ENVIRONMENTAL PROTECTION AGENCY

[FRC-8485-1]

National Advisory Council for Environmental Policy and Technology

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Under the Federal Advisory
Committee Act, Public Law 92463, EPA

gives notice of a meeting of the National
Advisory Council for Environmental
Policy and Technology (NACEPT).
NACEPT provides advice to the EPA
Administrator on a broad range of
environmental policy, technology, and
management issues. The Council is a
panel of individuals who represent
diverse interests from academia,
industry, non-governmental
organizations, and local, state, and tribal
governments. The purpose of this
meeting is to review and approve three
sets of recommendations: (1) NACEPT's
Draft Environmental Stewardship/
Cooperative Conservation Report, (2)
NACEPT's Draft Comments on EPA's
2007 Report on the Environment:
Highlights of National Trends, and (3)
NACEPT's Draft Advice Letter on EPA's
Role in Biofuels. A copy of the agenda
for the meeting will be posted at [http://](http://www.epa.gov/ocem/nacept/cal-nacept.htm)
[www.epa.gov/ocem/nacept/cal-](http://www.epa.gov/ocem/nacept/cal-nacept.htm)
[nacept.htm](http://www.epa.gov/ocem/nacept/cal-nacept.htm).

DATES: NACEPT will hold a two day
open meeting on Thursday, November
8, 2007, from 8:30 a.m. to 12:30 p.m.
and Friday, November 9, 2007, from 12
p.m. to 2 p.m.

ADDRESSES: The meeting will be held at
the Mandarin Oriental Hotel, 1330
Maryland Avenue, SW., Washington,
DC 20024. The meeting is open to the
public, with limited seating on a first-
come, first-served basis.

FOR FURTHER INFORMATION CONTACT:
Sonia Altieri, Designated Federal
Officer, altieri.sonia@epa.gov, (202)
564-0243, U.S. EPA, Office of
Cooperative Environmental
Management (1601M), 1200
Pennsylvania Avenue, NW.,
Washington, DC 20460.

SUPPLEMENTARY INFORMATION: Requests
to make oral comments or to provide
written comments to the Council should
be sent to Sonia Altieri, Designated
Federal Officer, at the contact
information above. The public is
welcome to attend all portions of the
meeting.

Meeting Access: For information on
access or services for individuals with
disabilities, please contact Sonia Altieri
at 202-564-0243 or
altieri.sonia@epa.gov. To request
accommodation of a disability, please
contact Sonia Altieri, preferably at least
10 days prior to the meeting, to give
EPA as much time as possible to process
your request.

Dated: October 10, 2007.

Sonia Altieri,

Designated Federal Officer.

Science Advisory Board Staff Office; Notification of a Public Teleconference of the Science Advisory Board Hypoxia Advisory Panel

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA's Science Advisory
Board (SAB) Staff Office is announcing
a public teleconference of the SAB
Hypoxia Advisory Panel to discuss
comments from the chartered SAB,
external reviewers and the public on its
public draft (August 30, 2007) "Hypoxia
in the Northern Gulf of Mexico: An
Update by the EPA Science Advisory
Board."

DATES: The teleconference will be held
on November 16, 2007 from 1-4 p.m.
Eastern time.

FOR FURTHER INFORMATION CONTACT: Any
member of the public wishing further
information regarding the public
teleconference may contact Dr. Holly
Stallworth, Designated Federal Officer
(DFO), U.S. EPA Science Advisory
Board Staff Office by telephone/voice
mail at (202) 343-9867, or via e-mail at
stallworth.holly@epa.gov. The SAB
mailing address is: US EPA, Science
Advisory Board (1400F), 1200
Pennsylvania Avenue, NW.,
Washington, DC 20460. General
information about the SAB, as well as
any updates concerning the
teleconference announced in this notice,
may be found in the SAB Web Site at:
<http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant
to the Federal Advisory Committee Act,
Public Law 92-463, notice is hereby
given that the SAB Hypoxia Advisory
Panel will hold a public teleconference
to develop a report that details advances
in the state of the science regarding
hypoxia in the Northern Gulf of Mexico.
The SAB was established by 42 U.S.C.
4365 to provide independent scientific
and technical advice to the EPA
Administrator on the technical basis for
Agency positions and regulations. The
SAB is a Federal Advisory Committee
chartered under the Federal Advisory
Committee Act (FACA), as amended, 5
U.S.C., App. The SAB will comply with
the provisions of FACA and all
appropriate SAB Staff Office procedural
policies.

Background: EPA participates with
other Federal agencies, states and tribes
in the Mississippi River/Gulf of Mexico
Watershed Nutrient Task Force. In 2001,

the Task Force released the *Action Plan for Reducing, Mitigating and Controlling Hypoxia in the Northern Gulf of Mexico* (or *Action Plan* available at: <http://www.epa.gov/msbasin/taskforce/actionplan.htm>). The *Action Plan* was informed by the science described in 2000 in *An Integrated Assessment of Hypoxia in the Northern Gulf of Mexico* (or *Integrated Assessment* available at http://www.noaa.gov/products/hypox_finalfront.pdf) developed by the National Science and Technology Council, Committee on Environment and Natural Resources. Six technical reports provided the scientific foundation for the *Integrated Assessment* and are available at: http://www.nos.noaa.gov/products/pub_hypox.html. Given the passage of 6 years, EPA's Office of Water has requested that the SAB develop a report that evaluates the updated science regarding the causes and extent of hypoxia in the Gulf of Mexico, as well as the scientific basis of possible management options in the Mississippi River Basin.

