Title and OMB Number: Camp Lejeune Notification Registry; OMB Control Number 0703-TBD.

Needs and Uses: The information collection requirement is used to obtain and maintain contact information of people who may have been exposed to contaminated drinking water aboard Marine Corps Base Camp Lejeune, NC, as well as other parties who are interested in the issue. The information will be used to provide notifications and updated information to such persons regarding possible contamination of the drinking water on Camp Lejeune.

Affected Public: U.S. Service Members (active, reserve, retired, and separated), military dependents, Federal government employees, and civilian personnel who were/are stationed, live(d), or were/are employed aboard Marine Corps Base Camp Lejeune, NC and may have been exposed to contaminated drinking water. Additionally, any person interested in the Camp Lejeune contaminated drinking water issue may also enter their contact information in the system.

Annual Burden Hours: 100.

Number of Respondents: 1000.

Responses per Respondent: 1.

Average Burden per Response: 6 Minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Camp Lejeune Notification Registry contains contact information of people who may have been exposed to contaminated drinking water aboard Marine Corps Base Camp Lejeune, NC, as well as other parties who are interested in the issue. The information will be used to provide notifications and updated information to such persons regarding possible contamination of the drinking water on Camp Lejeune.

Department of the Navy

Public Hearings for the Draft Environmental Impact Statement/Overseas Environmental Impact Statement for the Shock Trial of the MESA VERDE (LPD 19)

AGENCY: Department of the Navy, DoD.
ACTION: Notice.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA) and regulations implemented by the Council on Environmental Quality (40 C.F.R. Parts 1500-1508), and Presidential Executive Order 12114, Environmental Effects Abroad of Major Federal Actions, the Department of the Navy (Navy) has prepared and filed with the U.S. Environmental Protection Agency a Draft Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS) on October 19, 2007. This EIS/OEIS evaluates the environmental effects for the shock trial of the MESA VERDE (LPD 19) at a site offshore of either Norfolk, Virginia; Mayport, Florida; or Pensacola, Florida. A Notice of Intent for this DEIS/OEIS was published in the **Federal Register** on March 12, 2004. The Navy will conduct three public hearings to receive oral and written comments on the Draft EIS/OEIS. Federal, State, and local agencies and interested individuals are invited to be present or represented at the public hearings. This notice announces the dates and locations of the public hearings for this Draft EIS/OEIS.

DATES AND ADDRESSES: Public hearings have been scheduled as follows:

1. Tuesday, November 27, 2007, 7 p.m. to 9 p.m., Kirn Memorial Main Library, 301 East City Hall Avenue, Norfolk, VA.
2. Wednesday, November 28, 2007, 7 p.m. to 9 p.m., Pensacola Junior College, Hagler Auditorium, 1000 College Boulevard, Pensacola, FL.
3. Thursday, November 29, 2007, 7 p.m. to 9 p.m., Fletcher High School, 700 Seagate Avenue, Neptune Beach, FL.

FOR FURTHER INFORMATION CONTACT: Mr. Don Shaver at 202-781-4864 during normal business hours Monday through Friday.

SUPPLEMENTARY INFORMATION: The MESA VERDE (LPD 19) is the third ship in the new SAN ANTONIO (LPD 17) Class of nine planned amphibious transport dock ships being acquired by the Navy to meet Marine Air-Ground Task Force lift requirements. The Draft EIS/OEIS evaluates the environmental

consequences of conducting a proposed shock trial of the MESA VERDE at an offshore location. The ship would be subjected to a series of up to four 4,536 kilogram (kg) (10,000 pound [lb]) explosive charge detonations in the spring/summer of 2008.

The Draft EIS/OEIS identifies and evaluates the potential environmental impacts of three alternative locations for conducting an at-sea shock trial offshore of Naval Station Norfolk, Virginia; Naval Station Mayport, Florida; or Naval Air Station Pensacola, Florida. These alternatives are compared with respect to project purpose and need, operational criteria, and environmental impacts.

