National Institute of Standards and Technology

National Fire Protection Association (NFPA): Request for Comments on NFPA's Codes^{reg} and Standards

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: Since 1896, the National Fire Protection Association (NFPA) has accomplished its mission by advocating scientifically based consensus codes and standards, research, and education for safety related issues. NFPA's *National Fire Codes*[®], which holds over 270 documents, are administered by more than 225 Technical Committees comprised of approximately 7,000 volunteers and are adopted and used throughout the world. NFPA is a nonprofit membership organization

with approximately 80,000 members from over 70 nations, all working together to fulfill the Association's mission.

The NFPA process provides ample opportunity for public participation in the development of its codes and standards. All NFPA codes and standards are revised and updated every three to five years in Revision Cycles that begin twice each year and take approximately two years to complete. Each Revision Cycle proceeds according to a published schedule that includes final dates for all major events in the process. The process contains five basic steps that are followed both for developing new documents as well as revising existing documents. These steps are: Calling for Proposals; Publishing the Proposals in the Report on Proposals (ROP); Calling for Comments on the Committee's disposition of the Proposals and these Comments are published in the Report on Comments (ROC); having a Technical Report Session at the NFPA Annual Meeting; and finally, the Standards Council Consideration and Issuance of documents.

Note: Under new rules effective Fall 2005, anyone wishing to make Amending Motions

on the Technical Committee Reports (ROP and ROC) must signal their intention by submitting a Notice of Intent to Make a Motion by the Deadline of October 17, 2008. Certified motions will be posted by November 14, 2008. Documents that receive notice of proper Amending Motions (Certified Amending Motions) will be presented for action at the annual June 2009 Association Technical Meeting. Documents that receive no motions will be forwarded directly to the Standards Council for action on issuance.

For more information on these new rules and for up-to-date information on schedules and deadlines for processing NFPA Documents, check the NFPA Web site at <http://www.nfpa.org> or contact the NFPA Codes and Standards Administration.

The purpose of this notice is to request comments on the technical reports that will be published in the NFPA's 2008 Fall Revision Cycle. The publication of this notice by the National Institute of Standards and Technology (NIST) on behalf of NFPA is being undertaken as a public service; NIST does not necessarily endorse, approve, or recommend any of the standards referenced in the notice.

DATES: Eighteen reports are published in the 2008 Fall Revision Cycle Report on

Proposals and will be available on December 21, 2007. Comments received on or before February 29, 2008 will be considered by the respective NFPA Committees before final action is taken on the proposals.

ADDRESSES: The 2008 Fall Revision Cycle Report on Proposals is available and downloadable from NFPA's Web site—<http://www.nfpa.org> or by requesting a copy from the NFPA, Fulfillment Center, 11 Tracy Drive, Avon, Massachusetts 02322. Comments on the report should be submitted to Milosh Puchovsky, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269–7471.

FOR FURTHER INFORMATION CONTACT: Milosh Puchovsky, Secretary, Standards Council, NFPA, 1 Batterymarch Park,

Quincy, Massachusetts 02269–7471, (617) 770–3000.

SUPPLEMENTARY INFORMATION:

Background

The National Fire Protection Association (NFPA) develops building, fire, and electrical safety codes and standards. Federal agencies frequently use these codes and standards as the basis for developing Federal regulations concerning safety. Often, the Office of the Federal Register approves the incorporation by reference of these standards under 5 U.S.C. 552(a) and 1 CFR Part 51.

Request for Comments

Interested persons may participate in these revisions by submitting written data, views, or arguments to Milosh Puchovsky, Secretary, Standards

Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269–7471. Commenters may use the forms provided for comments in the Reports on Proposals. Each person submitting a comment should include his or her name and address, identify the notice, and give reasons for any recommendations. Comments received on or before February 29, 2008 for the 2008 Fall Revision Cycle Report on Proposals will be considered by the NFPA before final action is taken on the proposals.

Copies of all written comments received and the disposition of those comments by the NFPA committees will be published as the 2008 Fall Revision Cycle Report on Comments by August 22, 2008. A copy of the Report on Comments will be sent automatically to each commenter.

BILLING CODE 3510–13–P

DEPARTMENT OF DEFENSE

Office of the Secretary

Establishment of Federal Advisory Committee

AGENCY: DoD.

ACTION: Notice.

SUMMARY: Under the provisions of the Federal Advisory Committee Act of 1972, (5 U.S.C. Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and

41 CFR 102–3.65, the Department of Defense gives notice that it intends to establish a new Federal advisory committee.

This discretionary advisory committee, the Secretary of the Navy Advisory Panel, will provide the Secretary of the Navy independent advice and recommendations on the critical matters concerning the Department of the Navy. The Panel's focus will include acquisition reform, the shipbuilding defense industrial base, intelligence organization, and related maritime issues. In accordance with DoD policy and procedures, the Secretary of the Navy is authorized to act upon the advice emanating from this advisory committee.

The Secretary of the Navy Panel shall be authorized to establish subcommittees, as necessary and

consisted with its mission, and these subcommittees or working groups shall operate under the provisions of the Federal Advisory Committee Act of 1972, the Government in the Sunshine Act of 1976, and other appropriate Federal regulations.

Such subcommittees or workgroups shall not work independently of the chartered committee, and shall report all their recommendations and advice to the Secretary of the Navy Advisory Panel for full deliberation and discussion. Subcommittees or workgroups have no authority to make decisions on behalf of the chartered committee nor can they report directly to the Department of Defense or any Federal officers or employees who are not members of the Secretary of the Navy Advisory Panel.
