** The "Boundary Line" as denoted in the above legal descriptions for the Mormon Mesa ACEC refers to the eastern boundary line of the ACEC, which follows closely the edge of the Mesa and Toquop Wash. However, the line is not the Mesa edge, nor Toquop Wash, but follows closely between the two. The "Boundary Line" denoted for the eastern edge of the ACEC is shown on the 7.5 minute USGS Flat Top Mesa Topographic Map.

Whitney Pocket ACEC (NVN 76889)

T. 16 S., R. 70 E.,
 Sec. 23, SE $\frac{1}{4}$.

The areas described above aggregate approximately 944,343 acres in Clark and Nye County.

The BLM petition/application has been approved by the Assistant Secretary, Land and Minerals Management. Therefore, it constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1-3(e)).

The purpose of the withdrawal is to protect and preserve the biological and cultural resources with 24 ACECs. These ACECs are situated in remote and relatively pristine areas of the Mojave Desert, encompassing significant and/or unique biological and cultural resource values. To mitigate for loss of sensitive resources resulting from urbanization, the proposal would withdraw the subject lands from mineral location and entry.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300. The use of a right-of-way, interagency, or a cooperative agreement would not adequately constrain non-discretionary uses which could adversely affect the special wildlife and riparian areas, threatened and endangered species and their habitats (specifically the threatened desert tortoise), archaeological and cultural resources, historic and prehistoric areas, paleontological and geological resources, and natural hazard areas. The uniqueness of these resources, habitats, and areas could also be irreversibly damaged.

The public will be notified of the date, time, and location of the public meeting through a notice published in the **Federal Register** at least 30 days before the scheduled date of the public meeting.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature may be allowed in accordance with the Las Vegas Resource Management Plan, but only with the approval of an authorized officer of the BLM during the temporary segregation period.

SUPPLEMENTARY INFORMATION:

Background. On November 1, 1996, the Department of Commerce ("Commerce") suspended an antidumping duty investigation on imports of fresh tomatoes from Mexico (61 FR 56618). On October 1, 2001, Commerce initiated a five-year review of the suspended investigation (66 FR 49926). On the basis of the withdrawal from the suspension agreement by Mexican tomato growers which accounted for a significant percentage of all fresh tomatoes imported into the United States from Mexico, Commerce terminated the suspension agreement, terminated the review, and resumed the antidumping investigation, effective July 30, 2002 (67 FR 50858, August 6, 2002). On December 16, 2002, Commerce once again suspended the antidumping duty investigation on imports of fresh tomatoes from Mexico (67 FR 77044). The Commission is now conducting a second review to determine whether termination of the suspended investigation would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. (4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. For the purpose of the preliminary investigation, the
