DEPARTMENT OF DEFENSE

Department of the Air Force

US Air Force Scientific Advisory Board Notice of Meeting

AGENCY: Department of the Air Force, U.S. Air Force Scientific Advisory Board.

ACTION: Notice.

SUMMARY: The Air Force Scientific Advisory Board (SAB) will meet on 10-11 October 2007 at the SAF/AQ Conference and Innovation Center, 1560 Wilson Blvd., Rosslyn, VA. The purpose of the meeting is to hold the SAB Fall

Board Meeting. The briefings and discussion will include presentations from senior Air Force leadership, leadership from the defense industry, and technology leaders from the other military branches. In addition, the Air Force Research Laboratory will be discussing the Focused Long Term Challenges (FLTC) and the critical technology areas for air, space and cyberspace dominance into the future.

Pursuant to 5 U.S.C. 552b, as amended and 41 CFR section 102-3.144, the Department of Defense has determined that the meeting shall be closed to the public. The Administrative Assistant to the Secretary of the Air Force, in consultation with the Office of the Air Force General Counsel, has determined in writing that the public interest requires that all sessions of this meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1), (4), and (9)(B) of Title 5 United States Code.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Colonel David J. Lucia, Executive Director, Air Force Scientific Advisory Board, 1180 Air Force Pentagon, Washington, DC 20330-1180, (703) 697-4811.

BILLING CODE 5001-05-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP05-15-007]

**Caledonia Energy Partners, LLC.;
Notice of Application**

September 18, 2007.

Take notice that on September 12, 2007, Caledonia Energy Partners, LLC. (Caledonia), 2001 Timber Creek Road, Flower Mound, TX, 75028, filed in Docket No. CP05-15-007, an application under sections 7(b) and (c) of the Natural Gas Act (NGA), to amend its certificate of public convenience and necessity issued by the Commission on April 19, 2005, as amended by orders issued on April 12, 2006 and April 5, 2007 (Caledonia Energy Partners, LLC., 111 FERC ¶ 61,095 (2005), Order Amending Certificate, 115 FERC ¶ 62,060 (2006), Order Approving Amendment, 119 FERC ¶ 62,012 (2007)). Caledonia requests authorization for minor modifications to its storage facilities in Lowndes and Monroe Counties, Mississippi. Specifically, Caledonia seeks

authorization to abandon an injection/withdrawal well and authorization to reenter and operate an existing depleted production well as an injection/withdrawal well as a replacement along with authorization to construct related wellhead piping, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, call (202) 502-8659 or TTY, (202) 208-3676.

Any questions regarding this application should be directed to Jim Goetz, Caledonia Energy Partners, LLC., 2001 Timber Creek Road, Flower Mound, Texas 75028, at (972) 691-3332, or by fax at (972) 874-8743, or Christopher A. Schindler, Hogan & Hartson, LLP., 555 Thirteenth Street, NW., Washington, DC 20004, at (202) 637-5723, or by fax at (202) 637-5910.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the

Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC.
