south of Nephi, near Juab, Utah, to a proposed coal transfer terminal facility about 0.5 mile southwest of Salina. The Proposed Action is known as the Central Utah Rail Project (CURP). Because the construction and operation of this project has the potential to result in significant environmental impacts, the Board's Section of Environmental Analysis (SEA) prepared, and issued, a Draft Environmental Impact Statement (EIS) on June 29, 2007. The comment period for the Draft EIS closed on August 22, 2007.

Shortly before the end of the public comment period on the Draft EIS, however, SEA determined that additional information on alternatives and wetlands is warranted to ensure that those reviewing the document have all the information they need to comment effectively on the analysis contained in the Draft EIS. Therefore, SEA will prepare and issue Supplemental Information on Alternatives and Wetlands (Supplemental Information) to assist the public in its review of the proposed CURP project and extend the comment period on the Draft EIS.

This notice is to inform individuals and agencies interested in or affected by the proposed CURP project that SEA will be issuing Supplemental Information in the near future. At that time, SEA will announce the availability of the Supplemental Information in the **Federal Register** and on the Board's Web site. SEA will also set the date for when comments on both the

Supplemental Information and the Draft EIS are due.

After the close of the extended comment period, SEA will prepare a Final EIS that considers comments received on both the Draft EIS and Supplemental Information. When considering whether to grant final approval of the proposed action, the Board will consider the DEIS, Supplemental Information, the Final EIS, and all environmental comments that are received.

FOR FURTHER INFORMATION CONTACT: Phillis Johnson-Ball, (202) 245-0304, Federal Information Relay Service for the hearing impaired: 1-800-877-8339.

Decided: August 21, 2007.
