Proposed Collection; Comment Request; The Cardiovascular Health Study (CHS)

SUMMARY: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Heart, Lung, and Blood Institute (NHLBI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

PROPOSED COLLECTION: *Title:* The Cardiovascular Health Study. *Type of Information Request:* Reinstatement. (OMB No. 0925–0334). *Need and Use of Information Collection:* This study quantifies associations between conventional and hypothetical risk factors and coronary heart disease (CHD) and stroke in people age 65 years and older. The primary objectives include quantifying associations of risk factors with subclinical disease;

characterizing the natural history of CHD and stroke; and identifying factors associated with clinical course. The findings provide important information on cardiovascular disease in an older U.S. population and lead to early treatment of risk factors associated with disease and identification of factors that may be important in disease prevention. OBM clearance is being sought for data collection activities at only one of the four CHS field centers (the Pittsburgh field center), which are expected to end on May 31, 2008. Other data collection efforts in the CHS cohort are supported by various non-contract funding sources. *Frequency of response:* twice a year (participants) or once per cardiovascular disease event (proxies and physicians); *Affected public:* Individuals. *Types of Respondents:* Individuals recruited for CHS and their selected proxies and physicians. The annual reporting burden is as follows: *Estimated Number of Respondents:* 556; *Estimated Number of Responses per respondent:* 1.2; and *Estimated Total Annual Burden Hours Requested:* 289. The annualized cost to respondents is estimated at: \$14,450.

There are no capital, operating, or maintenance costs to report.

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent*	Average burden hours per response	Estimated total annual burden hours requested
Participants	346	1.2	0.5	208
Physicians	70	1.2	0.1	8
Participant proxies	121	1.2	0.5	73
Total	537	1.2	0.45	289

*Total for 3 years.

REQUEST FOR COMMENTS: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information will have practical utility; (2) The accuracy of the agency's estimate of burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of data collection plans and instruments,

contact Dr. Jean Olson, Epidemiology Branch, Division of Prevention and Population Sciences, NHLBI, NIH, II Rockledge Centre, 6701 Rockledge Drive, Suite 10018, MSC # 7936, Bethesda, MD 20892–7936, or call 301–435–0397 (non-toll-free number), or e-mail your request, including your address to: *OlsonJ@nhlbi.nih.gov.*

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: August 29, 2007.

Office of the Director, National Institutes of Health; Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the

Office of AIDS Research Advisory Council.

The meeting will be open to the public, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

Name of Committee: Office of AIDS Research Advisory Council.

Date: October 24, 2007.

Time: 9 AM to 5:30 PM.

Agenda: The agenda will focus on the Prevention Research Challenges of HIV Infection in Racial and Ethnic Communities in the United States. An update will be provided on the OARAC Working Groups for Treatment and Prevention Guidelines.

Place: National Institutes of Health, 5635 Fishers Lane, Bethesda, MD 20892.

Contact Person: Christina Brackna, Coordinator, Program Planning and Analysis, Office of Aids Research, Office of the Director, NIH, 5635 Fishers Lane MSC 9310, Suite 4000, Rockville, MD 20852, (301) 402-8655, cm53v@nih.gov.

Any member of the public interested in presenting oral comments to the committee may notify the Contact Person listed on this notice at least 10 days in advance of the meeting. Interested individuals and representatives of organizations may submit a letter of intent, a brief description of the organization represented, and a short description of the oral presentation. Only one representative of an organization may be allowed to present oral comments and if accepted by the committee, presentations may be limited to five minutes. Both printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the committee by forwarding their statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: www.nih.gov/od/oar/index.htm, where an agenda and any additional information for the meeting will be posted when available.