In response to EPA's request, the SAB Staff Office formed the SAB Hypoxia Advisory Panel. Background on the Panel formation process was provided in a **Federal Register** notice published on February 17, 2006 (71 FR 8578–8580). The SAB Hypoxia Advisory Panel met in face-to-face meetings on September 6–7, 2006 (71 FR 45543–45544), again on December 6–8, 2006 (71 FR 66329–66330), again on February 28–March 2, 2007 (72 FR 5968–5969) and again on June 13–15, 2007 (72 FR 17158–17159). Teleconferences of the full Hypoxia Advisory Panel and its three subgroups have also been published in **Federal Register** Notices (71 FR 55786–55787, 71 FR 59107, 71 FR 77743–77744, 72 FR 11359–11360 and 72 FR 35465). The Hypoxia Advisory Panel issued a draft report on August 30, 2007, posted at: http://www.epa.gov/sab/pdf/8-30-07_hap_draft.pdf. This report was discussed at the chartered SAB meeting on October 3, 2007.

The purpose of the November 16, 2007 teleconference is to discuss comments received from the chartered SAB, external reviewers and the public.

Availability of Teleconference

Materials: Materials in support of this teleconference will be placed on the SAB Web Site at: <http://www.epa.gov/sab/> in advance of the teleconference.

Procedures for Providing Public Input:

Written Statements: The SAB Staff Office is accepting written comments on the August 30, 2007 draft hypoxia report, posted at: http://www.epa.gov/sab/pdf/8-30-07_hap_draft.pdf, until

November 2, 2007. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail to stallworth.holly@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Oral Statements: In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Dr. Stallworth, DFO, at the contact information noted above, no later than November 12, 2007, to be placed on the public speaker list for the November 16, 2007 teleconference.

Teleconference Access: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at (202) 343–9867 or stallworth.holly@epa.gov. To request accommodation of a disability, please contact Dr. Stallworth, preferably at least 10 days prior to the teleconference to give EPA as much time as possible to process your request.

Dated: October 11, 2007.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–R09–RCRA–2007–0369; FRL–8484–9]

Adequacy of California Municipal Solid Waste Landfill Permit Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final determination of adequacy.

SUMMARY: The Environmental Protection Agency Region IX is approving a modification to California's municipal solid waste landfill (MSWLF) permit program to allow the State to issue research, development, and demonstration (RD&D) permits for new and existing MSWLF units and lateral expansions. The approved modification allows the Director of the state program to provide a variance from certain MSWLF criteria, provided that the MSWLF owner/operator demonstrates that compliance with the RD&D permit will not increase risk to human health and the environment over a standard

MSWLF permit. The Director may provide a variance from existing requirements of MSWLF criteria for run-on control systems, liquids restrictions, and final cover.

DATES: This final determination is effective on October 19, 2007.

ADDRESSES: A copy of the Docket, Docket ID No. EPA–R09–RCRA–2007–0369, including public comments received, is at [http://www/regulations.gov](http://www.regulations.gov).

FOR FURTHER INFORMATION CONTACT:

Karen Ueno, Waste Management Division, WST–7–, Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105; telephone number: (415) 972–3317; fax number: (415) 947–3530; e-mail address: ueno.karen@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information: Background

On March 22, 2004, EPA issued a final rule amending the municipal solid waste landfill criteria at 40 CFR 258.4 to allow for RD&D permits. (69 FR 13242). This rule allows for variances from specified criteria for a limited period of time. Specifically, the rule allows the Director of an approved State to issue a time-limited RD&D permit for a new MSWLF unit, existing MSWLF unit, or lateral expansion, for which the owner or operator proposes to use innovative and new methods which vary from either or both of the following: (1) The run-on control systems at 40 CFR 258.26; and/or (2) the liquids restrictions at 40 CFR 258.28(a), provided that the MSWLF unit has a leachate collection system designed and constructed to maintain less than a 30-cm depth of leachate on the liner. The rule also allows the Director of an approved State to issue a time-limited RD&D permit for which the owner or operator proposes to use innovative and new methods that vary from the final cover criteria at 40 CFR 258.60(a)(1) and (2), and (b)(1), provided that the owner or operator demonstrates that the alternative cover system will not contaminate groundwater or surface water, or cause leachate depth on the liner to exceed 30 cm. An RD&D permit cannot exceed three years and a renewal of an RD&D permit cannot exceed three years. Although multiple renewals of an RD&D permit can be issued, the total term for an RD&D permit including renewals cannot exceed twelve years.

RD&D permits are only available in states with approved MSWLF permit programs that have been modified to incorporate the RD&D permit authority. Although a state is not required to seek approval for the RD&D permit provision,