The Notice of Intent (NOI) published for this EIS/OEIS in the **Federal Register** on 12 March 2004 identified the alternative location of offshore Pascagoula, in addition to the "no action" alternative, for analysis in this EIS/OEIS. The Base Realignment and Closure Act of 2005 (BRAC) identified Naval Station Pascagoula for closure. After the 2005 BRAC recommendation, the DON revisited the operational requirements for the Draft EIS/OEIS and identified offshore off Pensacola, Florida as an additional alternative shock trial location, removing the offshore Pascagoula alternative location from further study.

Navy has identified the preferred alternative of conducting the shock trial offshore of Mayport, Florida. This alternative would meet the project purpose and need, satisfy operational requirements, and potentially minimize environmental impacts.

The "no action" alternative does not meet the purpose and need because it would prevent the Navy from adequately assessing the survivability of this ship Class. The ship must undergo a shock trial because, although computer modeling and component testing have been undertaken, an at-sea shock trial would provide the best means to assess the shock response of the entire manned ship and the interaction of the ship's systems and components.

Environmental impacts that may occur from the proposed action include minor or temporary impacts to the physical and biological environments and existing human uses of the area. Additionally, there is a risk of impacts to marine mammals and sea turtles, which varies between proposed shock trial locations and seasons. However, protective measures will be established to minimize risk to marine mammals and sea turtles. The NMFS is concurrently evaluating Navy's request for a Letter of Authorization for the Incidental Take of Marine Mammals in

their regulatory role under the Marine Mammal Protection Act. Navy has initiated early, formal consultation with the NMFS under Section 7 of the Endangered Species Act.

The Draft EIS/OEIS has been distributed to various federal, state, and local agencies, elected officials, special interest groups, and interested parties. The Draft EIS/OEIS is available on the internet via the project Web site at: <http://www.mesaverdeeis.com>. The Draft EIS/OEIS is also available for public review at the following local libraries: Beaches Branch Library, 600 3rd Street, Neptune Beach, FL; Kirm Memorial Main Library, 301 East City Hall Avenue, Norfolk, VA; Jacksonville Main Library, 303 Laura Avenue, Jacksonville, FL; Pascagoula Public Library, 3214 Pascagoula Street, Pascagoula, MS; Pensacola Public Library, 200 West Gregory Street, Pensacola, FL; and St. Mary's Public Library, 100 Herb Bauer Drive, St. Mary's, GA.

Navy invites the general public, local governments, other federal agencies, and state agencies to submit written comments or suggestions concerning the alternatives and analysis addressed in the Draft EIS/OEIS. The public and government agencies are invited to participate in the public meetings where oral and written comments will be received. As a cooperating agency, a NMFS representative will be participating at the public meetings.

Comments should be sent to: MESA VERDE Shock Trial, Booz Allen Hamilton, Maritime Plaza, 1201 M St, SE., Washington, DC 20003. Comments may also be sent by electronic mail to the following address: lpd17eis@bah.com.

All written comments must be post marked or received by December 10, 2007, to ensure they become part of the official record. All comments will be responded to in the Final EIS/OEIS.

Dated: October 24, 2007.

*Lieutenant, Judge Advocate General's Corps,
U.S. Navy, Federal Register Liaison Officer.*

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB

review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 29, 2007.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, Washington, DC 20503. Commenters are encouraged to submit responses electronically by e-mail to oir_submission@omb.eop.gov or via fax to (202) 395-6974. Commenters should include the following subject line in their response "Comment: [insert OMB number], [insert abbreviated collection name, e.g., "Upward Bound Evaluation"]". Persons submitting comments electronically should not submit paper copies.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: October 25, 2007.

Title: National Postsecondary Student Aid Study: 2008.

Frequency: One time.

Affected Public: Individuals or household; Businesses or other for-profit; Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 90,572.

Burden Hours: 77,588.

Abstract: The 2008 National Postsecondary Student Aid Study is being conducted to meet the continuing need for national-level data about significant financial aid issues for students enrolling in postsecondary education. Information about financial aid policies and postsecondary affordability is critical to policymakers who determine the need analysis formulas for Pell Grants, maximum amounts for student loans and other need-based federal programs.

Requests for copies of the information collection submission for OMB review may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 3511. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW., Potomac Center, 9th Floor, Washington, DC 20202-4700. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202-245-6623. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.
